IMPORTANT NOTE

The statements set forth in this bulletin are for informational purposes only and should not be construed as the basis of a contract between a student and this institution.

While the provisions of this bulletin will ordinarily be applied as stated, Georgia State University reserves the right to change any provision listed in this bulletin, including but not limited to academic requirements for graduation, without actual notice to individual students. Every effort will be made to keep students advised of any such changes. Information on changes will be available in the Office of the Registrar for changes made by the university and in the Office of the Dean when changes are made by a college. It is especially important that each student note that it is the student’s individual responsibility to keep apprised of current graduation requirements for his or her particular degree program.

# College of Law Calendar

The College of Law operates on a different academic calendar than the university, with two regular academic semesters and one summer mini-semester each year. For this reason, law students are advised to consult this calendar rather than the university calendar. More detailed calendar information regarding registration, fee deadlines, etc., is provided preceding each academic term.

About the University System

The University System of Georgia includes all state-operated institutions of higher education in Georgia—comprehensive and special purpose universities, 2 regional universities, 13 state universities and senior colleges, 15 two-year colleges. These 34 public institutions are located throughout the state.

A 16-member constitutional Board of Regents governs the University System, which has been in operation since 1932. Appointments of board members—five from the state-at-large and one from each of the state’s eleven congressional districts—are made by the governor, subject to confirmation by the State Senate. Regular terms of board members are seven years.

The chairperson, vice chairperson, and other officers of the Board of Regents are elected by the members of the board. The chancellor, who is not a member of the board, is the chief executive officer of the board and the chief administrative officer of the University System.

The overall programs and services of the University System are offered through three major components: instruction; public service/continuing education; research.

Instruction consists of programs of study leading toward degrees, ranging from the associate (two-year) level to the doctoral level, and certificates.

Standards for admission of students to instructional programs at each institution are determined, pursuant to policies of the Board of Regents, by the institution. The board establishes minimum standards and leaves to each institution the prerogative to establish higher standards. Applications for admission should be addressed to the institutions.

Public service/continuing education consists of nondegree activities, primarily, and special types of college-degree-credit courses. The nondegree activities include short courses, seminars, conferences, and consultative and advisory services in many areas of interest. Typical college-degree-credit courses are those offered through extension center programs and teacher education consortiums.

Research encompasses scholarly investigations conducted for discovery and application of knowledge. Most of the research is conducted through the universities; however, some of it is conducted through several of the senior colleges. The research investigations cover matters related to the educational objectives of the institutions and to general social needs.

The policies of the Board of Regents provide a high degree of autonomy for each institution. The executive head of each institution is the president, whose election is recommended by the chancellor and approved by the board.

In September 1982, the College of Law began operation on GSU's centrally located campus under a Board of Regents' mandate to obtain ABA accreditation as soon as possible. New, modern physical facilities were provided, and the college, offering conventional first-year law courses to both day and evening students, enrolled a first-year class of more than 200. Second- and third-year classes now complete a student body of approximately 600 students.

It is intended that the College of Law will expand opportunities for a legal education to the broader range of career constituencies which exist in a modern, densely-populated urban community.

The college is accomplishing this by developing, in addition to conventional law study, an affirmative attitude about part-time law study, by making it an attractive alternative equally respectable with conventional full-time programs for those who need or want it.

With this in mind it is anticipated that all of its students will gain a knowledge of the law, of legal institutions, and of legal processes. This knowledge will become progressively more important to their upward movement, both vocationally and avocationally.

**Goals and Purposes**

The primary purpose of the College of Law is to establish and maintain an educational program in law leading to the Juris Doctor (J.D.) degree. The program is designed for the benefit of qualified students who meet the requirements for graduation by residence study on a full-time or part-time basis, and who, upon the satisfactory completion thereof, will be qualified academically to sit successfully for the bar examination in the states of their choice, be admitted to the bar, and authorized to practice law therein.

Secondary purposes include the development of interdisciplinary programs in collaboration with other colleges of Georgia State University. Presently, the College offers a joint J.D./M.B.A. program in collaboration with the College of Business Administration and a joint J.D./M.P.A. program in collaboration with the University's School of Policy Studies.

**Accreditation**

The College of Law is fully accredited by the American Bar Association and the Association of American Law Schools.

**Admissions**

Application materials and information regarding applications and admissions procedures may be obtained from:

College of Law
Georgia State University
P.O. Box 4049
Atlanta, GA 30302-4049
Phone 404/651-2048

**General Policy:** It is the policy of the College of Law to admit to its classes only those applicants who possess the intellectual capacity, maturity, moral character, and motivation necessary for the successful completion of its course of study leading to the Juris Doctor (J.D.) degree.

**Selection Procedure and Criteria:** The College of Law has a "rolling admissions" policy. A faculty Admissions Committee reviews files continuously until the class has been completed. The application deadline is March 15.

Factors in an applicant's background that may add diversity to the makeup of the class, and thereby enrich the educational experience of the group, may become factors of importance in choosing among applicants. Such diversity factors include extracurricular activities, unusual work experience, unusual career objectives, geographic origin, and advanced study or degrees in other disciplines.

In reviewing the total file of the applicant the Admissions Committee will assure that its selection procedures and judgments will not reinforce disadvantages that result solely from historical exclusions; moreover, the committee believes that members of historically excluded groups can bring valuable perspectives to the law school. The committee will be attentive to the uniqueness of each applicant.

Anyone whose application materials indicate that he or she does not appear capable of satisfactorily completing the required course of study will not be admitted.

**Beginning Students:** Students beginning the study of law are accepted for admission only in the fall semester and only as candidates for the Juris Doctor (J.D.) degree. Admission will be based on an evaluation of several factors including the following: (1) an
undergraduate baccalaureate degree from an accredited college or university (an undergraduate degree is required to qualify for entry to the College of Law); (2) an acceptable cumulative grade-point average on all coursework attempted in undergraduate study; (3) a recent LSAT/LSDAS report showing an acceptable Law School Admission Test (LSAT) score and undergraduate transcript; (4) specified letters of recommendation; and (5) a personal statement by the applicant showing reasons why he or she should be admitted to the study of law at GSU.

Transfer Students: A student who wishes to transfer from a law school which has been approved by the American Bar Association will be considered only after completion of the first year of full-time law study. A student who has been excluded from another law school and is ineligible for readmission at such school will not be admitted to the College of Law. Each prospective transfer student must provide a letter from the dean of the current or previously attended law school stating that he or she is currently in good standing, eligible to return to that law school, and class ranking, if available.

No credit for advanced standing will be allowed for courses completed at law schools that are not accredited by the American Bar Association. No credit for advanced standing will be allowed for any law school course from another accredited law school for which a grade lower than a “C” or its equivalent has been given.

A transfer student who is admitted to the College of Law must understand that in order to receive the J.D. degree from Georgia State University, he or she must: (1) satisfy the degree and residence requirements applicable at the time of admission; (2) meet the residence requirement of at least four full semesters of residence or the equivalent at the College of Law; and (3) earn at least 60 semester hours (of the total 90 semester hours required to graduate) at the Georgia State University College of Law. Credits earned at other institutions are not used in computing the cumulative grade-point average.

Guest Students: Third-year law students at ABA-accredited law schools who are in good standing may apply as guest students to earn credit for transfer back to the degree-granting institution. Guest students may attend the College of Law for no more than 32 semester hours, not to exceed three semesters (including the summer semester). However, second-year students may apply as guest students under special circumstances.

Special Student Status: Graduate students who wish to take an advanced course in the College of Law in support of their academic program in another college at Georgia State University, and graduate students at other accredited institutions or those equivalent to same at foreign institutions, may apply for admission as special students. Any such students subsequently admitted to the College of Law as students in a law degree program may not count toward that degree any credits earned while in special student status.

Attorneys admitted to the bar of Georgia or another state may apply for admission as special students but, in that capacity, may only audit a course at the college with the permission of the dean and of the instructor of that course. Attorneys subsequently admitted to the college as students in a law degree program may not count toward that degree any course credit equivalents attributed to them while in special student status.

International Applicants: International applicants for a law degree program should understand that special grading standards do not exist in the College of Law. Applicants whose native language is not English are required to take the Test of English as a Foreign Language (TOEFL) to demonstrate a satisfactory level of proficiency in the use of the English language. For further information and the appropriate application forms, applicants should contact TOEFL, P.O. Box 899 Princeton, NJ 08541 USA.

International applicants will also need to provide documentation of their visa and financial status prior to admission.

Joint Degree Programs: The College of Law offers, in conjunction with the College of Business Administration and the School of Policy Studies, two joint degree programs. These programs allow students to earn both a Master’s degree and the Juris Doctor degree by allowing some of the coursework in each program to satisfy requirements in the other. Applicants to either the M.B.A./J.D. (Master of Business Administration/Juris Doctor) or the M.P.A./J.D. (Master of Public Administration/Juris Doctor) joint degree programs must meet the entrance requirements and follow the application procedures of both the College of Law and the College of Business Administration (for the M.B.A./J.D.) or the School of Policy Studies (for the M.P.A./J.D.). Applicants must be accepted by both colleges. Interested applicants should contact the appropriate colleges for application procedures and materials for the M.B.A. or M.P.A. programs. Students enrolled in a joint degree program who subsequently decide not to pursue both degrees may remain in either of the programs. However, any hours earned in a degree program from which the student withdraws will not be credited toward a
degree by the college in which the student remains. See the section entitled "Additional Education Programs" later in this bulletin for specific details about the joint degree programs.

Law Library

The Law Library is a growing center for legal research with a collection of more than 135,000 hardcopy volumes and 110,000 microform equivalent volumes for a total of 245,000 volumes. The library's collection includes the court reports and statutes of all jurisdictions in the United States, as well as selected materials of Great Britain, Canada, and the European Community. The extensive holdings of legal periodicals, treatises and loose-leaf services cover many subject areas. The library's microform collection offers access to historical documents and federal records. As a depository for government documents, the library obtains federal publications which support legal research. Legal videotapes are also available for student use.

In addition to traditional materials and services, the library takes advantage of the capabilities of modern technology to provide access to information. Both LEXIS and WESTLAW computerized legal research systems are available for student use. The library has an expanding computer lab for word processing, internet, e-mail and computerized legal research. The library's collection is accessible through an online catalog. Materials unavailable in the library can be obtained through interlibrary loan from other libraries participating in the national OCLC network.

The library offers a variety of study areas, carrels, tables, and small group conference rooms. Except for a small reserve section, books are housed on open shelves.

A staff of professional librarians and support personnel service the library's collection. The librarians provide reference service and instruct in the use of traditional and computer-assisted legal research.

The J. D. Course of Study

Required Orientation for Beginning Students

All students accepted for admission to begin study as a first-year student in the College of Law are required to attend orientation during the week preceding the beginning of regular fall semester classes. During this week, students also will meet with the Research, Writing and Advocacy Instructors and with the law library staff who teach Legal Bibliography. The purpose of orientation week is to introduce students to the study of law and to help them make the transition into law school.

The Basic Programs

To satisfy the requirements for the J.D. degree, a student must complete a minimum of 90 hours. The College of Law offers both a six-semester (full-time) and a nine-semester (part-time) program to fulfill the 90-hour requirement. The number of semesters, six and nine respectively, refers to the number of academic semesters in residence required for the completion of the curriculum. The maximum number of credit hours in courses graded on a "S"/"U" basis that can be applied toward graduation is eleven. The maximum number of clinical or externship course hours that can be applied toward graduation is six. The maximum number of credits for independent research that can be counted toward graduation is two.

Residency Requirement

In addition to meeting other graduation requirements (including the successful completion of at least 90 semester hours), a student must comply with the following residency requirement. All students must earn a minimum of 36 residency units. Residency units are measures of a student’s academic effort measured by the number of credit hour completed with a passing grade during a semester.

Residency units are earned according to the following scale:

12+ hours earns 6 residency units
11 hours earns 5 residency units
8-10 hours earns 4 residency units
5-7 hours earns 3 residency units
3-4 hours earns 2 residency units
1-2 hours earns 1 residency unit

The maximum number of residency units that can be earned in the summer term is three.

Full-time and Part-time Student Status

In order to compare a student’s residency credit, it is necessary to know whether the student is enrolled as a full-time or as a part-time student. A "full-time student" is a student who devotes substantially all of his or her working hours to the
study of law. A “part-time student” is any student other than a full-time student. Any student who is employed in a job for twenty or more hours a week is considered a part-time student.

Six-Semester Program

A full-time (or six-semester) student must be in residence for at least six semesters. In order to graduate after the successful completion of six semesters, a full-time student would be required to carry on average almost 15, and no fewer than 12, hours of coursework during each of the third through the sixth semesters. A full-time student cannot take more than 16 hours per semester without permission from the office of the associate dean and cannot receive more than six residency credits in any single semester. A full-time student may take fewer than 12 hours of coursework after the second semester by either switching to the part-time program or by requesting a reduced course load, but such students would earn fewer than six residency units for those semesters and thus would take more than six semesters to graduate. In order to be considered full-time, students must carry at least six hours, but no more than seven hours during the summer term. The number of semesters required to complete the program would depend on how many semesters it took to earn the required minimum of 36 residency units as determined from the table above.

Nine-Semester Program

A part-time (or nine-semester) student must be in residence for at least nine semesters. In order to graduate after the successful completion of nine semesters, a part-time student would be required to carry no fewer than eight nor more than eleven hours during the third through the ninth semesters.

For the purposes of the residency requirement, students registered in the part-time program are considered part-time students regardless of the number of credit hours actually taken in any one semester (so long as the number of hours does not exceed 11) and regardless of whether they take their courses in the day or evening. In order to be considered part-time, students must carry at least four hours in a summer term.

Students must be registered in either the full-time or part-time program and may not transfer from one program to another without permission of the associate dean.

Minimum Load Requirement

Full-time (Six-Semester) Students

During the first two semesters of enrollment, six-semester students shall enroll in all 32 hours of the required first-year curriculum listed in the model six-semester program in this bulletin. Light-loading for students who have not yet completed this 32-hour course sequence shall be permitted only by approved transfer to the part-time, nine-semester program.

Part-time (Nine-semester) Students

During the Fall and Spring semesters of their first two years of enrollment, nine-semester students shall enroll in all courses listed in the model nine-semester program in the official catalog (bulletin) until those 35 hours of required courses have been completed. During that initial two-year period, students who do not enroll in the minimum course load must withdraw from school entirely.

General Rules for Both Programs

There will be a summer term offering of courses in both programs, and this will allow for acceleration in the completion of the required curriculum.

Students in either program may elect to take their courses in the day or evening subject to the condition that if seating space in a particular class is limited, preference will be given to full-time students in day classes and part-time students in evening classes.

When, in a given semester, a course is offered both as a day class and as an evening class, a student will not be permitted to attend by alternating between such classes during the semester but must attend regularly one or the other.

Policies, Rules and Regulations

In-Course Scholastic Requirements

Attendance: Regular attendance at class sessions is required. Appropriate mechanisms for recording attendance are in place as well as sanctions which may extend to a forced withdrawal from the course for excessive unexcused absences.

Note taking: Note taking is considered a lawyer’s skill to be encouraged. Tape recording of class sessions will not be permitted except by permission in advance from the instructor or when reasonably necessary to accommodate the needs
of individuals with disabilities. Individuals with disabilities wishing to tape record a course must notify the instructor of the course and the Office of the Associate Dean.

Examinations: Examinations are submitted and graded anonymously. A system of anonymous grading prevents the examiner from knowing the identity of the examinee. No reexaminations will be given.

When a student, without permission or valid excuse, fails to appear for an examination, or appears for an examination and fails to turn in the examination, such student may receive a grade of 55 ("F") in the course.

Grading: Final grades in each course will be numerical on a 55-100 scale, and a student’s record in the College of Law will be kept on such a basis. This system of grading, however, is not recognized by the registrar of the university who is required by University System of Georgia regulations to keep all official grade records on a letter grade scale, A-D, using a numerical scale of 4.0, with a grade of "F" as a failing grade of no numerical value. On a numerical basis, any grade below 60 is a failing grade, and a grade of 60 or better is required to receive any credit in the course. A failing grade cannot be converted to a higher grade by repeating the course. When numerical grades are transmitted to the Office of the Registrar, they will be converted to the required letter grade as follows:

- 90 or above A with a numerical value of 4
- 80-89 B with a numerical value of 3
- 70-79 C with a numerical value of 2
- 60-69 D with a numerical value of 1
- 55-59 F with no numerical value

Other marks will be used in appropriate circumstances, such as:

S Satisfactory
U Unsatisfactory
I Incomplete
IP In Progress
W Withdrawn without prejudice
WF Withdrawn failing

Required courses, with the exception of the legal writing requirement, which must be met with a grade of 73 or higher, must be passed with a grade of 60 or better or a satisfactory mark. A student who fails and must retake a required course will receive a separate grade for that course which shall be included in the computation of his or her overall grade average. The prior grade in the course will not be expunged from the student’s record and also will be included in the computation of that student’s overall grade average.

Students who require a statement of good standing from the college after spring semester exams but before the release of spring semester grades will have their status determined by whether their current, cumulative numeric grade average meets the minimum for their next checkpoint.

Ranking: During their law school career, students may receive up to three rankings, according to the following schedule. Each spring, the College of Law will announce three rankings, a Final Ranking (of graduates), a Second Interim Ranking (roughly, of students who have completed their second full-time-equivalent (FTE) year), and a First Interim Ranking (of students who have completed their first FTE year). For the Final Ranking, all students who, in the last year, have completed all requirements for graduation will be ranked on the basis of their overall numeric grade average. Transfer students will be included only in this ranking. For the Second Interim Ranking, all students who, in the last year, have received a final grade in at least one required course, and who have received a final grade in all required courses, will be ranked on the basis of their overall numeric grade average. For the First Interim Ranking, all students who, in the last year, have received a final grade in at least one first-year full-time required course, and who have received a final grade in all first-year full-time required courses, will be ranked on the basis of their numeric grade average in first-year full-time required courses.

Good Standing Requirements

All students are checked for good standing at the conclusion of each semester.

To be in good standing academically, for all purposes including transfer status, a full-time or part-time student must, on the basis of all coursework completed, have a cumulative average of at least 73.00. A cumulative average of at least 73.00 is required for graduation. When a student’s cumulative average falls below 73.00, the student shall be placed on probation. A student on probation is permitted a maximum of two semesters in which to raise the cumulative average to the required 73.00. A student who does not raise the cumulative average to the required 73.00 by the end of two probationary semesters shall be excluded from the college. If the student raises the cumulative average to a 73.00 but in a later semester the cumulative average again falls below 73.00, if the student has previously been on probation for two semesters, the student will be
excluded from the college, having no further probationary semester available. If, however, the student has previously been on probation for only one semester, the student will be permitted one additional semester to raise the cumulative average to the required 73.00. Probationary semesters do not include the summer term. A student will not be placed on probation before the completion of the first year of law school. A student who does not have a cumulative average of at least 70.00 at the conclusion of his or her first year of law study will automatically be excluded from the college.

Coursework completed for the purposes of this requirement means courses taken at the College of Law in which the student has received a final grade of between 55 and 100 inclusive, including grades of “S”, “U” and “WF.”

An “IP” or an “IT” grade may not be carried for more than one full semester (excluding summers) after the semester in which a final grade originally was due. If the student has not earned a final grade by that time, a final grade of “55” will be entered.

If any term’s grades are not available to determine the good standing of a student at the time of registration for the following term, the student may register for the new term. But if it develops when the completed term’s grades come in that the student is not in good standing or must be excluded pursuant to the above policies, he or she may complete the term but any grades that may have been earned in the current term may not alter his or her standing resulting from the prior term’s grades, and appropriate action will be taken thereon.

A student who has been excluded from the College for the academic reasons cited above, may not apply for readmission to the College until two years have passed following the exclusion. Any such application will be treated as an application for admission as a first year student and, in addition to meeting all generally applicable requirements for admission must show compelling reasons as to why the student should be readmitted after exclusion. If re-admitted, the student would enter the College as a first year student and would receive no credit for any courses taken prior to his or her exclusion.

**Honors Requirements**

Graduation with honors will be granted to candidates for the Juris Doctor degree achieving high academic work in all courses attempted at the College of Law. The specific award will be based on the following: (1) “cum laude” for candidates achieving a cumulative grade average of 84.0; (2) “magna cum laude” for candidates achieving a cumulative grade average of 87.0; and (3) “summa cum laude” for candidates achieving a cumulative grade average of 90.0.

**Transfers, Withdrawal, Reentry and Grading in Sequential Courses**

A student enrolled under an instructor in a sequential course is required to continue enrollment under such instructor until the sequence is completed. Transfer will be allowed to another section involving another instructor only by permission of the associate dean and the instructors involved.

A student who withdraws during the sequence of a course will be permitted to reenter that course only in sequence with the same instructor unless the instructor, before the commencement of the ensuing fall semester, has determined that material changes will be made in the course which will make it inappropriate for a previously enrolled student to reenter the sequence except at its beginning. In this event such a student must reenter the sequence accordingly. A student will be permitted to withdraw only once from a sequential course. If an instructor makes the determination which will preclude a student from reentering the course in sequence, it will be posted outside the suite of administrative offices at the College of Law prior to the commencement of the ensuing fall term, and it is the responsibility of any student involved to keep abreast of the matter.

Where an instructor of sequential courses has opted to grade each semester on a free-standing basis, it will be assumed that successful completion of each semester with a grade of 60 or better will be required for enrollment in a subsequent semester unless, in the instructor’s discretion, enrollment in the subsequent semester may be permitted. If each semester of the sequential course is required for graduation, successful completion of each semester with a grade of 60 or better will be required.

**Interruption of Studies**

After completing the first 32 hours of the full-time program (excluding summer school) or the first 35 hours of the part-time program (excluding summer school), a student may interrupt his or her law studies and, if in good standing, reenter in any subsequent semester. A student who withdraws during the course of the academic year whose
grades would not leave him or her in good standing at the end of the academic year may only be readmitted on probation by permission of the Associate Dean. A student who is absent from the College of Law for two or more consecutive semesters (not including summer) must apply to the Admissions Committee and meet admissions, curricula and graduation requirements in effect at the time accepted for reentry.

A full-time student enrolled in first-year required courses, and a part-time student enrolled in first- or second-year required courses, who withdraws during the sequence of such courses will not be permitted to resume his or her course of study except in sequence. This may result in a year’s delay. Except under extraordinary circumstances, no student may take more than six years to complete the J.D. program.

Withdrawal from Classes

A student who wishes to withdraw from school prior to the midpoint of each semester (see “Academic Calendar”) must receive permission from the Office of the Dean. When withdrawal is approved, a grade of “W” will be recorded in all courses for which the student is registered. Failure to obtain approval may result in a grade of “WF” in all courses.

Ordinarily, a student who wishes to withdraw after the midpoint of each semester will receive a grade of “WF.” A student wishing to withdraw from any or all classes must request permission from the Office of the Dean. Where the cause of withdrawal is an emergency necessitating total withdrawal from all classes, the dean of the College of Law and the dean of students of Georgia State University may determine that the circumstances warrant a finding of nonacademic hardship, in which case the student, if doing passing work, as determined by the student’s instructors, will receive a “W” grade in all courses for which the student is registered. In any other case, the dean of the College of Law, in collaboration with the instructors under whom the student is enrolled, may determine that the circumstances warrant a finding of academic hardship. In such cases, the student, if doing passing work, will receive a “W” grade for such course or courses as may be involved.

Resumption of Studies

A student who withdrew prior to the midpoint of the semester or was granted a nonacademic hardship withdrawal during the first year of full-time law study or the first two years of part-time law study may reenter the college in good standing the next succeeding fall semester as a matter of right, or a later semester or year by permission of the Admissions Committee. A student who withdrew during the first year of full-time study or the first two years of part-time study but who was not granted a nonacademic hardship withdrawal must apply to the Admissions Committee for permission to reenter the College of Law.

A student who withdraws from the College of Law leaving one or more “IP” grades outstanding in sequential courses is, on his or her reentry to the college, subject to whatever grading and scheduling arrangements the relevant instructors and associate dean deem appropriate for completion of the sequential courses(s).

All of the above provisions are subject to the six-year J.D. program completion rule.

A student admitted to the College of Law but who before initial enrollment in courses at the college decides to postpone legal studies must reapply for admission to any succeeding class.

Medical Withdrawals and Reentry

Except in circumstances of emergency, a student who proposes to withdraw for medical reasons must provide a statement from a physician or psychiatrist of the diagnosis involved. In any case, when the mental condition of the student is a factor in the withdrawal, a diagnosis and evaluation with respect to effective continuance in law study is required. Moreover, the reentry of a student following withdrawal for medical reasons must include a clearance by the student’s physician or psychiatrist with a particular evaluation of the effectiveness of the student to continue in law study. Before reentry is authorized, the dean may refer the application for reentry, and the supporting data, to the University Counseling Center and consider its evaluation of the student’s ability to continue successfully in the study of law.

Student Appeals Procedures

The appeals procedure for students in the College of Law will follow different courses depending on the nature of the student’s appeal.
Appeal of Course Grade

The process of appealing a course grade is as follows:

1) A student must first review the situation with the instructor who assigned the grade. This review must take place within 30 calendar days of the date the grades are mailed.

2) If the question is not resolved with the instructor, the student may appeal in writing to an ad hoc three-person faculty appeal committee appointed by the dean. The issue on appeal will be restricted to the matter of due process with respect to the course grade. This request must be received by the dean of the College of Law 14 calendar days after the date of review with the instructor. The decision of the faculty appeal committee will be conveyed to the student in writing 14 calendar days after the date of the hearing.

3) If the student wishes to challenge the decision of the faculty appeal committee, the student may appeal in writing directly to the dean of the College of Law. The written appeal must be received within 14 calendar days of the date of the letter stating the decision of the faculty appeal committee. Again, the issue on appeal will be restricted to the matter of due process with respect to the course grade. The dean of the College of Law will review all facts and render a decision in writing within 14 days of receipt of the student’s letter. The decision of the dean shall be final except as further appellate process may be available at the university level.

Appeal of Misconduct Sanctions

Appeals from a finding of a violation of the Honor Code shall be governed by that Code and the general appeals procedure described below.

Appeals and grievances not specifically covered in the aforementioned procedures should follow the “Student Rights and Responsibilities” section of the GSU publication, On Campus.

General Appeals Procedure

Any applicant for admission to the College of Law who is denied admission by the Admissions Committee, or any student enrolled in the College of Law who is aggrieved by a decision of a faculty committee, concerning suspension, termination, or exclusion shall have the right to appeal the decision to the dean of the College of Law.

The appeal shall be based on the record of the appellant as it exists in the dean’s office and the written petition of the appellant. The dean may call for the personal appearance of the appellant if the dean considers this may serve some purpose. The dean may give consideration to pertinent facts in the record, or developed extrinsic to the record, and revise or modify the challenged decision. Otherwise, the appeal will be considered by the dean solely on the record.

The only grounds for appeal are:

a) The decision is contrary to the facts in the record or against the weight of the evidence.

b) The decision violates federal or state law, or federal or state rules or regulations, or the rules or regulations of the Board of Regents, or the Statutes and By-Laws of Georgia State University.

c) The decision does not give effect to published rules or regulations of the College of Law pertinent to the matter.

d) The administration of the rules and regulations of the College of Law did not afford appellant due consideration.

e) The decision is substantially affected by malvolent discrimination against the appellant personally.

The appeal must be in writing and received by the dean of the College of Law within fourteen calendar days after the date of the letter notifying appellant of the decision. The time for appeal may be extended by the dean for cause beyond the control of the appellant. The appeal may be in letter form, and may include whatever the appellant wants considered by the dean. It must, however, specifically indicate one or more of the grounds enumerated above and, with regard thereto, explain, with particularity, the facts, law, rules, regulations, statutes and by-laws which are challenged and, also with particularity, how, or in what way, the committee did not afford appellant due consideration. It need not repeat facts which are otherwise in the record unless the appellant challenges the correctness of such facts. The dean will review the record, thus made, and render a decision within fourteen days of the receipt of appellant’s letter. The decision of the dean will be final except as further appellate process may be available at the university level.

Professional Responsibility

Those who study for the practice of law must join with those who practice law and those who teach
law to subscribe to the traditional responsibilities of the legal profession which are:
- the improvement of the law;
- a more effective administration of justice;
- exemplary conduct respecting the personal and property rights of the academic community and others in general;
- ethical representation of persons served by the legal profession, in particular.

The central core of professional responsibility is integrity, both intellectual integrity and integrity in objective conduct. The antithesis of integrity is dishonesty, half-truths, false and misleading communications, plagiarism, cheating, etc. Conduct on the part of law students which violates standards prescribed for lawyers will be referred to as pre-professional misconduct. The College of Law operates under the Honor System; an Honor Code (See Appendix A), and a system of adjudication is in effect, and all students should consider themselves, from their initial enrollment in the College of Law, subject thereto. Its sanctions may extend to exclusion from the college.

Final Examinations

Examinations in the College of Law are normally administered by proctors from the staff who will start each in-class examination and ensure that all examinations end on time. Examinations are graded anonymously through the use of individually assigned exam numbers, which are randomly reassigned each semester. Students must receive their exam numbers in person (and must present a valid photo ID) at the Office of Student Services and may not disclose their numbers until grades are received. Anonymous grading of seminar papers or of projects which require close consultation between a student and faculty member may not be possible.

Students are not permitted to take any regular written examination in any location other than the room assigned. Students typing an examination will use the typing rooms designated on the signs giving the main location of the exam. Typing students will receive the exam and instructions in the main room with the rest of the class, then go to the typing room where his or her typewriter is already set up (see Typing Examinations). Students are not permitted to bring any materials into the examination room other than those specifically permitted by the instructor. Examination books will be provided. All students are bound by the honor code.

Ordinary clustering of examinations during the examination period does not warrant changes to other, more convenient dates. Predictability and fairness to other students with busy examination schedules require faithful adherence to the rescheduling rules. It is not unusual for the last week of the term or the first week of exams to be the deadline for papers or projects. Paper and project deadlines and the date of examinations are announced well in advance of the event. Prudent inquiry and planning will avoid crowding and conflict at the end of the term or during examinations. In no event will the overlap of papers or projects with examinations provide a justification for rescheduling examinations.

Scheduling Make-up Examinations

Students are required to take examinations either on the regularly scheduled day during the examination period or on a day set aside for rescheduled examinations. Failure to take an examination (or approved make-up examination) at the scheduled time, without the prior approval of the associate dean, constitutes failure to complete the work in the course in question and the student will receive the numeric grade of 55 (F) for the course unless the student experienced a family emergency (such as personal illness or the death or severe illness of a close relative) which prevented him or her from taking the exam as scheduled and presents satisfactory written confirmation of this emergency to the associate dean. In all such cases, the student must notify either a member of the Student Services staff (651-2048), the assistant to the associate dean or the associate dean (651-2044) of the student’s absence prior to the time scheduled for the examination.

A student may request a change of examination date to the very next appropriate designated make-up examination date subsequent to the scheduled date if he or she has two or more examinations scheduled to begin within a 24-hour period. (A 6:00 exam followed by a 1:00 exam the next day is considered a conflict; a 6:00 exam followed by a 6:00 exam the next day is not considered a conflict.) Students who have other conflicts (such as chronic health problems, work or religious observances) must submit a request for a make-up examination as stated above. Students requesting make-up examinations for any reason should use the forms for this purpose. These are available from the third-floor receptionist. All requests will be evaluated on an individual basis. Students are not permitted to contact individual
faculty members to arrange to reschedule an exam but instead must present requests for rescheduling examinations to the Office of Student Services no later than two weeks prior to the first day of the exam period.

Absent the written permission of the associate dean, all examinations that have been rescheduled for personal or medical reasons must be taken no later than one week after the end of the examination period during regular business days and hours.

Failure to Complete an Examination

A student who receives an examination is expected to finish it during the period for which the examination is scheduled. Students who do not complete examinations will be graded on what they submit during the examination period unless an exception based on very exigent circumstances is granted by the associate dean. Such exceptions will be rare and will be granted only if the student has notified the proctor of the examination of their inability to complete the exam and can establish the reason for such inability to the satisfaction of the associate dean.

Typing Examinations

Students may elect to type their final examinations rather than write them. Paper and a typing room will be provided. Students will receive their examinations and instructions in the main room designated for the exam and will then accompany the proctor to the typing room, where the exam time will begin. Completed examinations will be returned in the main examination room with the other exams. Students must provide their own typewriters. No memory typewriters or word processors may be used.

Students with Special Needs

Students with special needs should contact the Office of Student Services (651-2048) in advance to make individual arrangements.

Career Services Office

The College of Law provides its students and graduates comprehensive career counseling and placement assistance. While recognizing that the ultimate responsibility for securing employment remains with each individual student or graduate, the Career Services Office offers extensive resources to aid these individuals in identifying and achieving both short-term and long-term employment objectives. The office has a library of resource material about employment opportunities and the diverse career opportunities available to law graduates. Workshops, seminars and forums are held to acquaint students with these opportunities and with persons working in these various fields. Students are also assisted, both individually and through group instruction, in preparing effective resumes, cover letters and improving job interviewing techniques. In order to facilitate student contact with prospective employers, the office arranges on-campus interviews with representatives from various private law firms, government agencies and corporations, and forwards resumes to those employers who cannot interview on campus. The office maintains a current listing of job openings for summer, temporary, part-time and full-time employment for the use of College of Law students and graduates. The office seeks to serve concurrently students, graduates, and prospective employers by promoting and maintaining effective relationships between the College of Law and the professionals with whom graduates will be associated. The College of Law is a member of the National Association for Law Placement. (NALP).

Additional Educational Programs

Joint M.B.A./J.D. Degree Program

The College of Law collaborates with the College of Business Administration at Georgia State University to offer a course of study leading to the Juris Doctor (J.D.) degree and the Master of Business Administration (M.B.A.) degree. Essentially this is a program which enables a student to complete the requirements for both degrees in four academic years rather than the conventional five. This is accomplished by allowing selected previously-approved course credit for work satisfactorily completed in the College of Business Administration to count also in satisfaction of the 90-hour curriculum required by the College of Law.

Joint Program Degree Requirements: Students must satisfy the curriculum requirements for both the M.B.A. degree as outlined in the College of Business Administration Graduate Bulletin and the J.D. degree as outlined in this bulletin.

For students enrolled in the joint program, the College of Business Administration will allow 12 semester hours of law courses with grades of "B" or better to be credited toward the 12 semester
hours for the general business concentration in the M.B.A. program.

Reciprocally, the College of Law will permit, with prior approval, up to 12 semester hours of 8000-level M.B.A. courses with grades of “B” or better and credited toward the J.D. degree. No credit hours for M.B.A. courses will be applied toward J.D. degree requirements until the M.B.A. degree is awarded. A simultaneous awarding of degrees will satisfy this requirement. As stated in this bulletin a law student must earn the equivalent of 90 semester hours of credit to qualify for the J.D. degree.

Enrollment sequencing and time limits. The College of Law does not permit enrollment in the joint degree program after a student has completed more than 20 semester hours of 8000-level M.B.A. coursework. After students have been admitted to both the M.B.A. and the J.D. programs and have declared intent to be enrolled in the joint program, they must, at the first opportunity, complete the first 32 hours of required courses in the J.D. degree as outlined in this bulletin. After completion of these 32 hours of J.D. courses, enrollment in the courses of either college or enrollment in both colleges concurrently is permitted. The requirements for both the M.B.A. and the J.D. degrees must be completed within eight years of the initial semester of enrollment in the M.B.A. program. The J.D. degree must be completed within six years of the initial semester of enrollment in the J.D. program.

An M.B.A. student may be required by the College of Business Administration to take undergraduate or graduate foundation courses before commencing graduate M.B.A. courses. The College of Law strongly recommends that students contemplating part-time law study complete any required foundation courses prior to taking their first law courses.

Joint M.P.A./J.D. Degree Program

The College of Law collaborates with the School of Policy Studies at Georgia State University to offer a course of study leading to the Master of Public Administration (M.P.A.) and the Juris Doctor (J.D.) degrees by allowing selected previously-approved coursework taken at one college to fulfill requirements toward both degrees.

Joint M.P.A./J.D. Degree Requirements: Students must satisfy the curriculum requirements for both the M.P.A. degree as outlined in the School of Policy Studies Graduate Bulletin and the J.D. degree as outlined in this bulletin.

For students enrolled in the joint program, the School of Policy Studies will allow 14 semester hours of law courses with grades of “B” or better to be counted as electives in the M.P.A. program.

Reciprocally, the College of Law will permit approved 8000-level M.P.A. courses with grades of “B” or better to be counted to as up to 14 semester hours and credited toward the J.D. degree. The College of Law will not accept as joint degree credits any hours earned for the following courses: PAdm 606, Measurement and Statistics in Public Administration, and PAdm 849, Public Law and Public Administration. Additionally, credit will be granted for joint degree purposes for courses on legal topics only if taken through the College of Law. No credit hours for M.P.A. coursework will be applied toward J.D. degree requirements until the M.P.A. degree is awarded. A simultaneous awarding of degrees will satisfy this requirement. As stated in this bulletin, a law student must earn the equivalent of 90 semester hours of credit to qualify for the J.D. degree.

Enrollment sequencing and time limits. The College of Law does not permit enrollment in the joint degree program after a student has completed more than 20 semester hours of 8000-level M.P.A. coursework. The School of Policy Studies does not permit enrollment in the joint degree program if a student has completed more than 40 hours of the J.D. program. After students have been admitted to both the M.P.A. and J.D. programs and have declared intent to be enrolled in the joint program, they must, at the first opportunity, complete the first 32 hours of required courses in the J.D. degree as outlined in this bulletin. After completion of these 32 hours of J.D. courses, enrollment in the courses of either college or enrollment in both colleges concurrently is permitted. The requirements for both the M.P.A. and the J.D. degrees must be completed within eight years of the initial quarter of enrollment in the M.P.A. program. The J.D. degree must be completed within six years of the initial semester of enrollment in the J.D. program.

An M.P.A. student should consult with the School of Policy Studies regarding any courses that students may be required to complete prior to commencing 8000-level courses. If the School of Policy Studies does require any such courses, the College of Law strongly recommends that students planning on part-time law study complete those courses prior to taking their first law courses.
Curriculum

The curriculum of the College of Law is the same for all students enrolled as candidates for the J.D. degree. In general, the same course offerings will be available whether a student is enrolled in the six-semester program or the nine-semester program, but not necessarily during the same semester. The curriculum is made up of 43 hours of required courses and a minimum of 47 hours of elective courses for a total of 90 hours of course study.

Required Courses

The following courses are required for graduation: Research, Writing and Advocacy I and II; Legal Bibliography; Torts I and II; Contracts I and II; Constitutional Law I; Property I and II; Civil Procedure I and II; Criminal Law; Evidence; Litigation; and Professional Responsibility.

Elective Courses

A student has the opportunity to elect a minimum of 47 hours of electives to complete his or her course of study.

Electives should be carefully chosen with the consultation of a faculty adviser. Elective courses are fully described in the “Description of Courses” section of the bulletin.

Prerequisites

Many courses in the curriculum are open only to students who have satisfactorily completed specific, prerequisite courses. It is very important that students consider prerequisites in planning the sequence of their coursework. Prerequisites can be waived only with the permission of the instructor.

Legal Writing Requirement

Each candidate, as a requirement for the J.D. degree, must complete satisfactorily one substantial legal writing project during his or her upperclass period of study. To satisfy this requirement, the student must earn a grade of at least 73 on the written portion of any two- or three-credit course that qualifies as a legal writing course. A list of courses that qualify as legal writing courses is maintained in the administrative offices of the College of Law.

Lawyer Skills Development

The development of lawyer skills is a major emphasis in the curriculum of the College of Law. Some of these courses are required of all students, such as: Research, Writing and Advocacy I and II (3 hours); and Litigation (3 hours). In addition, a number of credit courses are offered to second and third year students that involve actual participation in the provision of legal services. These are done in cooperation with various agencies of local government such as the juvenile court, the district attorney’s office, the public defender’s office, local legal aid offices, governmental agencies such as the S.E.C., judges and other offices of state and federal government.

Description of Courses

The faculty of the College of Law reserves the right to change the nature of any course offering in any fashion that it adjudges proper at any time, including the right to establish new required courses, to change current required courses to electives, and the decision as to when and how often any course described below is offered.

Students will study the law of pretrial and trial procedure. The examination of each of the stages of litigation will combine discussions of theory with written and performance simulations, so that students will obtain experience in using the skills and tactics litigators use. The course will culminate with the participation by each student in a mock trial.

Elective Courses
Students should consult the Curriculum Planning Handbook in choosing their electives. When space is limited for a course, students in their final year of study will be given priority.

Elective courses may be offered in 1, 2, or 3 credit versions, at the discretion of the instructor. The courses described below list the typical credits for which the course is offered but students must check the annual course schedules for more specific information.

Unless otherwise indicated, the minimum prerequisite for each elective course is the completion of all first-year, full-time courses (Contracts I, II; Property I, II; Torts I, II; Civil Procedure I, II; Legal Method; RWAI, II; and Criminal Law). Course prerequisites are subject to change.

Fees and Refunds

All fees are payable by the deadlines published in the Schedule of Classes Bulletin for each academic semester. Registration is not complete until all fees have been paid.

Payment may be made either by cash, VISA or MasterCard, or by check payable in United States currency and drawn on a financial institution located in the United States of America. (The university reserves the right to determine the acceptability of all checks.) Checks must be made payable to Georgia State University and have the checking account number encoded. All checks not drawn in this manner will be returned to the remitter of the check. Payments (checks only) may be mailed to the Office of Student Accounts and must be received (not postmarked) by 7 p.m. on the fee deadline. The university reserves the right at any time during the semester to drop any student from classes for failure to pay fees. Students who continue to attend classes under these conditions will be held liable for the fees due plus any service fees assessed, applicable collection costs, court costs, and legal fees. A Student Accounts “Hold” will be placed on the records of any student who has a financial obligation to the university. This student will not be permitted to register for further coursework or receive, or have forwarded to external third parties, transcripts of grades until the obligation is settled. Any person who has a credit card payment rejected or a check returned by the bank for any reason should settle that obligation with the university promptly. Failure to do so will result in nonpayment of fees. If a check or credit card given in payment of a student’s fees is not paid upon presentation to the banking institution, a Student Accounts “Hold” will be placed on the student’s records. All returned checks will be assessed a returned check fee of $15 or five percent (5%) of the face amount of the check, whichever is greater. Georgia State University reserves the right to place a student on “cash only” for issuing a check that is not honored upon presentation to the bank.

It is the responsibility of the student to be informed of, and to observe, all regulations and procedures regarding the payment of fees and the entitlement to refunds. In no case will a regulation be waived or an exception be granted because a student pleads ignorance of the regulation or asserts that he or she was not informed of it by an adviser or other authority. All questions concerning fees and refunds should be directed to the Office of Student Accounts only. Verbal misinformation is not grounds for a waiver of a regulation.

All matriculation and other charges are subject to change without notice.

Credit Card Payments

For your convenience, GSU accepts VISA and MasterCard in payment of fees. Students pursuing this option may register and pay fees by telephone, thus eliminating the need to mail or deliver fee payments to the Office of Student Accounts. Refunds for students paying with VISA or MasterCard will be credited to the credit card account upon withdrawal from classes.

Application Fee

All applicants to Georgia State University must submit a thirty dollar ($30) application fee with their application forms before they will be given consideration as prospective students. The application fee is nonrefundable and will not apply toward the student's registration fees. Applicants must place their social security numbers on all checks submitted.

Regents’ Requirements for Georgia Resident Status

A person’s legal residence is his or her permanent dwelling place. It is the place where he or she generally understood to reside with the intent of remaining there indefinitely and returning there when absent. There must be a concurrence of actual residence and of intent to remain to acquire a legal residence.

Students are responsible for registering under the correct residence classification, for notifying promptly the residence auditor of incorrect residence classifications or changes of residence status, and will be liable for additional fees. For example, residence status may change for students if their parents’ states of legal residence change or if their visas change. Individuals who are classified by Georgia State University as nonresident but who later claim to qualify as legal residents must file a “Petition for Georgia Residence Classification” form with the residence auditor in the Office of Admissions. Residence status is not changed automatically, and the burden of proof rests with the student to demonstrate that he or she qualifies as a legal resident under the regulations of the Board of Regents of the University System of Georgia. To insure timely completion of required processing, a student/applicant requesting a change of residence classification for a specific quarter should file the “Petition for Georgia Residence Classification” and all supporting documentation not later than three weeks (15 working days) prior to registration. Decisions prior to registration cannot be guaranteed when petitions and all supporting documentation are received after the specified deadline.

Petitions for Georgia Residence Classification and all supporting documentation must be filed with the residence auditor no later than sixty (60) days after the beginning of a specific academic quarter for which classification as a legal resident for fee payment purposes is requested. Petitions received after that time will not be considered for that semester.
Students registered for courses to be conducted outside the metropolitan area need not pay the activity, athletics and recreation fees.

Petitions received after that time will not be considered for that semester.
If the petition is approved, classification as a legal resident for fee payment purposes will not be retroactive to prior semesters. A student/applicant wishing to appeal a denial decision resulting from his or her Petition for Georgia Residence Classification may request a review of that decision before the University Committee on Residence, and shall submit such request in writing to the assistant dean of admissions/residency within twenty (20) days of the decision.

If the petition is denied and the student/applicant wishes to petition for a later semester, a new Petition for Georgia Residence Classification must be submitted for that semester. Legal residents of Georgia, as well as certain categories of nonresidents, may be enrolled upon payment of resident fees in accordance with the following Regents' rules:

1. (a) If a person is 18 years of age or older, he or she may register as an in-state student only upon showing that he or she has been a legal resident of Georgia for a period of at least twelve months immediately preceding the date of registration.

   (b) No emancipated minor or person 18 years of age or older shall be deemed to have gained or acquired in-state status for tuition purposes while attending any educational institution in this state, in the absence of a clear demonstration that he or she has in fact established legal residence in this State.

2. If a person is under 18 years of age, he or she may register as an in-state student only upon showing that his or her supporting parent or guardian has been a legal resident of Georgia for a period of at least twelve months immediately preceding the date of registration.

3. If a parent or legal guardian of a minor changes his or her legal residence to another state following a period of legal residence in Georgia, the minor may continue to take courses for a period of twelve consecutive months on the payment of in-state tuition. After the expiration of the twelve-month period, the student may continue his or her registration only upon the payment of fees at the out-of-state rate.

4. In the event that a legal resident of Georgia is appointed as guardian of a nonresident minor, such minor will not be permitted to register as an in-state student until the expiration of one year from the date of court appointment, and then only upon a proper showing that such appointment was not made to avoid payment of the out-of-state fees.

5. Aliens shall be classified as nonresident students; provided, however, that an alien who is living in this country under an immigration document permitting indefinite or permanent residence shall have the same privilege of qualifying for in-state tuition as a citizen of the United States.

6. Waivers: An institution may waive out-of-state tuition for:

   (a) nonresident students who are financially dependent upon a parent, parents or spouse who has been a legal resident of Georgia for at least twelve consecutive months immediately preceding the date of registration; provided, however, that such financial dependence shall have existed for at least twelve consecutive months immediately preceding the date of registration;

   (b) international students, selected by the institutional president or his or her authorized representative, provided that the number of such waivers in effect does not exceed one percent of the equivalent full-time students enrolled at the institution in the fall semester immediately preceding the semester for which the out-of-state tuition is to be waived;*

   (c) full-time employees of the University System, their spouses, and their dependent children;

   (d) medical and dental residents and medical and dental interns at the Medical College of Georgia.

   (e) full-time teachers in the public schools of Georgia or in the programs of the State Board of Technical and Adult Education, and their dependent children. Teachers employed full time on military bases in Georgia shall also qualify for this waiver;

   (f) career consular officers and their dependents who are citizens of the foreign nation which their consular office represents, and who are stationed and living in Georgia under orders of their respective governments. This waiver shall apply only to those consular officers whose nations operate on the principle of educational reciprocity with the United States;

   (g) military personnel and their dependents stationed in Georgia and on active duty unless such military personnel are assigned as students to system institutions for educational purposes.

   (h) selected graduate students at university-level institutions.*

   (i) students who are legal residents of out-of-state counties bordering on Georgia counties in which an institution of the University System is located and who are enrolled in said institution.

* Provided the institution has provided such waiver to other residents of such state. 3
All waivers are valid for one semester only and must be verified and updated prior to registration each semester.

*In order to apply for waivers under 6(b) and 6(h), students should contact their academic colleges. Additional waivers for international students may be available through the Office of International Services.

Objective Standards for Acquiring In-State Student Status

For purposes of these regulations, a resident student is defined as a student domiciled in the state of Georgia. A nonresident is defined as one whose domicile is elsewhere. A student shall not be considered domiciled in Georgia unless he or she is in continuous physical residence in this state and intends to make Georgia his or her permanent home, not only while in attendance at an institution of the University System of Georgia, but indefinitely thereafter as well, and has no domicile or intent to be domiciled elsewhere.

Normally a person from another state who comes to an institution of the University System of Georgia does so for the primary or sole purpose of attending the institution rather than to establish a domicile (residency) in Georgia. Thus, one who enrolls in a system institution as a nonresident is presumed to remain a nonresident throughout his or her attendance at the institution unless and until he or she demonstrably by clear and convincing evidence that his or her previous domicile has been abandoned and that Georgia domicile has been established.

No person shall be eligible for classification as an in-state student unless he or she has been domiciled in Georgia and has resided in Georgia continuously for not less than 12 months immediately preceding the date of registration. However, there is a strong presumption that such person shall continue to be classified as a nonresident throughout the entire period of his or her enrollment. Ordinarily, such periods (while enrolled in school) will not count as periods of domicile for purpose of the twelve-month durational residency requirement.

The following facts and circumstances, although not necessarily conclusive, have probative value to support a claim for in-state status after twelve months continuous domicile in Georgia (durational residency requirement):

a. Continuous presence in Georgia during periods when not enrolled as a student.

b. Payment of ad valorem (property) taxes.

c. Payment of Georgia income taxes.

d. Reliance upon Georgia sources for financial support.

e. Domicile in Georgia of family, or other relatives, or persons legally responsible for the student.

f. Former domicile in the state and maintenance of significant connections therein while absent.

g. Ownership of a home or real property.

h. Admission to a licensed practicing profession in Georgia.

i. Long term military commitments in Georgia.

j. Commitments to further education in Georgia indicating an intent to stay here permanently.

k. Acceptance of an offer of permanent employment in Georgia.

l. Domicile of student's spouse in Georgia.

m. Location of spouse's employment, if any.

n. Address of student listed on selective service (draft or reserves) registration.

Other factors indicating an intent to make Georgia the student's domicile may be considered by the system institution in classifying a student.

Normally, the following circumstances do not constitute sufficient evidence of domicile sufficient to effect classification as an in-state student under regents' policies:

a. Voting or registration for voting.

b. Employment in any position normally filled by a student.

A law research assistant must have successfully completed the first year of law study (32 credit hours). An LRA is employed on a semester basis at $1,000 ($500 during the summer) with a reduction in tuition. An obligation of 100 hours of work (50 in the summer) is to be completed before the beginning of the next academic semester, with a recommended maximum work load of 10 hours per week. Law research assistants are recruited and selected by individual faculty members.

Educational Loans

The Office of Student Financial Aid provides financial assistance to promising law students who, without such help, would be unable to enter or complete the study of law. A law student who needs financial assistance is expected to work for and
borrow a reasonable portion of the funds needed to meet expenses. The student is expected to make a maximum effort to assist in the payment of his or her expenses.

Recipients of loan programs are selected on the basis of relative financial need, academic achievement, character and future promise. Information concerning application for financial assistance is available from the Office of Student Financial Aid. Applications should be filed no later than April 1 preceding the school year for which assistance is desired.

In order for a College of Law student to continue to receive financial aid from federal or state financial assistance programs, the student must exhibit satisfactory academic progress.

**Federal Loan Programs:** Effective July 1994, Georgia State University began participating with the federal government in the Federal Direct Student Loan Program. Eligible students may borrow funds from the Federal Direct and Federal Unsubsidized Direct Loan programs. Parents of eligible, dependent undergraduates may borrow from the Parent Loan Program. The university will determine eligibility for each of these programs, originate and disburse the loans directly to the student and/or parent borrower.

**Emergency Loan Fund:** Emergency loans for assistance in paying registration fees are available at the beginning of each semester. Loans vary in amount based on the number of hours for which the student is enrolled. The normal maximum loan is for 75% of fees. When general university emergency loan funds have been exhausted, College of Law students have access to a special College of Law emergency loan fund, which in cases of extreme hardship may equal the total amount of fees charged to in-state students. Loan applications may be obtained from the Office of Student Financial Aid. Applications are normally made available on the first day of each phase of registration.

**Federal Perkins Loan (EPL):** Federal funds are provided to the university for the purpose of making low interest, long-term loans available to students who have a need for assistance. Applicants must be U.S. citizens or eligible noncitizens. These loans bear no interest until six or nine months after a student graduates or drops to less than half-time enrollment for a specified length of time. A portion of the loan may be cancelled for service as a teacher of handicapped children or for teaching in schools that have a special designation from the Commissioner of Education. Under special conditions, service in the Armed Forces may cancel a portion of the loan. Students who serve as law enforcement officers or corrections officers after graduation may be able to have up to 100 percent of their loan cancelled. Eligible students with complete applications for student financial aid will be considered.

**Supplemental Loan for Students (SLS):** Loans are available for independent undergraduates and for graduate students. Eligibility is certified by the Office of Student Financial Aid and funds are provided by a lending institution. Loan eligibility is not limited to borrowers who demonstrate need. Maximum loan amount per academic year is $4,000. Repayment of principal can usually be deferred as long as the required enrollment status is maintained. Normally, the student pays interest while in school. However, some banks allow the interest to be capitalized while the student is in school. A complete application for student financial aid is required. Contact the Office of Student Financial Aid for application procedures.

**Law Access Loan (LAL):** This loan program offers a privately insured loan, designed to meet the need of law school students and their parents. The LAL is a cost-based rather than a need-based loan. The loan amount is determined by the cost of education less other financial aid received. The maximum loan is $12,500 per academic year. Other information including terms of repayment, interest rates, etc., may be obtained from the College of Law Financial Aid Office.

**Employment and Work Study**

Full-time students are reminded that they may not work more than 20 hours per week at outside employment. Students who must work at outside employment in excess of 20 hours per week must transfer immediately to the part-time program. The college reserves the right to require that any full-time student produce proof that his or her outside employment does not exceed 20 hours per week.

The maximum amount that can be earned each semester on the College Work Study Program is based upon financial need as established by the College Scholarship Service Financial Aid form. Detailed information is available through the Office of Student Financial Aid.

**Social Security Benefits**

Most types of social security educational benefits expired in April 1983. Applicants who believe they are members of an exceptional group still covered should contact their social security office to determine eligibility. If benefits are available, the social security office will send a verification of enrollment form to the Student Records Section of the Office of the Registrar, which will be returned promptly and directly to the Social Security Administration.

**Veterans Benefits**

Georgia State University maintains a veterans coordinator in the Office of the Registrar to certify and assist students who are eligible for
veterans benefits and to coordinate veterans affairs.

Any veteran who wishes to attend Georgia State University under any of the veterans' benefit programs provided by public law should apply to the Georgia State University admissions office in the normal manner. It is advisable for a veteran who has not previously used any educational benefits to apply to the Department of Veterans Affairs for those benefits, and for a veteran who will be transferring to Georgia State from another institution where educational benefits were received to process a “Request for Change of Program or Place of Training” form with the Department of Veterans Affairs concurrently with his or her application to Georgia State University. As soon as the applicant is notified of acceptance by the Georgia State University admissions office, the GSU veterans coordinator should be contacted for further instructions.

Continuing students who wish to continue to receive benefits must complete the GSU Veterans Information Sheet through the Veterans Coordinator each quarter. Students whose attendance was interrupted must renew their certifications at the beginning of the next quarter of attendance in which they wish to receive benefits. Learning Support Programs students, students on active military duty, and students attending on a less-than-half-time basis must renew their certifications each quarter. These students who are certified on a quarterly basis will routinely experience a break in benefit payments between terms and should contact the Veterans Administration Regional Office to ascertain the amount and schedule of their checks.

Vocational Rehabilitation

Certain physically or mentally handicapped individuals enrolled at Georgia State University may qualify to receive financial aid through the State Vocational Rehabilitation Program. Students who think they may qualify under this program should contact one of the area vocational rehabilitation centers.

Copies of most materials from a student's record may be obtained through the Office of the Registrar. A fee may be charged. Georgia State University is unable to provide copies of transcripts from other schools, special certifications based upon educational experience from other institutions, or scores from testing agencies. Copies of these materials must be requested directly from the issuing institution or agency. (Please see the information on “Access to Student Records,” under “General Information,” in this bulletin.)

Bar Examination Registration and Review Courses

The various states have their own requirements for admission to practice law. Some of these require registration with their official bar admission agency prior to or shortly after admission to law school in order to indicate the intention to apply for and take the bar examination in that state upon graduation from law school. Students who have definite preferences for out-of-state employment after graduation are advised, before entering any law school, to obtain from the appropriate authority in the state in which practice is contemplated precise information concerning such requirements. Students intending to take the bar examination and to practice in Georgia should register for the Georgia Bar Examination no later than the completion of the first year of law studies; an escalating fee schedule for delayed registration provides considerable financial incentive for early registration.

No courses in the curriculum of the College of Law are taught with any focused emphasis on the law of any particular state, including Georgia. It is the responsibility of the student, by self-study, to extend the content of his or her coursework to application to the law of any particular state in which he or she intends to take the bar examination and practice.

The College of Law does not offer a bar review course with respect to the bar examination of any particular state, including Georgia. Such bar review courses available in the various states are conducted by commercial organizations. Most law students all over the country utilize such bar review courses for their preparation for bar examinations.

It administers the records of students' formal programs of instruction and provides the capability of properly administering the business-related activities of the university.

IS&T is a liaison between state telecommunication office and the university community. This service includes administering telephone installations and changes, providing consultation and advice to the university community on telecommunication products, services, and prices, and providing directory and operator assistance to the public, students, faculty and staff.

IS&T staff provide training and computer-assisted instruction and short courses. Consultants are available to assist users on an individual basis and telephone help lines for faculty and general users are maintained. Communication with the user community is further implemented through web pages, technical publications, and an online electronic mail box for user problems and questions.

The basic elements of the infrastructure are large scale computers, network file servers, open access labs, central printing services, and the campus network that connects all these elements together and to the outside world through PeachNet and the InterNet. Related services include installation and support for departmental local area networks connected to the campus network, minicomputer hardware maintenance, training, consulting, and publications.

Large-scale computing is offered via an Amdahl 5995-500 using IBM's MVS/XA operating system and a Unisys 2200/500, which supports the PALS Across Georgia Resource Sharing and Union Catalog projects, and a Sun Sparc Server to support the University System's GALILEO project. A Silicon Graphics Power Challenge I provides support for research and instructional use. A Sun Sparc Server 1000 supports Unix-based E-mail services.

More than 100 network file servers provide access to centrally supplied software, support electronic mail (GroupWise) and provide services to more than 5,000 microcomputer workstations, including more than 550 workstations in open and instructional labs.

Campus printing resources include more than 250 low-speed remote network printers, and a central printing complex consisting of a Xerox Docuprint network printer, a Xerox Docutech Publisher, a Xerox 4850 spot color printer, and a Xerox 4700 full-color printer. (b) Initial investigation. When a possible violation is reported, the Associate Dean shall be notified immediately, and within a reasonable time shall make a preliminary determination whether the possible violations fall principally within the jurisdiction of the Honor Court or the Faculty Honor Code Committee, as provided by this Code. Based on such determination, the Associate Dean shall, in writing, direct the Chief Magistrate of the Honor Court, to proceed as provided in subsection (b)(1) below, or a faculty investigator to proceed as provided in subsection (b)(2) below. After such direction, the Associate Dean shall, absent exceptional circumstances making notice inappropriate, notify the student(s) being investigated, inform them of the nature of the complaint, and explain the procedures for resolving the issues raised by the complaint.

(1) Honor Court Investigations. When a possible violation is directed by the Associate Dean for determination by the Honor Court, the Chief Magistrate shall appoint a prosecutor (selected pursuant to Section 12(b)(1)(A)) to investigate the pertinent facts of the alleged violation and report in writing to the Associate Dean and the Chief Magistrate as soon as possible. Justice shall set a time for the alleged violator to have a hearing before the Honor Court. Upon a finding by the Associate Dean and the Chief Magistrate that there exists probable cause to believe that a violation of Sections 3, 6, 7, 8, 9, or 10 of this Code has occurred, the Associate Dean shall refer the case to the Faculty Honor Code Committee for all further proceedings. (ii) If probable cause is not found, the matter shall be closed. The Associate Dean shall send a letter to the subject student reporting the finding of no probable cause and informing the student that he or she may be required by bar admission authorities to report this matter but that the student is authorized to include in any such report that the matter was “dismissed at the first opportunity for lack of probable cause.”

(2) Faculty Investigations. When the Associate Dean determines that reported violations of the Code should be referred to the Faculty Honor Code Committee, he or she shall appoint a faculty member who is not a member of the Faculty Honor Code Committee to investigate the pertinent facts of the alleged violation and report in writing to the Associate Dean as soon as possible. The report shall address at least the following matters: (i) whether there is probable cause to believe that a violation of the Code has been committed by the student who is the subject of the investigation; (ii) which Code sections, if any, have possibly been violated; and (iii) what person or persons are believed to possess knowledge that is relevant to the matter.

(3) Assistance for Investigator. If the investigator determines that the nature of the case requires the services of a person to gather, develop, or prepare evidence in the case, upon the request of the investigator the Associate Dean shall appoint such a person.

(4) Probable Cause Finding.

(A) The hearing shall be scheduled before the Faculty Honor Code Committee if the investigator’s report found probable cause for any violation of Sections 3, 6, 7, 8, 9, or 10 of this Code. In all other instances, the hearing shall be scheduled before the Honor Court.

(B) In the event that the investigative report indicates that there is probable cause to proceed, the Associate Dean shall promptly forward the report to the Chair of the Faculty Honor Code Committee who shall set a time for the alleged violator to have a hearing before the trial body. In the event that the investigative report indicates that there is not probable cause to proceed, the matter shall be closed and the Associate Dean shall send a letter to the subject student reporting the finding of no probable cause and informing that student that he or she may be required by bar admission authorities to report this matter but that the student is authorized to include in any such report that the matter was “dismissed at the first opportunity for lack of probable cause.”

(C) In making a determination of probable cause, the investigator shall, absent exceptional circumstances making notice inappropriate, provide the student, who is the subject of the investigation, with the opportunity to make a statement if he or she desires.

(c) Hearings Before a Trial Body.

(1) The presiding officer of the trial body shall be the Chief Justice in the case of proceedings before the Honor Court, and the Chair in the case of proceedings before the Faculty Honor Code Committee.

(2) The manner of conducting the hearing by trial bodies shall be determined by this Code and any supplementary written rules of the body as approved by the faculty. Prior to the hearing, the presiding officer shall consult with the prosecutor or investigator appointed under this Code to determine which witnesses should be asked to be present at the hearing, though this procedure in no way limits or substitutes for the subject student’s right to request the attendance of witnesses in his or her own behalf at the hearing. If possible, the trial body should try to procure the attendance at the hearing of at least one person who can testify from personal knowledge as to the alleged misconduct. No persons other than those present at the request of the trial body or the subject student shall be allowed to be present during the hearing.

(3) Assistance for Trial Bodies. In the event the presiding officer of a trial body determines that the nature of the case requires the trial body have at its disposal the services of a person to gather, develop, or present evidence in the case, upon the request of the presiding officer the Associate Dean shall appoint such a person.
(4) A student whose possible violation of the Code is the subject of a hearing by a trial body shall be provided:

(A) Written notice of the time and place of such hearing, to be mailed to the alleged violator not less than 10 days before the date of the hearing, which notice shall contain a specification of the violation(s) with which the student is charged, and a copy of the investigative report;

(B) An opportunity to appear at the hearing, with a representative who may, but need not, be an attorney; and

(C) An opportunity at the hearing to (i) be present during the presentation of all testimony to the trial body; (ii) examine all documentary evidence that the trial body has entered into the record of the proceedings; (iii) cross-examine any witnesses who testify against him or her; (iv) present witnesses to testify on his or her behalf and present other evidence, subject to the discretion of the presiding officer of the trial body to exclude evidence that is irrelevant or cumulative; (v) argue the law and facts to the trial body after all the evidence has been presented.

(D) A copy of the investigator’s report, with all attachments, that indicates probable cause to believe that a violation of the Code has been committed by the student who is the subject of the investigation.

(5) The presentation of oral testimony at any hearing provided for under this Code shall be tape recorded in a manner suitable for transcription. At the discretion of the presiding officer of the trial body or upon motion of the subject student, other parts of the hearing also may be tape recorded, but in no event shall the deliberations of the trial body be tape recorded. All tape recordings of the hearing, transcriptions thereof, and any other physical, documentary, or demonstrative material received in evidence at the hearing shall constitute the official record of the hearing.

(d) Findings By a Trial Body. Any violations must be established by clear and convincing evidence. The trial body shall base its determination as to whether a violation has occurred and what sanction or sanctions, if any, should be recommended solely on the evidence contained in the official record of the hearing. If the trial body determines that a violation has occurred, upon request of the presiding officer, the Associate Dean shall furnish the trial body a summary description of any previous charges of Honor Code violations, and their disposition, against the alleged violator, and such description may be considered by the trial body in determining the appropriate sanction. Regardless of its decision as to whether a violation has occurred or what sanction or sanctions, if any, it should recommend, the trial body shall prepare a written statement setting forth (1) its findings of fact; (2) its conclusions concerning the existence of any violations of particular provisions of this Code; (3) and the sanction or sanctions, if any, it recommends be imposed against the subject student. A copy of such written decision shall be delivered, as soon as possible, to the Dean and to the subject student. A trial body that has found a student in violation of this Code and is considering a sanction of suspension for one semester or more or permanent dismissal or similar sanctions must defer further deliberation on sanctions until the student has been informed of the trial body's finding of a violation and has been given an opportunity to present any evidence relating to mitigation of the sanction or sanctions.

(e) Possible sanctions imposed against a student for violation of this Code include, but are not limited to, the following or any combination of the following:

(1) permanent dismissal from the College of Law;

(2) suspension;

(3) a reprimand.

Any finding of a violation of this Honor Code, unless it is overturned by subsequent proceedings, must be noted on a student's official record at the College of Law. A separate file shall be maintained by the College of Law of findings of probable cause that an Honor Code violation has occurred. Any such finding can be shared with appropriate Fitness Committees of State Bar organizations. In no event shall the trial body recommend the imposition of a particular grade as a sanction for a violation under this Code. However, if the violation arose from activity related to a course or other graded activity, the trial body shall inform the
faculty member charged with grading that course or activity of its decision and recommendations. The faculty member may then impose or adjust any grade in light of the trial body's findings.

(4) notation of violation on the student's permanent record;

In no event shall the trial body recommend the imposition of a particular grade as a sanction for a violation under is Code. However, if the violation arose from activity related to a course or other graded activity, the trial body shall form the faculty member charged with grading that course or activity of its decision and recommendations. The faculty member may then impose or adjust any grade in light of the trial body's findings.

(f) Decision and Review by the Dean.

(1) All recommendations for sanctions by a trial body are made to the Dean, who may impose the recommended sanctions or lesser ones in his or her discretion. Any such action of the Dean shall be based only on the official record of the hearing and the findings of fact and conclusions submitted by a trial body. The Dean shall refer any offers of evidence that are outside the record to the Chair of the Faculty Honor Code Committee, or to the individual who chaired the trial body (referred to as the "Chair"), if the Chair of the Faculty Honor Code Committee did not chair the trial body, who shall treat the offer of such additional evidence as a motion to reopen the record to permit the consideration of new evidence. If the Chair finds that the new evidence could not reasonably have been presented at the hearing and the evidence is material to the finding that there was a violation of the Code, the Chair shall withdraw the trial body's findings of fact and recommendations regarding sanctions and reconvene the trial body that made the initial recommendation to the Dean to receive the new evidence. If the new evidence relates only to possible sanctions, the Chair may either reopen the hearing to consider the new evidence or return the evidence to the Dean for his or her consideration in deciding the appropriate sanctions. If the new evidence reasonably could have been presented at the hearing, or if the evidence is immaterial or cumulative of evidence already in the record, the Chair may refuse to reopen the hearing or otherwise add the evidence to the record forwarded to the Dean.

(2) If the Dean, in his or her discretion, based upon a review of the written findings of facts and conclusions submitted by a trial body and the official record of the hearing, upon newly discovered evidence, or upon an express recommendation of the trial body, decides that further proceedings should be held regarding the matter, the Dean may:

(A) remand the matter to the trial body which held the original hearing for further proceedings consistent with the Dean's written order to that effect;
(B) order a de novo hearing before the Faculty Honor Code Committee if the original hearing has been held before the Honor Court;
(C) order a de novo hearing before the full faculty pursuant to the rules of procedure applicable in a hearing before the Faculty Honor Code Committee, except as such rules of procedure are specifically amended by a majority vote of the full faculty for the purpose of conducting such de novo hearing.

(3) Any final decision of the Dean regarding imposition of sanctions against a student for any violations of this Code may be appealed according to the statutes, rules, and regulations governing such appeals at Georgia State University of the University System of Georgia.

(g) Investigative Report; Subsequent Charges.

(1) An investigative or prosecutor's report submitted to the Associate Dean or Honor Court shall include a report on all possible violations of this Code known to the investigator or prosecutor at the time the report is submitted. If, after the investigative or prosecutor's report is submitted to the Associate Dean or Honor Court but before the trial body's findings have been submitted to the Dean, the Associate Dean or Honor Court is informed of additional possible violations of the Code by the alleged violator, the Associate Dean or Honor Court shall suspend any hearing regarding the initial violations until the additional possible violations have been investigated and the report thereon submitted to the Associate Dean or Honor Court pursuant to this Code.
