Carrying Firearms in Different States with your Georgia Concealed Weapons Permit - Reciprocity

1. O.C.G.A. § 16-11-126(e) provides that "a person licensed to carry a handgun in any state whose laws recognize and give effect within such state to a license
issued pursuant to this part shall be authorized to carry a handgun in this state, but only while the licensee is not a resident of this state; provided, however, that such license holder shall carry the handgun in compliance with the laws of this state."

2. So, for example, if South Dakota recognizes Georgia's Concealed Weapons Permit, than your Concealed Weapons Permit issued by a judge in, say, Homerville, entitles you to carry a concealed weapon in any part of South Dakota where firearms are allowed to be carried, and a person with a Concealed Weapons Permit issued in, say, Pierre, is allowed to carry anywhere legally allowed in Georgia.

3. States that are currently recognize Georgia's Concealed Weapons Permit (23): Alabama, Alaska, Arizona, Colorado, Florida, Idaho, Indiana, Kentucky, Louisiana, Michigan, Mississippi, Missouri, Montana, New Hampshire, North Carolina, Oklahoma, Pennsylvania, South Dakota, Tennessee, Texas, Utah, Vermont and Wyoming. (See http://www.nraila.org for more information on "reciprocity" between states.) Basically, if you have a Georgia-issued Concealed Weapons Permit, you can use that permit, so long as you abide by the laws of that jurisdiction, in every state that borders Georgia with the exception of South Carolina.

Selected Georgia Case Law

1. Possession of Firearms
   ► Types of Firearms: Sawed-off Shotguns: Exact methodology is not required in measurement of a sawed-off shotgun; when it is not a "close call" exact precision is not required. Thompson v. State, 214 Ga.App. 889, 449 S.E.2d 364 (1994).
   ► Locations where Possession of Firearms is Prohibited
     * Public Gatherings: "Public places" are not the same as a "public gathering" - McDonald's is not covered under the statute. State v. Burns, 200 Ga.App. 16, 406 S.E.2d 547 (1991); parking lots can be considered "public gatherings," such as when they are outside of establishments that serve alcohol. Hubbard v. State, 210 Ga.App. 141, 435 S.E.2d 709 (1993)
     * School Property: Being charged with illegally carrying a concealed weapon and possessing a weapon on school property do not merge - they are two distinct crimes. Sinkfield v. State, 266 Ga. 726, 470 S.E.2d 649 (1996)

2. Carrying Concealed Firearms
   ► Just because police officer recognizes a "bulge" as being a gun does not then mean that the gun is not concealed and thus does not require a permit. Gainer v. State, 175 Ga.App. 759, 334 S.E.2d 385 (1985)

3. Using Firearms Generally
   ► If a property owner witnesses (and later identifies) another discharge a firearm on his property, that is enough to uphold a conviction for violation of O.C.G.A. § 16-11-104. Graham v. State, 236 Ga.App. 673, 512 S.E.2d 921 (1999).

4. Using Firearms in a Defensive Posture
   ► Mental anguish from a cheating spouse does not put a person in great bodily harm so as to be able to use a firearm against the cheating spouse's paramour. Chancellor v. State, 165 Ga.App. 365, 301 S.E.2d 294 (1983).
   ► A mobile home, or trailer, is a "habitation" under O.C.G.A. § 16-3-23 and force can be used to defend that habitation. Goerndt v. State, 144 Ga.App. 93, 240 S.E.2d 711 (1977).

Georgia Statutes

The State of Georgia's firearms laws under the Official Code of Georgia are covered in primarily two areas:

First, the general firearms statutes are covered under the Code §§ 16-11-100 through 16-11-134. §§ 16-11-120 through 16-11-134 are collectively known as the Georgia Firearms Act. Second, use of firearms in a defensive posture is covered under the Code in §§ 16-3-21 through 16-3-24. Georgia does have some other relevant statutes concerning firearms, which will be covered under this section as well.

1. Purchasing Firearms.
   ► O.C.G.A. § 16-11-172 requires submission to a federal background check if the firearms dealer is a federally licensed entity. Sales at "gun shows" (by non-licensed dealers) and person-to-person sales are not included, however.
   ► O.C.G.A. § 38-3-51(d)(8) allows the governor, during a state of emergency or disaster, to temporarily suspend or limit the sale, dispensing or transportation of firearms. Privately-owned firearms, whether purchased before or after the declared "state" are excluded, however, so long as the purchaser complies with all relevant Georgia and United States law. Basically, this provision applies to federally licensed firearms dealers.

2. Possession of Firearms. Under the O.C.G.A., certain types of firearms are excluded from possession, certain classes of individuals are excluded from possessing firearms, and certain locations are protected from individuals possessing firearms on the premises.
   ► Types of Firearms: Possession of "dangerous weapons" is prohibited per O.C.G.A. § 16-11-122. "Dangerous weapons" includes, but is not limited
to machine guns, sawed-off shotguns, sawed-off rifles, silencers, bazookas, and hand grenades. Exceptions to this provision (see O.C.G.A. § 16-11-124) include, but is not limited to state peace officers, federal peace officers, National Guardsmen, members of the military, people who possess "inoperable" types of these weapons, and people who possess these weapons that were registered before implementation of the National Firearms Act (see 16 U.S.C.A. § 5841).

- Classes of Individuals:
  - Convicted felons are prohibited from possessing firearms. O.C.G.A. § 16-11-131.
  - Persons under the age of 18 are prohibited from possessing pistols or revolvers (not all firearms in general, however, and not it all circumstances either). O.C.G.A. § 16-11-132.

- Locations where Possession of Firearms is Prohibited
  - Public Gatherings, including sporting events, public buildings, and establishments where alcohol is served. O.C.G.A. § 16-11-127. Furthermore, possession of firearms in the State Capitol building is expressly prohibited by O.C.G.A. § 16-11-134(b).
  - State parks, historic sites, or recreational areas (unless unloaded or stored or have prior permission from appropriate state authority). O.C.G.A. § 12-3-10(o).
  - Public Transportation. O.C.G.A. § 16-12-127.
  - Within guard lines at penal institutions. § 42-4-13 (d)(1)(A).

3. Carrying Concealed Firearms.
   - O.C.G.A. § 16-11-126 prohibits the carrying of any concealed firearms. There are exceptions, however.
   - O.C.G.A. § 16-11-128 generally prohibits the carrying of a concealed pistol except when the carrier leaves the pistol in an open and exposed manner (such as in the seat of an automobile), when the carrier has a valid concealed weapon permit, or when the carrier has a valid hunting or fishing license, or is legally allowed to hunt without a license.
   - O.C.G.A. § 16-11-129 sets forth the requirements for obtaining a concealed weapons permit. Persons under the age of 21 are prohibited from obtaining a concealed weapons permit. Certain classes of individuals are exempt from obtaining a permit, however, including, but not limited to, peace officers, members of the military, defense contractors, and district attorneys (see O.C.G.A. § 16-11-130). The statute also prohibits the state from using the information obtained for a concealed weapons permit for "de facto" registration.

4. Using Firearms Generally. Generally, the use of firearms is prohibited by the following sections of the O.C.G.A.:
   - During commission of a crime. O.C.G.A. § 16-11-106.
   - While under the influence of drugs and/or alcohol. O.C.G.A. § 16-11-134.
   - On or near a public highway (within 50 yards). O.C.G.A. § 16-11-103.
   - On the property of another without their permission. O.C.G.A. § 16-11-104.

5. Using Firearms in a Defensive Posture. Georgia allows the use of force, including the use of firearms, in three distinct situations.
   - In defense of self or others. O.C.G.A. § 16-3-21.
   - In defense of habitation. O.C.G.A. § 16-3-23.
   - In defense of property. O.C.G.A. § 16-3-24.
   - Furthermore, under O.C.G.A. § 16-3-23.1, effective July 1 of 2006, individuals who respond to force under any of the three above code sections have no duty to retreat.

Computerized Research

Computerized Research
1. Lexis and Westlaw are two web-based research services that contain basically everything your heart desires as it relates to firearms-related laws. They are costly, however.
2. Casemaker is a free service for members of the Georgia Bar, but due to limited search capabilities is not very effective.
3. If a researcher chooses to forego the costly Lexis and Westlaw, however, and has no luck using Casemaker, Google is an extremely exceptional tool to use to research firearms-related laws, as there exists an incredibly large amount of gun rights advocacy and gun control advocacy groups all over the World Wide Web.
