This Article is brought to you for free and open access by the Law Library at Reading Room. It has been accepted for inclusion in Law Library Annual Reports by an authorized administrator of Reading Room. For more information, please contact jgermann@gsu.edu.
The strength of the collection continues to shift from print materials to electronic resources. Although we maintain a strong print collection and several other topical areas, we have shifted from print resources to electronic resources. We focus our attention on achieving maximum value for our resource dollar.

Several services should be highlighted. The Law Library is a very popular place in the College of Law. The library traffic increased by 23% in visits to the library. Throughout the year, the gate statistics recorded 128,364 visits to the library. GIL Express, a statewide borrowing and lending consortium, has been extremely active and we have reported very high volumes. During the year, we signed up an online faculty request database. The database allows faculty to order materials via the online faculty request database. During the year, the librarians and research assistants completed 175 faculty research requests. Throughout the year, the Law Library continued to contribute in various professional settings. Throughout the year, the Law Library has remained very active in local, regional, and national library professional settings.

Nancy P. Johnson
Law Librarian
Professor of Law
INTRODUCTION

During February 2007, the ABA site evaluation team visited the College of Law. Professor Mary Persyn was the law librarian on the team. Throughout the visit, Prof. Persyn visited librarians, staff, faculty, and students and obtained a favorable impression of the law library's strong commitment to service.

During 2006/2007, we experienced several changes in library faculty. Effective March 2007, Terrance Manion was promoted to Director of Information Technology, Instructor of Law. As of August 1, 2006, Ron Wheeler joined us as the Associate Director for Public Services. Kreig Kitts joined us for a short time from August to June as a Reference Librarian, resigning in June. Colleen Williams, Reference Librarian, resigned at the end of December and joined the University of Arkansas at Fayetteville Law Library. Pam Brannon, a recent graduate of the University of Georgia Law School, joined the Law Library June 5 as the Reference/Electronic Services Librarian. Michael T. Davis, most recently employed as a law librarian at Wayne State, joined us on August 1 as a Reference Librarian. Effective August 2007, we are fully staffed.

The strength of the collection continues to shift from print materials to electronic resources. Although we maintain a strong Georgia collection and several other topical areas, we have shifted from print resources to electronic resources. We focus our attention on achieving maximum value for our resource dollar.

Several services should be highlighted. The Law Library is a very popular place in the College of Law. The library traffic increased by 23% in visits to the library. Throughout the year, the gate statistics recorded 126,864 round trip visits to the library. GIL Express, a statewide borrowing and lending consortium, has been extremely active and we have reported very high numbers. During the year, we began using an online faculty request database. This database allows faculty to enter requests via a link on the library's web site. During the year, the librarians and research assistants completed 739 faculty research requests. During April, we completed 170 requests. Additionally, we borrowed and loaned a record number of items through interlibrary loan.

The Law Librarians continue to contribute in various professional settings. Throughout the year, librarians have written articles and have remained very active in local, regional, and national library association activities.

Please refer to the Annual Reports of the six library faculty members. Besides their departmental reports, they included departmental goals for the year. Ron Wheeler, Associate Director for Public Services, Keith Hill, Circulation Supervisor, Juanita Wheeler, Stack Maintenance Supervisor, and Betty Wright, Interlibrary Loan Coordinator, collaborated on the Public Services Report. Terrance Manion provided the Law Library Information Technology Report, Qian Cui, Catalog Librarian wrote the Cataloging Report and Trina Holloway, Acquisition/Serials Librarian, described the work of her department.
The attached organization chart (see Organization Chart) reflects the administrative structure of the Law Library as of July 2007. The library staffing includes seven librarians, nine staff members, and several student assistants. The position descriptions outline the specific duties of librarians and staff.

**LIBRARY HOURS AND USERS**

Beyond serving the students and faculty, the Library is open to attorneys and members of the legal community. We continue to serve members of the public who are performing legal research. The library is open 103 hours per week or 5,355 hours per year, with some variation in the schedule for university breaks. According to the door count statistics, we had 126,864 visits to the Law Library and October was the busiest month with 14,888 visits. These statistics represent a 23% increase in visits to the library!
SERVICES

The Reference Librarians provide a total of seventy-two hours of reference desk service each week. With the help of our GRA’s, we provide reference assistance during weekends. The librarians answered 2,631 questions during the year, with October being the busiest month with 630 questions.

During the year, we dispensed with using a faculty liaison model to answer faculty research requests and began using an online faculty request database. Of course, faculty can call or email requests if they prefer. The librarians and research assistants completed 739 faculty research requests, with April being the busiest month with 170 requests.

The librarians and staff continue to stress high quality customer service and we take advantage of advanced training opportunities. Within the Law Library, we hold monthly Information exchange meetings and the librarians and staff also attend COL events and meetings.

Nancy Johnson, Terrance Manion, and Ron Wheeler remain involved in teaching legal research to the first year law students and other classes. Additionally, the librarians offer tours and instruction to undergraduate and graduate classes. Nancy Johnson teaches the Advanced Legal Research Seminar during the fall and spring semesters.

Betty Wright manages interlibrary loan and Keith Hill handles GIL Express requests. Both services are very valuable to our faculty and students.

The Public Services Annual Report covers the circulation department, interlibrary loan, reference department, and stack maintenance.

TECHNOLOGY

Under Terrance Manion’s supervision, technology services remain an integral part of the Law Library. Terrance discusses the extensive work of student computing, web services, library automation, and research technology in his Information Technology Report. During the year, significant organizational changes have taken place. In March 2007, the Law Library Electronic Services group merged with the College of Law Technology Services group creating College of Law Information Technology.

LIBRARY COLLECTION

The library has a strong and thriving electronic collection. We collect electronic titles from BNA, Hein Journals, Hein Books, government documents, Making of Modern Law, CCH, UN Treaty, Lexis Congressional, and U.S. Supreme Court Records and Briefs.
The following figures summarize the size of the print collection as reported to the ABA in Fall, 2006:

</tbody>
</table>

TECHNICAL SERVICES

The Cataloging unit, under Qian Cui and Pamela Willis, has been very busy both adding books to the collection and withdrawing materials. Additionally, Pamela is responsible for binding and processing. In January 2007, the library outsourced a small portion of monographic books through YBP/PromptCat. During the year, we continued to add new print and electronic volumes and titles. The Cataloging Department cataloged 6,889 print items. The major change was in cataloging electronic titles. The Department cataloged 26,056 electronic resources, including 1,259 Hein Books, 2,179 Cassidy records, and 22,000 Making of Modern Law records.

The Acquisitions/Serials unit, under Trina Holloway, and staff members Sherri Grady and Ivory Smith, accomplished several projects beyond ordering materials. Approximately $814,000 was spent on new and continuing library materials. Fortunately, our acquisitions budget has been increased to $925,500 next fiscal year.

Trina assumed the responsibility for managing government documents. All process is done in Technical Services Department and Stacks Maintenance does the filing and shelving.

FACILITIES

The Law Library has 37,989 feet of shelving capacity available for library materials. We have adequate room to grow and our shelving capacity is just over the median shelving capacity of 32,384 feet for southeastern law libraries. During the year, we shifted to more electronic services, which resulted in withdrawing additional hard-copy materials. The net square footage for library facilities is 44,678. The library obtained several wooden tables and chairs from the University Library. The University Library renovated their entire space and no longer needed some of their tables.

PUBLIC SERVICES

Personnel
Ronald Wheeler is the Associate Director for Public Services, which is composed of the following units and unit heads: Circulation (Keith Hill), Interlibrary Loans (Kerry Wright), Reference and Faculty Services (Ronald Wheeler), and Stack Maintenance (Public Services). Reports for each individual unit are attached below.

Fiscal 2006-2007 presented several personnel challenges for public services. With Royce Williams, Associate Director for Public Services, and Kerry Wright, Reference Librarian, the library faculty in August 2006. Cuilone Williams resigned in the fall of December to take a position at the University of Arkansas-Fayetteville Law School. A search is still in progress to fill his position. Pam Westgate, a reference services specialist, joined the reference faculty as a reference services specialist in June 2007. However, Karen Smith resigned in December 2007. Thus, much of the year was operated public services with not we also were unable to locate a reference services specialist. Recently, Manuel Villana-Davis will join the library faculty on August 1, 2007, and we anticipate this will help our staffing needs. There are no staffing changes anticipated in the upcoming fiscal year.

Public Services Goals for 2006-2007
- Hire a new Associate Director for Public Services. This goal was met by August 2006 with Ronald Wheeler.
- Hire a new reference librarian. This goal was met by hiring Kerry Wright to replace Cuilone Williams.
- Redesign Public Services. Public may not be aware of all the changes that have been made to the Public Services Librarian. This goal was met by several main library services. The reorganization of the staff positions, the addition of new service programs, and the updating of the automated system have helped to improve the overall efficiency and productivity of the office.
- Update the Public Services website. After several years of neglect, the website entered into a new phase with much effort to provide a more user-friendly experience to the public.
- Continue to evaluate and develop policies of the Public Services Department. This goal was met even though it was not finished.

Public Services Goals for 2007-2008
- Get our two new public services librarians, Pam Davis and Michael Villana-Davis, trained and empowered to achieve departmental and individual goals.
- Continue to maintain and increase our volume of facility services.
- Redesign the library website.
- Focus on the use of electronic services in the creation of public services by making electronic services more accessible and convenient. Services to be offered in the near future include electronic reserve services, electronic reference services, and online catalog, etc.
- Build a dynamic and interactive in-house public services catalog.
- Update policies of the Public Services Department.
Personnel
Ronald Wheeler is the Associate Director for Public Services, which is comprised of the following units and unit heads: Circulation (Keith Hill), Interlibrary Loan (Betty Wright), Reference and Faculty Services (Ronald Wheeler), and Stack Maintenance (Juanita Wheeler). Reports for each individual unit are attached below.

Fiscal 2006-2007 presented several personnel challenges for public services. Both Ronald Wheeler, Associate Director for Public Services, and Kreig Kitts, Reference Librarian, joined the library faculty in August 2006. Colleen Williams resigned at the end of December to take a position at the University of Arkansas-Fayetteville Law School. A search to fill her position yielded Pam Brannon, who joined the library faculty as a reference/electronic services librarian in June 2007. However, Kreig Kitts resigned in June of 2007. Thus, much of the year we operated public services with one vacant librarian position. Fortunately, Michael Tillman-Davis will join the library faculty on August 1, 2007, and we will be fully staffed once again. There are no staffing changes anticipated in the upcoming fiscal year.

Public Services Goals for 2006/2007
- Hire a new Associate Director for Public Services. This goal was met in August 2006 by hiring Ronald Wheeler.
- Hire a new reference librarian. This goal was met by hiring Kreig Kitts in August 2006.
- Restructure Public Services. Preliminary restructuring plans have been shared with the Law Librarian. This goal was met in several ways. Faculty services was restructured by dismantling the faculty liaison program and commencing use of an online faculty request database for the submission, tracking, and retrieval of faculty research requests. This system has worked remarkably well. ILL has been handed over to Betty Wright, an administrative coordinator, who is doing a wonderful job. Gov Docs have been handed over to technical services.
- Redesign the Public Services website. After several meetings, a preliminary outline of the proposed new website architecture has been generated. But plans were put on hold until the new electronic services librarian could be hired to participate in the process.
- Update policies of the Public Services Department. This goal was not even attempted this fiscal year.

Public Services Goals for 2007/2008
- Get our two new public services librarians, Pam Brannon and Michael Tillman-Davis, trained, oriented and empowered to achieve departmental and individual goals.
- Continue to sustain and increase our volume of faculty services
- Redesign the library website
- Focus on the role of electronic services in the provision of public services by making electronic services projects a high priority and brainstorming ways that technology can be used to improve services. Examples include website redesign, electronic tour signups, electronic reference stats, screen casts, etc.
- Build a dynamic and interpersonally cohesive public services team.
- Update policies of the Public Services Department
2006-2007 Circulation Annual Report
Keith Hill, Circulation Supervisor

Staffing:

Keith Hill is the Circulation Supervisor. He is responsible for scheduling, hiring, training, GIL Express, and overseeing the provision of all services to patrons at the Circulation Desk.

The following staffing changes occurred during 2006-2007:

- Spring 2006, hired Mesfin Yana, student assistant
- Fall 2006, Ivory Smith (Administrative Coordinator) transferred to Acquisitions
- Spring 2006, Betty Wright promoted to Administrative Coordinator. Betty has been with the library since 2001. In December 2006, Betty took over the management of interlibrary loans for the law library, and since that time she’s done a remarkable job. Betty has been accepted to several library science graduate programs, and plans to attend library school in the fall while continuing to work for the GSU College of law library.
- Spring 2006, Byll promoted to Library Technical Assistant. Byll has been with the library since 2002. He is responsible for providing services to patrons at the Circulation Desk and copying and retrieving books for faculty.
- Fall 2006, Betty’s hours increased from 30 to 40 hours (full time)
- Fall 2006, Byll’s hours increased from 20 to 30 hours (.75)
- Fall 2006, terminated Khaliah Joshua, student assistant.
- Spring 2007, Juanita was added to the circ desk schedule. Prior to this, Juanita was only used to fill in holes in the schedule.

GIL EXPRESS

GIL Express, a statewide borrowing and lending consortium, has been growing by leaps and bounds. We have seen an increase in GIL Express requests every year since 2003. 2006 saw an 11% increase over 2005 in GIL Express requests filled by our library. The numbers as of June 2007 indicate that 2007 will see an even larger percentage increase over 2006.

GIL EXPRESS Stats: The numbers below represent any and all books handled by the law library for GIL Express. That includes requests for our books to be shipped, requests of us to get books from other libraries, and books returned to us that must be forwarded to other GIL Express libraries.
2003: 12 requests
2004: 84 requests
2005: 363 requests
2006: 403 requests
January 2007 – June 2007: 303 requests

Circulation Statistics
The table below outlines the number of visitors to the library in fiscal year 2006/07. The total number of visits of 126,864 represents a 23% increase in visits to the library from fiscal 2005/06. At a time when many law libraries are reporting sharp declines in patron traffic, our increase in library traffic speaks well for both the atmosphere and the services offered to our patrons. Clearly we’re doing something right, and this trend in patron traffic is a real success for our library.

Goals for 2005/2006

- Review Reserve procedures, updating as necessary.
- Continue reorganizing the Circulation Department so that: reserve records are accurate.
- Continue cross-training with other library departments so that desk attendants who are available may assist other departments with their projects.
- Continue to update Circulation Manual for changes in policies, procedures, etc.

Goals for 2006/2007

- Continue to update Circulation Manual for changes in policies, procedures, etc.
- Continue cross-training with other library departments so that desk attendants who are available may assist other departments with various projects.
- Update the training manual for new employees.
- Continue reorganizing the Circulation Department so that; reserve records are accurate.
- Organize the faculty display case, keep current materials only, use display tents to highlight faculty name and publication.
- Attend the Endeavor conference to sharpen my skills and knowledge of Voyager.
- Continue my knowledge of Reserve and participate more in the process.
- Training for BANNER upgrade.

2006-2007 Stack Maintenance Annual Report
Juanita Wheeler, Stack Maintenance Supervisor
June 2007

Staffing
Currently the stacks maintenance department has two student assistants. They are Kesia Hollins and Ebony Dowdell. Kesia and Ebony each work 20 hrs/week. Both students were hired last fall 2006. Juanita Wheeler, the Stack Maintenance Supervisor, has been with the library since 1994.

The Day-to-Day tasks:
- Shelving all the library books and materials that were not re-shelved by the patrons. This includes going around to all of the public areas in the library such as the tables, carrels, copy rooms, law student lounge, public reading room, and reference counter.
- Re-shelving all returned books (books located on the book truck) at the circulation desk.
- Filing all legal materials that update or supplement the library books such as filing pocket parts and serials.
- Maintain the updating of legal reporters by shelving the advance sheets.
- Shelving new journal issues.
- Take the 4th floor mail.
- Shelf read and straighten assigned zones to maintain a neat appearance (this task was just implemented).
- Check the 4th floor mail for returned items that go back to the main library.
- Filing all the microfiche and government documents.
- Stacks maintenance assists the circulation desk by doing at least two to three shifts a week on the desk.

Weekly tasks:
- Shelve newly processed books and reporters.
- Pull any of the materials that these books and reporters would supersede.
- Conduct book searches, search for n-o-s (not on shelf) materials.
- Maintain faculty library by weeding newspapers, journals, and newsletters, re-shelving any books that have left on the counters or tables, file newly processed microfiche.

Major projects:
- Completed shelf reading of entire library for ABA visit.

Goals for 2007-08:
- I would like to have a more organized and better looking microfiche room.

2006-2007 Reference & Faculty Services Annual Report
Ronald Wheeler, Associate Director for Public Services
June 30, 2007

Reference Services

The Reference Department provides reference assistance during the following hours, totaling 72 hours per week:
- Monday – Thursday: 9:00 am – 9:00 pm
- Friday: 9:00 am – 5:00 pm
- Saturday – Sunday: 10:00 am – 6:00 pm
During semester breaks, the reference desk hours are Monday – Friday from 9:00 am to 5:00 pm for a total of 40 hours per week. There is no weekend reference service during semester breaks. Partly due to the unforeseen resignation of reference librarian Kreig Kitts, reference desk hours were shortened during June 2007, and the reference desk closed at 7:30 pm on Monday – Friday.

Orientation Tours for classes – The reference librarians conduct tours of the law library for GSU classes upon the request of a professor. Usually, these tours include an introduction to legal bibliography. Additionally, tours are conducted for each incoming first year law student as a required part of their Legal Bibliography course.

**Personnel**

Two librarians resigned this fiscal year; one at the end of the fall semester, and another during the summer semester. Colleen Williams resigned in December to take a position at the University of Arkansas at Fayetteville Law School, and Kreig Kitts resigned in June. Thus staffing the reference desk presented some challenges. The reference desk was staffed primarily by Colleen Williams (Reference Librarian), Kreig Kitts (Reference Librarian), and Ron Wheeler (Associate Director for Public Services). Both Terrance Manion (Director of IT), and Trina Holloway (Acquisitions/Serials Librarian) worked one shift per week which was a great help. Graduate Research Assistants (GRAs) were used on weekends, and to cover one night per week. During the spring semester a GRA was also used on Fridays.

**Statistics**

Reference answered a total of 4702 questions from July 1, 2006 to June 30, 2007. This number represents an 11% decrease from fiscal 2005-06. October was the busiest month with 630 questions. While I can only guess at why October is the busiest month, it may be due to the fact that the 1L Legal Bibliography course is approximately at its midpoint, and those students tend to need additional reference help with completing their assignments.

Reference Department Goals for 2007-2008:

- Develop a cohesive, collegial, and nurturing team atmosphere among the reference librarians
- Hire and train new GRAs
- Empower Pam Brannon to take the lead with hiring, training, and supervision of reference GRAs
- Provide ongoing supplemental training and support for reference librarians including specialized training on new databases, helpful websites, etc.

Reserves Collection

This year we continued using the campus-wide E-RES for reserves. The University Library set up the E-RES system which students access through GIL. All of our reserve materials are reflected in this system as well as electronic reserve documents, which were handled by Kreig Kitts, Qian Cui, and Dermot Robinson. Each semester Kenee Stephens provides the course booklist. Then, Qian goes through the list and orders materials that we don’t have. Kreig and Dermot made sure that we had all of the items on reserve and that they were linked to the correct courses. Dermot input the information provided by Kreig. Michael Tillman-Davis, who begins working on August, 1, 2007, will take over Kreig’s role in reserves management.

Faculty Services

During 2006-2007 we dispensed with using a faculty liaison model to deal with faculty research services. Instead, we began using an online faculty request database. This database allows faculty to enter requests of all types (instruction, document delivery, research) via a link on the library’s web site. From there, librarians can claim, document, and track all faculty services work. The database can be found at http://law.gsu.edu/library/requests/menu.php and faculty must use their Mylaw ID and password to access the system.

Faculty services work was completed in large part by Kreig Kitts, who was aided by two research GRAs each semester. Ron Wheeler and Colleen Williams also helped to complete faculty research requests. In 2007-2008, we plan to more fully develop a team approach to faculty services, whereby Michael Tillman-Davis, Pam Brannon, Ron Wheeler, and the library research GRAs all contribute to achieving the goal of excellence in faculty research services.

Statistics

In fiscal 2006-2007, the library completed 739 faculty research requests. Of those 164 or 23% were research requests and 550 or 74% were document delivery requests. See the chart below for a monthly breakdown of total requests made by the faculty.

Faculty Services Goals for 2007-2008

- Continue to market our faculty services to the College of Law faculty
- Continue increasing the volume of faculty services requests completed
- Expand the instruction role by doing more instruction sessions for seminars or courses that require a research paper. This could involve marketing our instruction services to the faculty.
- Continue to do training for non-library GRAs each semester.
- Expand the library’s role in guiding the research done by non-library GRAs.
- Mentor Michael Tillman-Davis on running the faculty services function effectively.

2006-2007 Interlibrary Loan Annual Report
Betty Wright, Administrative Coordinator & Ronald Wheeler, Assoc. Director for Public Services
June 2007

Personnel
Colleen Williams oversaw interlibrary loan services until December 2006 when she resigned to take a position at another law library. Since her resignation, Betty Wright has taken over management of interlibrary loans with great success. She is assisted by Byll Irvin who helps with packaging outgoing materials, photocopying, and various circulation functions such as checking ILL books in and out as necessary. In 2007-2008, my hope is that Michael Tillman-Davis will function as the back-up for ILL. That means that when Betty encounters problems or has questions, he will be her go-to person.

Statistics
Overall Borrowing and Lending Statistics: This year (June 2006 through May 2007) we borrowed 241 items (127 books and 114 articles) for GSU faculty, students, and staff through OCLC. This number represents an 81% increase over last fiscal year. The fill rate for volumes borrowed from other institutions via OCLC was 83%.

In addition, we loaned 713 books to other institutions (June 2006 through May 2007): 552 through OCLC (286 books, 266 photocopies) with a fill rate of 60% and 161 books to law firms via walk-up service, hence there was a 66% total fill rate. Our overall number of books loaned (713) represents a 20% increase over last fiscal year.

Although the library has ILLiad available for students to use, it has never been well marketed and the students rarely use it. Instead students contact Betty Wright or Ron Wheeler directly with their ILL requests. Because the law review students hear about ILLiad during their law review orientation, they
occasionally use ILLiad for their requests. Betty reports that she may get 1 or 2 ILLiad requests per month, and that ILLiad really does not make her job any easier. We may try marketing ILLiad more aggressively in the coming fiscal year to see if we can encourage usage.
INFORMATION TECHNOLOGY

Prepared by Terence Martin, Director of Information Technology, School of Law, University of Georgia, July 2007

The College of Law Information Technology (IT) is responsible for the development and support of computer technologies employed throughout the College of Law, including Internet, email, instructional technology, and data systems.

Law Library Electronic Services has been responsible for the development and support of electronic systems and services employed in the Law Library, including student computers, web services, library automation, and reference technology. Many resources now depend on the Law Library for support. Internet services have been supported in coordination with the College of Library Information Technology, serving staff and University Information Systems and Technology Services (IITS). Department.

The following annual report includes organizational changes, projects, and accomplishments in the Law Library that occurred from the 2006-2007 academic year.

Organizational Change

Significant organizational changes have taken place since the last annual report. In January 2006, the Law Library Electronic Services group merged with the College of Law Technology Services group, creating College of Law Information Technology. This new department is responsible for all aspects of technology employed throughout the College.

The new department is made up of seven positions:

- Director of Information Technology
- Technology Manager
- Systems Coordinator
- Instructional Services Specialist
- Three IT Systems Analysts

In addition to providing technical support (ITAs) with all law school computerized tools and services, the college's technology helps law students during fall and spring semesters. An organization known as co-sponsors.

In February, a part-time IT Systems Specialist position was filled with a new full-time IT Systems Specialist to supervise the new Instructional Technology, Instructional Resources, and audiovisual services.

The vision for the future is to continue to support the technology needs of the law school's faculty, staff, and students.

Environmental and Use of Existing Resources:

- The college's Distance Learning and Video-Teleconferencing programs continue to expand. The college's Distance Learning and Video-Teleconferencing programs continue to expand. The college's Distance Learning and Video-Teleconferencing programs continue to expand. The college's Distance Learning and Video-Teleconferencing programs continue to expand. The college's Distance Learning and Video-Teleconferencing programs continue to expand. The college's Distance Learning and Video-Teleconferencing programs continue to expand.

Infrastructure & Networking - Internet Initiatives - Instructional Technology - Desktop Support

Annual Report :::: 2006-2007
Prepared by Terrance Manion, Director of Information Technology, Instructor of Law, Librarian

Wednesday, July 11, 2007

College of Law Information Technology (IT) is responsible for the development and support of computer technologies employed throughout the College of Law including infrastructure & networking, internet initiatives, instructional technology, and desktop support.

Law Library Electronic Services has been responsible for the development and support of computer technologies and electronic services employed in the Law Library including student computing, web services, library automation, and research & reference technology. Many services, namely those dependant upon internal networking, have been supported in conjunction with the College of Law Technology Services staff and University Information Systems and Technology Services (IS&T) department.

The following annual report details organizational changes, projects, and accomplishments in the law library that occurred since the 2005-2006 annual report.

Organizational Change

Significant organizational changes have taken place since the last annual report. In March 2007 the Law Library Electronic Services group merged with the College of Law Technology Services group creating College of Law Information Technology. This new department is responsible for supporting all aspects of technology employed throughout the College.

The new department is made up of seven positions:

- Director of Information Technology
- Technology Manager
- Website Coordinator
- Instructional Services Specialist
- Three (3) PC Systems Specialists

In addition, six graduate technical assistants (GTA) work in the student computer lab and answer the college’s technology help line during fall and spring semesters. An organization chart is available as appendix A.

In February a part-time PC System Specialist position was reclassified and made full-time in order to create the new Instructional Services Specialist position. This new position is responsible for assisting and training faculty in the use of presentation technologies, multimedia resources, course management software systems, and related instructional/educational technologies. In addition the position manages the college’s distance learning and video conferencing activities. The creation of this position is in direct response to the faculty and student demand for more training and development opportunities. A job description for the Instructional Systems Specialist is available as appendix B.
Some of the law library electronic services work, namely library automation and reference and research technologies, are now managed by the new Reference/Electronic Services Librarian. This position is part of Law Library Public Services and reports to the Associate Director for Public Services; however, the position does coordinate with IT for library related technology projects. Services such as student computing and web initiatives remain the responsibility of IT.

Two new offices were built on the sixth floor for Yolanda Travis, and the new Instructional System Specialist in order to be closer to the IT team. Now the entire IT department, save the director, is located on the 6th floor. In order to do so, the UL 603 instructional lab was halved.

The new department is led by Terrance Manion who holds the title Director of Information Technology in addition to his duties as librarian and legal bibliography instructor. Mr. Manion in his capacity of Director of IT reports to Bill Prigge, Assistant Dean for Administration and Finance, while in his capacity of Librarian and Instructor of Law reports to Nancy Johnson, Law Librarian.

**Student Computing**

1. Upgraded the Law Library Student Computer Lab. Installed 36 Dell Optiplex 745, Pentium D, 2.8 GHz workstations with semi-recessed monitors. All workstations are equipped with CDRW/DVD drives and USB connections.

2. Installed courtesy research support telephones in the Law Library Student Computer Lab. The courtesy telephones allow students to call 1) the College of Law and University technology help lines, 2) Westlaw research assistance, and 3) LexisNexis research assistance.

**Web Services**

1. Developed the Online Bibliographies website, http://law.gsu.edu/library/index/bibliographies. Content is searchable by keyword and can be viewed by practice, area, and year. The bibliographies were prepared by College of Law students as part of Prof. Nancy Johnson’s Advanced Legal Research class. In addition a new system was created for students to develop online bibliographies. System was launched for spring 2007 semester.

2. Overhauled the Law Library proxy server. The project resolved outstanding connectivity, security, and usability issues.

**Library Automation**

1. Imported electronic monographs (Westlaw and LexisNexis treatises, HeinOnline Legal Classics, and Making of Modern Law) cataloging records into the Voyager integrated library system. Projects involved loading over 26,000 records with customized holding, location, and ownership information into the Voyager system. Providing records to electronic monographs in the library catalog increases access and awareness of the resources.

**Research & Reference Technology**

1. No online research services or databases were cancelled over the past year. The following online research services and databases have been added to the Law Library’s collection of electronic resources. All new subscriptions provide IP-based authentication and can be accessed remotely by the College of Law community via the Law Library proxy server.
a. **Making of Modern Law: U.S. Supreme Court Records and Briefs 1832-1978** - The second installment of Making of Modern Law provides Appellant’s Brief, Appellee’s Brief, Appendix, Application for Review, Oral Transcript, Petition for Writ of Certiorari, and Trial Transcript, among many other sources covering approximately 150,000 Supreme Court cases.

b. **HeinOnline Foreign & International Law resources Database** - This module of the HeinOnline Library includes international yearbooks and serials, U.S. law digests, international tribunals and judicial decisions, as well as other major works related to foreign and international law. Full text available.

c. **Corporate Compliance Library (BNA)** - This two-part service helps you design, implement, and monitor an overall system of organizational compliance programs that qualify as effective under the U.S. Sentencing Guidelines for Organizational Defendant.

d. **Digital Discovery & e-Evidence (BNA)** - This is a new information service on the evidentiary value of electronic data in litigation, providing in-depth intelligence and insights from leading courtroom and computer forensics experts.

e. **Life Sciences Law & Industry Report (BNA)** - This broad-based notification service connects the dots among the many disciplines that make up the burgeoning life-sciences industry, with biweekly updates on current regulatory, legislative, and legal issues.

f. **Medical Devices Law & Industry Report (BNA)** - This database provides in-depth, interdisciplinary biweekly news coverage of all major developments in the rapidly changing medical devices industry.

g. **World Communications Regulation Report (BNA)** - This monthly report provides details of international regulation of communication technologies (land-line phone, mobile, handhelds, or desktop computer) giving insight into issues such as electronic signatures, data privacy, Internet governance, plus related legal issues such as antitrust and law enforcement measures (e.g., wiretapping).

2. Secured funding via the Student Technology Fee process to purchase the LexisNexis Congressional Hearings Digital Collection. Funds will be released fall 2007. The collection includes written and oral statements of witnesses, transcripts of the verbal question-and-answer session between the committee and witnesses, reports, exhibits, and other materials submitted for the record by witnesses, and correspondence and other materials submitted by interested parties.

3. The following databases and research services were evaluated but not purchased over the past year:
   a. CCH Health and Human Resources Network
   b. CCH Business and Finance Network

**Departmental Goals for 2006-2007 Revisited**

1. Increase Law Library online content. This includes web services--similar to the faculty publications website and ALR online bibliographies--as well as research support documentation similar to research guides and springboards.
   a. New ALR site and authoring system was launched in spring 2007
   b. Little progress was made on new research guide mash-up project.

2. Increase access to online content. Evaluate how students and patron are accessing electronic resources and tweak present system to better support student and patron use.
   a. Some progress was made on this project. Currently working with new Reference/Electronic Services Librarian and Website Coordinator on better defining output. In addition we are exploring the viability of complying with Project Counter (Counting Online Usage of NeTworked Electronic Resources) in the collection of...
usage statistics for electronic continuations.

3. Inventory and evaluate services provided by the Electronic Services Department with eye to eliminating duplication (with College of Law Technology Services), freeing resources to develop and support new services, and expanding existing services.  
   a. Inventory was completed and provided as the foundation for discussions that ultimately lead to the merger of the College’s two technology units.

4. Reevaluate the responsibilities of the vacant PC System Specialist—Assistant position to better conform to the technology support needs of the Law Library and its patrons.  
   a. This position along with additional funding provided by the Administration was used to create the full-time Instructional Services Specialist position.

Departmental Goals for 2007-2008

1. Increase Law Library original online content  
   • practice area research springboard “mash-ups”  
   • digital repository hosting faculty publications, College of Law historical documents and historical Georgia Codes (if successfully secured from State Law Library)  
   • Dynamic services possibly including new book list service, news and events, social bookmarking, banner ads featuring library resources, and library service blog.

2. Work with Reference/Electronic Services Librarian and Website Coordinator to overhaul the Law Library website.

3. Explore an electronic resource management solution.

4. Overhaul the library public computing including installing new workstations, and an internet management and access solution that allows reference librarians to better manage the patron experience.
The Instructional Services Specialist provides leadership and support in the integration of technology into teaching and learning at the College. The position reports to the Director of Information Technology.

**Essential functions:**

- Assist and train faculty in the use of presentation technologies, multimedia resources, course management software systems, and related instructional/educational technologies.
- Consult with faculty on the uses of technology in teaching that reflect established practices in instructional technology pedagogy.
- Prepare training materials for law students and conduct hands-on, one-on-one and group training sessions for faculty and staff.
- Manage distance learning and video conferencing activities.
- Develop strategies to promote and encourage the use of instructional technology including video conferencing, capture and podcasting.
- Coordinate with the College of Law's Information Technology Department including the Technology Manager, Website Coordinator and PC System Specialists. Perform other related functions as assigned.

**Required qualifications:**

- A master's degree (or pursuing a master's degree) in a relevant field, such as educational technology or library/information science, from an accredited institution.
- Excellent interpersonal, verbal, and written skills, along with the ability to convey complex technical concepts to the inexperienced as well as experienced.
- Experience teaching both groups and individuals.

**Preferred qualifications:**

- Juris Doctorate or experience working within a law school or law firm environment.
- Demonstrated experience with a variety of multimedia applications, including those in digital video and graphic and web design; knowledge of HTML as well as a familiarity with Web technologies, including SQL, XML, and scripting languages such as PHP.
- In-depth understanding of technology concepts and educational applications of technology rooted in sound knowledge of pedagogy.
- Understanding of issues related to disability access and copyright law.
- Flexibility and willingness to work on a wide variety of projects within a collaborative environment.
TECHNICAL SERVICES

Personnel

Trina Holloway oversees open, call number control, acquisotions, government documents and industry. Among her are acquisitions specialist, intern, Sean Grady, Administrative Coordinator, Terry Smith, Library Associate II, Janet Viel, and general staff.

Statistics

Approximately 8874,595 new and continuing library materials were Local 2006-2007 (July 1, 2006 - June 30, 2007).

Accomplishments

Implementation of ProntoCat and Yankee's physical processing service.

Changed library company to send our documents twice a month instead of once a month.

Vacant positions in Technical Services were upgraded to Librarian Associate II and III.

Government Documents/Microforms Service

We provide free photocopies of our microform collection. Citations and tables are generated using the microform reader/writer in the Microforms Room on the lower level. Reference guides and manuals are available.

Trina assumed the responsibility of managing the documents. All processing of the Governmental Documents collection are done in the Technical Services Department and then send to Maintenance for the filing and shelving.

In October 2006, Trina attended the Federal Depository Library Program seminar in Washington, DC.

Statistics: July 1, 2006 - June 30, 2007

The Law Library selected 84% of the available United States government documents. The University Library selected 78%. We received and processed 3446 microform documents and 6578 microform pages (2289 titles)...

Workshops and Training

2006-2007 Acquisitions/Serials Department Annual Report
Trina Holloway, Acquisitions/Serials Librarian
June 30, 2007

Personnel

Trina Holloway oversees operations of all acquisitions and serials control activities, government documents and bindery. Assisting her are acquisitions/serials staff members Sherri Grady, Administrative Coordinator; Ivory Smith, Library Associate II (joined staff November 2006.)

Statistics

Approximately $814,000.00 was spent on new and continuing library materials in fiscal year 2006/2007 (July 1, 2006 – June 30, 2007).

Accomplishments

Implementation of PromptCat and Yankee’s physical processing service.

Changed bindery company to send out shipments twice a month instead of once a month.

Vacant position in Technical Service was upgraded to Librarian Associate II and filled.

Government Documents/Microforms Services

We provide free print-outs of our microforms collection. Patrons make their own copies using the microforms reader/printer in the Microforms Room on the upper level. Microforms guides and indexes are available.

Trina assumed the responsible of managing the documents. All processing of the Government Documents collection are done in the Technical Services Department and Stacks Maintenance does the filing and shelving.

In October 2006, Trina attended the Federal Depository Library Program conference in Washington, DC.

Statistics: June 1, 2006 – June 30, 2007
The Law Library selects 4% of the available United States government documents. The University Library selects 75%. We received and processed 1201 hardcopy document pieces and 6578 microfiche pieces (2791 fiche titles).

Workshops and Training

Trina:
ABLE Training (bindery system): 09/26/06
Ins & Outs of Class/Comp & Employment Services – 11/16/06
GOBI Training – 02/22/07
Virtual Reference – ALLA Presentation – 03/13/07
Move Out of Your Own Way – 04/24/07
LexisNexis Academic Online Training – 04/25/07
The 7 Habits of Highly Effective People - 05/16/07
Yankee Electronic Status Reports Training – 05/23/07
GSU Panther Prowl Recruiting & Tracking System Training – 06/28/07

AALL Annual Conference – 07/15/07 – 07/19/07
SEAALL Annual Meeting: 04/11/07 – 04/14/07
SOLINET Annual Membership Meeting - 05/10/07
NASIG Conference – 05/31/07 – 06/3/07

Sherri:
ABLE Training (bindery system): 09/26/06
GOBI Training - 02/22/07
Move Out of Your Own Way – 04/24/07
The 7 Habits of Highly Effective People - 05/16/07

Ivory:
OCLC Connexion Client Searching Skills (Online) - 01/31/07
The 7 Habits of Highly Effective People - 05/16/07

2006/2007 Goals Reviewed

Review all procedures manual biannually. Manuals were revised to reflect changes in workflow. Currently working on manual for YBP PromptCat and physical processing.

Reevaluate vacant Library Associate I position. The Library Associate I position was upgraded to Library Associate II. Position filled November 2006.

Implement suggestions made by independent consultant to improve the workflow of Technical Services. Several of the suggestions were successfully implemented.

Continue binding back issues of journals and periodicals. The number of titles sent to the bindery was reduced. Pulling titles and unpacking of bindery shipment is done by Ivory Smith. Pam Willis, Catalog Assistant, is responsible for entering information in the ABLE system and processing in Voyager.

Goals for 2007/2008

Reevaluate YPB PromptCat and physical processing. Consider ways to improve the workflow.

Coordinate with Stack Maintenance to improve the loose-leaf filing workflow and to investigate missing titles.

Utilize training opportunities offer through Solinet and GSU.

Prepare department for Voyager upgrade – review new features and assess training needs.
Law Library Accomplishments - Please see full Annual Report for the Law Library 2005-2006 for a more detailed report

During fiscal year 2005/2006, the Law Library experienced high turnover in library faculty and in staff. Beth Adelman accepted a position as Head of Collection Management at SUNY-Buffalo to be close to family. Nan Adams accepted a position as Librarian at the 11th Circuit Court of Appeals Library. Staff members Cecelia Womack left for Alabama and Angelic Lyons left to work as a paralegal in a law firm.

Fortunately, as of August 1st, Ron Wheeler from the University of New Mexico joined us as the Associate Director of Public Services. Ron received a J.D. from University of Michigan and a M.L.I. S from Wayne State University. Ron, most recently, was the Assistant Director for Faculty, Research, & Instructional Services at the University of New Mexico School of Law Library. Ron has been very active in professional associations and was named Faculty Member of the Year for 2005.

The strength of the collection has shifted from print materials to electronic resources. Although we maintain a strong Georgia collection and several other topical areas, we have shifted to electronic resources. Such pressures have encouraged us to focus attention on achieving maximum value for our resource dollar. Faculty and students prefer online resources for many materials. In addition to Westlaw and LexisNexis, we also subscribe to a number of electronic services, including BNA "All" looseleaf services, LLMC-Digital, CCH Tax Research Network, Making of Modern Law, CIS Serial Set, and Hein Online. There is a host of quality databases available through GALILEO, for example, Lexis Academic Universe.

As reported to the Association of Southeastern Research Libraries (2004-2005), we purchase 1,071 electronic "full-text" journals. Additionally, we hold 22,227 electronic full-text books. The total volume count (including volume equivalents) is 342,894. According to the door count statistics, we had 102,956 visits to the Law Library and October 2005 was the busiest month with 10,132 visits.

The Library's budget situation over the last several years can be effectively described as flat ($813,000). First and foremost, there has been no ability to keep up with a constant inflation factor. As a result, cancellation of materials has become an unpleasant fact for this library. Through very careful decision-making, including use of electronic resources, complete reduction of duplication, and rigid review of all continuation titles, we have barely been able to maintain a core collection of print materials.

Steep price increases have continued unabated during this fiscal year. To illustrate the point, the most recent American Association of Law Libraries' Price Index for Legal Publications 2d, which tracks inflation of legal publications, documents that between 1998 and 2004 the inflation rate in the law book industry increased by 28%. The key to the future is obviously renewed, steady budget growth with annual inflationary increases. Moving beyond the no-growth trend is an important element of the library's future fiscal health. We have canceled all duplicate titles and now we are canceling print titles that have online counterparts. While the law school continues to develop centers and clinics, the law library cannot support new programs.

This year, the librarians and the technology staff developed a faculty publication website, which is very popular with the faculty. Additionally, Terrance Manion developed a database subscription website that allows researchers to easily access our electronic resources.
Personnel

In fiscal year of 2006-2007, Technical Services Department was reorganized due to departure of two staff members, Angelic and Cecelia. Pamela Willis, a Library Associate II and the copy cataloger, was taking full responsibility for copy cataloging, binding, and processing. Qian Cui, Catalog Librarian, was supervising Pam and overseeing all cataloging activities and related operations including YBP/PromptCat records and vendor’s MARC records customization / batch loading.

Cataloging statistics

A. During 2006-2007, the Cataloging Department cataloged 6,865 items in formats of print, audio-video, and microform, including 2,112 new titles and 4,777 added volumes and copies. Total titles and volumes withdrawals were 1,798.

</tbody>
</table>

B. Started from January of 2007, library outsourced a small portion of monographic books’ cataloging and processing through YBP/PromptCat. Total count of shelf ready titles was 483.

C. During 2006-2007, cataloging electronic resources was expanding to online government document titles and Hein electronic books (World Trials, Supreme Court, Session Law, Foreign & International Law Resources Database, Federal Register Library, etc.). The batch loaded MOML, Hein’s Legal Classics titles and Cassidy’s WLX records were included in this category:

Pam:

Training on binding software ABLE, September 26, 2006
Staff training – The 7 Habits of Highly Effective People, May 16, 2007

Summary for 2006/2007 accomplishments

We have met our goals in the following aspects:
Qian started cataloging government document titles either in print, microfiche or online;
Qian added HeinOnline serials and book titles through batch load or cataloging;
Qian updated and revised Pam’s job description;
Pam was trained in-house to catalog HeinOnline journals collection;
Pam started cataloging rare books;
Qian and Pam completed projects of cleaning-up records in Reserve, temporary New
Book location, and L-ACQ location.

Goals for 2007/2008

1. Qian will work with Pam to finish cataloging rare books;
2. Pam will finish updating HeinOnline periodical holdings;
3. Pam will start cataloging other HeinOnline collections after she gains some experience
   in cataloging HeinOnline journals;
4. Qian continues online government document titles cataloging;
5. Qian will work with Trina to streamline YBP/PromptCat workflow;
6. Qian will need formal training in RDA (Resource Description and Access) and will
give an informal presentation to Technical Services Department about current
development on RDA and FRBR (Functional Requirements for Bibliographic
   Records).
7. Qian will work with Pam B to explore federated search products such as WorldCat.
   Local.
POSITION DESCRIPTIONS

2007

TITLE: Law Librarian

DEPARTMENT: Law Library

PURPOSE AND SCOPE OF POSITION:
Overall responsibility for administration of Law Library and planning for its continued growth and development.

RESPONSIBLE TO: Dean, College of Law

SUPERVISES:
Supervises four professional librarians and four van managers. Indirectly supervises six professional librarians. Oversees support staff and student volunteers.

DUTIES:
Administration of Law Library operations

Plans for the continued growth and development of the library's collections and services. Oversee collection development, ensuring adherence to the current collection development policy, and the implementation of new technologies.

Teaches Legal Research, Advanced Legal Research.

Works with faculty, law school administrators, students, the practicing bar, and University lawyers on matters of concern to the law schools.

QUALIFICATIONS: J.D./LL.M. with substantial administrative experience in an academic law library. Evidence of ability to meet the standards of research, publication, and professional service that would lead to tenure.

Revised 08/28/03
POSITION DESCRIPTION

TITLE: Law Librarian

DEPARTMENT: Law Library

PURPOSE AND SCOPE OF POSITION:
Overall responsibility for administration of Law Library and planning for its continued growth and development

RESPONSIBLE TO: Dean, College of Law

SUPERVISES: Supervises four professional librarians and one Business Manager. Indirectly supervises six professional librarians. Oversees support staff, and student assistants

DUTIES: Administers all Law Library operations

Plans for the continued growth and development of the library's collections and services, including collection development, personnel management, space planning, and the implementation of new technologies

Teaches Legal Bibliography course and Advanced Legal Research

Works with faculty, law school administration, students, the practicing bar, and University Librarian on matters of concern to the law library

QUALIFICATIONS: JD; MLS; substantial administrative experience in an academic law library; evidence of ability to meet the standards of research, publication, and professional service that would lead to tenure

Revised 06/28/05
POSITION DESCRIPTION

TITLE: Business Affairs Coordinator

PURPOSE AND SCOPE OF POSITION: To administer library budget, coordinate all personnel actions for faculty, staff and student assistants, maintain all personnel files (faculty, staff and student assistants) and keep current Human Resources and University forms; monitor and order supplies, approve all purchase card purchases, submit expense vouchers, and all travel expense and travel authority documents, submit requisitions, maintenance contracts, coordinate maintenance and renovation of facilities, provide clerical support to Librarians and Head Librarian and act as administrative liaison with University departments and outside vendors.

RESPONSIBLE TO: Law Librarian

SUPERVISES: Not applicable

DUTIES: Monitors monthly budget status reports, prepares other budget status reports, maintains current fiscal year budget files and advises on budget amendments. Responsible for all Law Library Spectrum input and processes, departmental reports and initiating workflow approval. Acts as first approver for all travel and expense vouchers. Also monitors departmental expenditures and use of departmental purchase card. Responsible for verification of all purchase card purchases, and maintenance of purchase card log. Makes deposits for lost books and other departmental reimbursements.

Coordinates all personnel actions, prepares all personnel forms, including faculty, staff and student assistant hiring and termination, and keeps informed of personnel and payroll policies and procedures; maintains and updates confidential faculty, staff and student assistant hard-copy personnel files; responsible for preparation of student assistant time sheets and PeopleSoft online data entry for student assistant hours; responsible for submitting Report of Absence forms to Human Resources and maintaining copies of ROA forms in faculty and staff personnel files; responsible for submitting non-exempt staff time sheets and maintaining file copies. Maintains all hiring, termination, and updated personnel information; maintains current fiscal year hard-copy files on student assistant time sheets and time cards.
Requests repairs, maintenance and improvements from Physical Plant, Telecommunications, and other departments as necessary; responsible for scheduling removal of recycle books; prepares all Payment Request forms, Expense Vouchers for vendor invoices, and obtains quotes and prepares orders with outside vendors.

Acts as project manager/liaison for special projects, including renovations, improvements, and/or additions to Law Library physical space.

Orders and maintains all office supplies, handles petty cash requests and reimbursements, and prepares purchase requisitions for maintenance contracts and equipment purchases.

Prepares and submits (through Spectrum) all Travel Authorization requests, Expense Statements, Travel Authority Requests, and Registration forms for Law Library faculty and staff. Also submits consultant and expense forms associated with faculty recruitment.

Prepares faculty advertisement, recruitment and hiring forms, and submits reimbursement requests for faculty and/or consultant expenses. Responsible for confidential faculty and staff personnel files.

Maintains library statistics spreadsheets for all departments, and student assistant payroll budget statistics.

Provides typing and clerical support for Law Librarian. Occasionally provides typing and clerical support for other librarians and staff.

Provides, updates and/or obtains departmental signage, internal forms and key/card access for faculty and staff.

Makes arrangements for Law Library meetings and functions, and arranges parking for visitors/guests.

Does photocopying and binding as needed.

Participates in Law Library shelf reading projects.

Performs other duties as assigned.

QUALIFICATIONS: Bachelor's degree and two years administrative experience; or high school diploma or GED and six years administrative experience; or a combination of training and experience. Excellent organizational
and interpersonal skills; familiarity with word processing and spreadsheet systems; ability to work closely with all members of the Law Library staff and all other University departments - administrative and academic. Ability to exercise considerable independent judgment and responsibility in the performance of duties. Two years college; budget experience preferred.

08/01/07 (rev.)

To oversee original cataloging, control for all titles and re-statement for integrity of the online catalog database; to enhance cataloging policies and practices, to establish and implement cataloging policies and procedures; to serve as a resource person for staff concerning cataloging, database maintenance and work flow issues, to propose technical and procedures such as workflow and reorganization and to evaluate for effectiveness and efficiency of the work. To oversee cataloging work, to work with reference librarians and electronic librarians; to develop policies and practices to enhance the cataloging work to carry out other initiatives that provide access to library collections.

RESPONSIBLE TO: Law Librarian

DUTIES:

- Perform original cataloging and complex copy cataloging of library materials in all formats.
- Supervise the copy cataloger, conduct performance evaluations and provide regular feedback.
- Oversee cataloging activities and make recommendations to all bibliographers about holdings records in Voyager, perform cataloging maintenance.
- Work closely with Library Services Support Specialists in manage MARC record creation and control, including cleaning, changing, adding, etc. of the records, make sure that records align with the catalog, making necessary modifications on the records using OCLC's, oversee exports of data back, developing procedures related to quality assurance for multi-lender cataloging data, and keep statistics.
- Act as liaison with SOLINET, LLC and other vendors to handle products and services, and with University Library and other OSU departments as appropriate.
- Interface with acquisitions librarian for all departmental acquisitions.
- Converse with acquisitions and public service librarians for library-wide products.
- Coordinate with electronic librarian for micro-forms and micro-photomicrographic
POSITION DESCRIPTION

TITLE: Catalog Librarian

DEPARTMENT: Technical Services

PURPOSE AND SCOPE OF POSITION:

To create original catalog records for all formats and to maintain the integrity of the online catalog database; to monitor emerging national and international standards and practices; to establish and document cataloging policies and procedures; to serve as a resource person for staff concerning cataloging, database maintenance and work flow issues; to oversee routine projects such as withdrawals and transfers; and to evaluate the effectiveness and efficiency of the workflow of the cataloging unit; to work with reference librarians and electronic librarian, develop policies and practices to enhance the online catalog and to carry out other initiatives that provide access to library collection.

RESPONSIBLE TO: Law Librarian

DUTIES:

Perform original cataloging and complex copy cataloging of library materials in all formats;

Supervise the copy cataloger; conduct performance evaluation and provide regular feedback;

Oversee cataloging activities and monitor quality of all bibliographical and holdings records in Voyager; perform catalog maintenance;

Work closely with Library Services Support specialists to manage Marc record batch load process, including evaluating the content of the records, testing sample records from the vendor, making necessary modifications on the records using MarcEdit, reviewing results of data load, developing procedures related to quality assurance for batch loaded cataloging data, and keep statistics;

Act as liaison with SOLINET/OCLC, and other vendors as needed regarding products and services; and with University Library and other GSU departments as appropriate;

Coordinate with acquisition librarian for all departmental activities;

Coordinate with acquisition and public service librarians for library-wide projects;

Coordinate with electronic librarian for electronic resources management;
Perform other duties as assigned.

QUALIFICATIONS: Master’s degree from an ALA-credited library school; 1-3 years of experience in cataloging; experience using a bibliographic utility (preferably OCLC) and an integrated library system (preferably Voyager); knowledge of current and emerging cataloging rules and standards; strong analytical, interpersonal, and communication skills; supervisory experience; evidence of ability to meet standards of research, publication, and professional service that would lead to tenure in the University Library faculty; Law library experience or familiarity with legal materials preferred.

Revised 06/15/2007
POSITION DESCRIPTION
