The University System of Georgia

The University System of Georgia includes all state-operated institutions of higher education in Georgia; four comprehensive and special purpose universities, two regional universities, 13 state universities and senior colleges, and 15 two-year colleges. These 34 public institutions are located throughout the state.

A 16-member constitutional Board of Regents governs the University System, which has been in operation since 1932. Appointments of board members, five from the state-at-large and one from each of the state’s eleven congressional districts, are made by the governor and are subject to confirmation by the State Senate. Regular terms of board members are seven years.

The chairperson, vice chairperson, and other officers of the Board of Regents are elected by the members of the board. The chancellor, who is not a member of the board, is the chief executive officer of the board and the chief administrative officer of the University System.

The overall programs and services of the University System are offered through three major components: instruction, public service and continuing education, and research.

Instruction consists of programs of study leading toward degrees, ranging from the associate (two-year) level to the doctoral level, and certificates.

Standards for admission of students to instructional programs at each institution are determined by the institution pursuant to policies of the Board of Regents. The board establishes minimum standards and leaves to each institution the prerogative to establish higher standards. Applications for admission should be addressed to the institutions.

Public service and continuing education consist of nondegree activities, primarily, and special types of college degree credit courses. The nondegree activities include short courses, seminars, conferences, and consultative and advisory services in many areas of interest. Typical college degree credit courses are those offered through extension center programs and teacher education consortiums.

Research encompasses scholarly investigations conducted for discovery and application of knowledge. Most of the research is conducted through the universities; however, some of it is conducted through several of the senior colleges. The research investigations cover matters related to the educational objectives of the institutions and to general social needs.

The policies of the Board of Regents provide a high degree of autonomy for each institution. The executive head of each institution is the president, whose election is recommended by the chancellor and approved by the board.

College of Law

In September 1982, the College of Law began operation on GSU’s centrally located campus under a Board of Regents’ mandate to obtain ABA accreditation as soon as possible. New, modern physical facilities were provided, and the college, offering conventional first-year law courses to both day and evening students, enrolled a first-year class of more than 200. Second- and third-year classes now complete a student body of approximately 600 students.

It is intended that the College of Law will expand opportunities for a legal education to the broader range of career constituencies which exist in a modern, densely-populated urban community.

The college is accomplishing this by developing, in addition to conventional law study, an affirmative attitude about part-time law study, by making it an attractive alternative equally respectable with conventional full-time programs for those who need or want it.

With this in mind it is anticipated that all of its students will gain a knowledge of the law, of legal institutions, and of legal processes. This knowledge will become progressively more important to their upward movement, both vocationally and avocationally.

Goals and Purposes

The primary purpose of the College of Law is to establish and maintain an educational program in law leading to the Juris Doctor (J.D.) degree. The program is designed for the benefit of qualified students who meet the requirements for graduation by residence study on a full-time or part-time basis, and who, upon the satisfactory completion thereof, will be qualified academically to sit successfully for the bar examination in the states of their choice, be admitted to the bar, and authorized to practice law therein.

Secondary purposes include the development of interdisciplinary programs in collaboration with other colleges of Georgia State University. Presently, the College offers a joint J.D./M.B.A. program in collaboration with the College of Business Administration and a joint J.D./M.P.A. program in collaboration with the University’s School of Policy Studies.

Accreditation

Georgia State University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097; Telephone number 404-679-4501) to award Bachelor’s, Master’s, Educational Specialist, and Doctoral Degrees.

The College of Law is fully accredited by the American Bar Association and the Association of American Law Schools.

Admissions

Application materials and information regarding applications and admissions procedures may be obtained from:

College of Law
Georgia State University

Atlanta, GA 30302-4049
Phone 404/651-2048

General Policy: It is the policy of the College of Law to admit to its classes only those applicants who possess the intellectual capacity, maturity, moral character, and motivation necessary for the successful completion of its course of study leading to the Juris Doctor (J.D.) degree.

Selection Procedure and Criteria: The College of Law has a “rolling admissions” policy. A faculty Admissions Committee reviews files continuously until the class has been completed. The application deadline is March 15.

Factors in an applicant’s background that may add diversity to the makeup of the class, and thereby enrich the educational experience of the group, may become factors of importance in choosing among applicants. Such diversity factors include extracurricular activities, unusual work experience, unusual career objectives, geographic origin, and advanced study or degrees in other disciplines.
In reviewing the total file of the applicant the Admissions Committee will assure that its selection procedures and judgments will not reinforce disadvantages that result solely from historical exclusions; moreover, the committee believes that members of historically excluded groups can bring valuable perspectives to the law school. The committee will be attentive to the uniqueness of each applicant.

Anyone whose application materials indicate that he or she does not appear capable of satisfactorily completing the required course of study will not be admitted.

Beginning Students: Students beginning the study of law are accepted for admission only in the fall semester and only as candidates for the Juris Doctor (J.D.) degree. Admission will be based on an evaluation of several factors including the following: (1) an undergraduate baccalaureate degree from an accredited college or university (an undergraduate degree is required to qualify for entry to the College of Law); (2) an acceptable cumulative grade-point average on all course work attempted in undergraduate study; (3) a recent LSAT/LSDAS report showing an acceptable Law School Admission Test (LSAT) score and undergraduate transcript; (4) specified letters of recommendation; and (5) a personal statement by the applicant showing reasons why he or she should be admitted to the study of law at GSU.

Transfer Students: A student who wishes to transfer from a law school which has been approved by the American Bar Association will be considered only after completion of the first year of full-time law study. A student who has been excluded from another law school and is ineligible for readmission at such school will not be admitted to the College of Law. Each prospective transfer student must provide a letter from the dean of the current or previously attended law school stating that he or she is currently in good standing, eligible to return to that law school, and class ranking, if available.

No credit for advanced standing will be allowed for courses completed at law schools that are not accredited by the American Bar Association. No credit for advanced standing will be allowed for any law school course from another accredited law school for which a grade lower than a "C" or its equivalent has been given.

A transfer student who is admitted to the College of Law must understand that in order to receive the J.D. degree from Georgia State University, he or she must: (1) satisfy the degree and residence requirements applicable at the time of admission; (2) meet the residence requirement of at least four full semesters of residence or the equivalent at the College of Law; and (3) earn at least 60 semester hours (of the total 90 semester hours required to graduate) at the Georgia State University College of Law. Credits earned at other institutions are not used in computing the cumulative grade-point average.

Guest Students: Third-year law students at ABA-accredited law schools who are in good standing may apply as guest students to earn credit for transfer back to the degree-granting institution. Guest students may attend the College of Law for no more than 32 semester hours, not to exceed three semesters (including the summer semester). However, second-year students may apply as guest students under special circumstances.

Special Student Status: Graduate students who wish to take an advanced course in the College of Law in support of their academic program in another college at Georgia State University, and graduate students at other accredited institutions or those equivalent to same at foreign institutions, may apply for admission as special students. Any such students subsequently admitted to the College of Law as students in a law degree program may not count toward that degree any credits earned while in special student status.

Attorneys admitted to the bar of Georgia or another state may apply for admission as special students but, in that capacity, may only audit a course at the college with the permission of the dean and of the instructor of that course. Attorneys subsequently admitted to the college as students in a law degree program may not count toward that degree any course credit equivalents attributed to them while in special student status.

International Applicants: International applicants for a law degree program should understand that special grading standards do not exist in the College of Law. Applicants whose native language is not English are required to take the Test of English as a Foreign Language (TOEFL) to demonstrate a satisfactory level of proficiency in the use of the English language. For further information and the appropriate application forms, applicants should contact TOEFL, P.O. Box 899 Princeton, NJ 08541 USA.

International applicants will also need to provide documentation of their visa and financial status prior to admission.

Joint Degree Programs: The College of Law offers, in conjunction with the College of Business Administration and the School of Policy Studies, two joint degree programs. These programs allow students to earn both a Master's degree and the Juris Doctor degree by allowing some of the course work in each program to satisfy requirements in the other. Applicants to either the M.B.A./J.D. (Master of Business Administration/Juris Doctor) or the M.P.A./J.D. (Master of Public Administration/Juris Doctor) joint degree programs must meet the entrance
requirements and follow the application procedures of both the College of Law and the College of Business Administration (for the M.B.A./J.D.) or the School of Policy Studies (for the M.P.A./J.D.). Applicants must be accepted by both colleges. Interested applicants should contact the appropriate colleges for application procedures and materials for the M.B.A. or M.P.A. programs. Students enrolled in a joint degree program who subsequently decide not to pursue both degrees may remain in either of the programs. However, any hours earned in a degree program from which the student withdraws will not be credited toward a degree by the college in which the student remains. See the section entitled “Additional Education Programs” later in this bulletin for specific details about the joint degree programs.

Law Library

The Law Library is a growing center for legal research with a collection of more than 135,000 hard copy volumes and 110,000 microform equivalent volumes for a total of 245,000 volumes. The library's collection includes the court reports and statutes of all jurisdictions in the United States, as well as selected materials of Great Britain, Canada, and the European Community. The extensive holdings of legal periodicals, treaties and loose-leaf services cover many subject areas. The library's microform collection offers access to historical documents and federal records. As a depository for government documents, the library obtains federal publications which support legal research. Legal videotapes are also available for student use.

In addition to traditional materials and services, the library takes advantage of the capabilities of modern technology to provide access to information. Both LEXIS and WESTLAW computerized legal research systems are available for student use. The library has an expanding computer lab for word processing, Internet, e-mail and computerized legal research. The library's collection is accessible through an on-line catalog. Materials unavailable in the library can be obtained through interlibrary loan from other libraries participating in the national OCLC network.

The library offers a variety of study areas, carrels, tables, and small group conference rooms. Except for a small reserve section, books are housed on open shelves.

A staff of professional librarians and support personnel service the law library's collection. The librarians provide reference service and instruct in the use of traditional and computer-assisted legal research.

The J. D. Course of Study

Required Orientation for Beginning Students

All students accepted for admission to begin study as a first-year student in the College of Law are required to attend orientation during the week preceding the beginning of regular fall semester classes. During this week, students also will meet with the Research, Writing and Advocacy Instructors and with the law library staff who teach Legal Bibliography. The purpose of orientation week is to introduce students to the study of law and to help them make the transition into law school.

The Basic Programs

To satisfy the requirements for the J.D. degree, a student must complete a minimum of 90 hours. The College of Law offers both a six-semester (full-time) and a nine-semester (part-time) program to fulfill the 90-hour requirement. The number of semesters, six and nine respectively, refers to the number of academic semesters in residence required for the completion of the curriculum. The maximum number of credit hours in courses graded on a “S”/“U” basis that can be applied toward graduation is eleven. The maximum number of clinical or externship course hours that can be applied toward graduation is six. The maximum number of credits for independent research that can be counted toward graduation is two.

Residency Requirement

In addition to meeting other graduation requirements (including the successful completion of at least 90 semester hours), a student must comply with the following residency requirement. All students must earn a minimum of 36 residency units. Residency units are measures of a student's academic effort measured by the number of credit hour completed with a passing grade during a semester.

<table>
<thead>
<tr>
<th>Residency units are earned according to the following scale:</th>
<th>12+ hours</th>
<th>earns</th>
<th>6 residency units</th>

</tr>
<tr>
<td>1-2 hours</td>
<td>earns</td>
<td>1 residency unit</td>
<td></td>
</tr>
</tbody>
</table>

The maximum number of residency units that can be earned in the summer term is three.
Full-time and Part-time Student Status

In order to compare a student’s residency credit, it is necessary to know whether the student is enrolled as a full-time or as a part-time student. A “full-time student” is a student who devotes substantially all of his or her working hours to the study of law. A “part-time student” is any student other than a full-time student. Any student who is employed in a job for twenty or more hours a week is considered a part-time student.

Six-Semester Program

A full-time (or six-semester) student must be in residence for at least six semesters. In order to graduate after the successful completion of six semesters, a full-time student would be required to carry on average almost 15, and no fewer than 12, hours of course work during each of the third through the sixth semesters. A full-time student cannot take more than 16 hours per semester without permission from the office of the associate dean and cannot receive more than six residency credits in any single semester. A full-time student may take fewer than 12 hours of course work after the second semester by either switching to the part-time program or by requesting a reduced course load, but such students would earn fewer than six residency units for those semesters and thus would take more than six semesters to graduate. In order to be considered full-time, students must carry at least six hours, but no more than seven hours during the summer term. The number of semesters required to complete the program would depend on how many semesters it took to earn the required minimum of 36 residency units as determined from the table above.

Nine-Semester Program

A part-time (or nine-semester) student must be in residence for at least nine semesters. In order to graduate after the successful completion of nine semesters, a part-time student would be required to carry no fewer than eight nor more than eleven hours during the third through the ninth semesters.

For the purposes of the residency requirement, students registered in the part-time program are considered part-time students regardless of the number of credit hours actually taken in any one semester (so long as the number of hours does not exceed 11) and regardless of whether they take their courses in the day or evening. In order to be considered part-time, students must carry at least four hours in a summer term.

Students must be registered in either the full-time or part-time program and may not transfer from one program to another without permission of the associate dean.

Minimum Load Requirement

Full-time (Six-Semester) Students

During the first two semesters of enrollment, six-semester students shall enroll in all 31 hours of the required first-year curriculum listed in the model six-semester program in this bulletin. Light-loading for students who have not yet completed this 31-hour course sequence shall be permitted only by approved transfer to the part-time, nine-semester program.

Part-time (Nine-semester) Students

During the Fall and Spring semesters of their first two years of enrollment, nine-semester students shall enroll in all courses listed in the model nine-semester program in the official catalog (bulletin) until those 34 hours of required courses have been completed. During that initial two-year period, students who do not enroll in the minimum course load must withdraw from school entirely.

General Rules for Both Programs

There will be a summer term offering of courses in both programs, and this will allow for acceleration in the completion of the required curriculum.

Students in either program may elect to take their courses in the day or evening subject to the condition that if seating space in a particular class is limited, preference will be given to full-time students in day classes and part-time students in evening classes.

When, in a given semester, a course is offered both as a day class and as an evening class, a student will not be permitted to attend by alternating between such classes during the semester but must attend regularly one or the other.
Policies, Rules and Regulations

In-Course Scholastic Requirements

Attendance: Regular attendance at class sessions is required. Appropriate mechanisms for recording attendance are in place as well as sanctions which may extend to a forced withdrawal from the course for excessive unexcused absences.

Note taking: Note taking is considered a lawyer’s skill to be encouraged. Tape recording of class sessions will not be permitted except by permission in advance from the instructor or when reasonably necessary to accommodate the needs of individuals with disabilities. Individuals with disabilities wishing to tape record a course must notify the instructor of the course and the Office of the Associate Dean.

Examinations: Examinations are submitted and graded anonymously. A system of anonymous grading prevents the examiner from knowing the identity of the examinee. No reexaminations will be given.

When a student, without permission or valid excuse, fails to appear for an examination or appears for an examination and fails to turn in the examination, such student may receive a grade of 55 (“F”) in the course.

Grading: Final grades in each course will be numerical on a 55-100 scale, and a student’s record in the College of Law will be kept on such a basis. This system of grading, however, is not recognized by the registrar of the university who is required by University System of Georgia regulations to keep all official grade records on a letter grade scale, A-D, using a numerical scale of 4.0, with a grade of “F” as a failing grade of no numerical value. On a numerical basis, any grade below 60 is a failing grade, and a grade of 60 or better is required to receive any credit in the course. A failing grade cannot be converted to a higher grade by repeating the course. When numerical grades are transmitted to the Office of the Registrar, they will be converted to the required letter grade as follows:

- 90 or above    A with a numerical value of 4
- 80-89          B with a numerical value of 3
- 70-79          C with a numerical value of 2
- 60-69          D with a numerical value of 1
- 55-59          F with no numerical value

Other marks will be used in appropriate circumstances, such as:

- S Satisfactory
- U Unsatisfactory
- I Incomplete
- IP In Progress
- W Withdrawn without prejudice
- WF Withdrawn failing

Required courses, with the exception of the legal writing requirement, which must be met with a grade of 73 or higher, must be passed with a grade of 60 or better or a satisfactory mark. A student who fails and must retake a required course will receive a separate grade for that course which shall be included in the computation of his or her overall grade average. The prior grade in the course will not be expunged from the student’s record and also will be included in the computation of that student’s overall grade average.

Students who require a statement of good standing from the college after spring semester exams but before the release of spring semester grades will have their status determined by whether their current, cumulative numeric grade average meets the minimum for their next checkpoint.

Ranking: During their law school career, students may receive up to three rankings, according to the following schedule. Each spring, the College of Law will announce three rankings, a Final Ranking (of graduates), a Second Interim Ranking (roughly, of students who have completed their second full-time-equivalent (FTE) year), and a First Interim Ranking (of students who have completed their first FTE year). For the Final Ranking, all students who, in the last year, have completed all requirements for graduation will be ranked on the basis of their overall numeric grade average. Transfer students will be included only in this ranking. For the Second Interim Ranking, all students who, in the last year, have received a final grade in at least one required course, and who have received a final grade in all required courses, will be ranked on the basis of their overall numeric grade average. For the First Interim Ranking, all students who, in the last year, have received a final grade in at least one first-year full-time required course, and who have received a final grade in all first-year full-time required courses, will be ranked on the basis of their numeric grade average in first-year full-time required courses.
Good Standing Requirements

All students are checked for good standing at the conclusion of each semester.

To be in good standing academically, for all purposes including transfer status, a full-time or part-time student must, on the basis of all course work completed, have a cumulative average of at least 73.00. A cumulative average of at least 73.00 is required for graduation. When a student’s cumulative average falls below 73.00, the student shall be placed on probation. A student on probation is permitted a maximum of two semesters in which to raise the cumulative average to the required 73.00. A student who does not raise the cumulative average to the required 73.00 by the end of two probationary semesters shall be excluded from the college. If the student raises the cumulative average to a 73.00 but in a later semester the cumulative average again falls below 73.00, if the student has previously been on probation for two semesters, the student will be excluded from the college, having no further probationary semester available. If, however, the student has previously been on probation for only one semester, the student will be permitted one additional semester to raise the cumulative average to the required 73.00. Probationary semesters do not include the summer term. A student will not be placed on probation before the completion of the first year of law school. A student who does not have a cumulative average of at least 70.00 at the conclusion of his or her first year of law study will automatically be excluded from the college.

Course work completed for the purposes of this requirement means courses taken at the College of Law in which the student has received a final grade of between 55 and 100 inclusive, including grades of “S”, “U” and “WF.”

An “IP” or an “I” grade may not be carried for more than one full semester (excluding summers) after the semester in which a final grade originally was due. If the student has not earned a final grade by that time, a final grade of “NS” will be entered.

If any term’s grades are not available to determine the good standing of a student at the time of registration for the following term, the student may register for the new term. But if it develops when the completed term’s grades come in that the student is not in good standing or must be excluded pursuant to the above policies, he or she may complete the term but any grades that may have been earned in the current term may not alter his or her standing resulting from the prior term’s grades, and appropriate action will be taken thereon.

A student who has been excluded from the College for the academic reasons cited above, may not apply for readmission to the College until two years have passed following the exclusion. Any such application will be treated as an application for admission as a first year student and, in addition to meeting all generally applicable requirements for admission must show compelling reasons as to why the student should be readmitted after exclusion. If readmitted, the student would enter the College as a first year student and would receive no credit for any courses taken prior to his or her exclusion.

Honors Requirements

Graduation with honors will be granted to candidates for the Juris Doctor degree achieving high academic work in all courses attempted at the College of Law. The specific award will be based on the following: (1) “cum laude” for candidates achieving a cumulative grade average of 84.0; (2) “magna cum laude” for candidates achieving a cumulative grade average of 87.0; and (3) “summa cum laude” for candidates achieving a cumulative grade average of 90.0.

Transfers, Withdrawal, Reentry and Grading in Sequential Courses

A student enrolled under an instructor in a sequential course is required to continue enrollment under such instructor until the sequence is completed. Transfer will be allowed to another section involving another instructor only by permission of the associate dean and the instructors involved.

A student who withdraws during the sequence of a course will be permitted to reenter that course only in sequence with the same instructor unless the instructor, before the commencement of the ensuing fall semester, has determined that material changes will be made in the course which will make it inappropriate for a previously enrolled student to reenter the sequence except at its beginning. In this event such a student must reenter the sequence accordingly. A student will be permitted to withdraw only once from a sequential course. If an instructor makes the determination which will preclude a student from reentering the course in sequence, it will be posted outside the suite of administrative offices at the College of Law prior to the commencement of the following fall term, and it is the responsibility of any student involved to keep abreast of the matter.
Where an instructor of sequential courses has opted to grade each semester on a freestanding basis, it will be assumed that successful completion of each semester with a grade of 60 or better will be required for enrollment in a subsequent semester unless, in the instructor’s discretion, enrollment in the subsequent semester may be permitted. If each semester of the sequential course is required for graduation, successful completion of each semester with a grade of 60 or better will be required.

Interruption of Studies

After completing the first 31 hours of the full-time program (excluding summer school) or the first 34 hours of the part-time program (excluding summer school), a student may interrupt his or her law studies and, if in good standing, reenter in any subsequent semester. A student who withdraws during the course of the academic year whose grades would not leave him or her in good standing at the end of the academic year may only be readmitted on probation by permission of the Associate Dean. A student who is absent from the College of Law for two or more consecutive semesters (not including summer) must apply to the Admissions Committee and meet admissions, curricula and graduation requirements in effect at the time accepted for reentry.

A full-time student enrolled in first-year required courses, and a part-time student enrolled in first- or second-year required courses, who withdraws during the sequence of such courses will not be permitted to resume his or her course of study except in sequence. This may result in a year’s delay. Except under extraordinary circumstances, no student may take more than six years to complete the J.D. program.

Withdrawal from Classes

A student who wishes to withdraw from school prior to the midpoint of each semester (see “Academic Calendar”) must receive permission from the Office of the Dean. When withdrawal is approved, a grade of “W” will be recorded in all courses for which the student is registered. Failure to obtain approval may result in a grade of “WF” in all courses.

Ordinarily, a student who wishes to withdraw after the midpoint of each semester will receive a grade of “WF.” A student wishing to withdraw from any or all classes must request permission from the Office of the Dean. Where the cause of withdrawal is an emergency necessitating total withdrawal from all classes, the dean of the College of Law and the dean of students of Georgia State University may determine that the circumstances warrant a finding of nonacademic hardship, in which case the student, if doing passing work, as determined by the student’s instructors, will receive a “W” grade in all courses for which the student is registered. In any other case, the dean of the College of Law, in collaboration with the instructors under whom the student is enrolled, may determine that the circumstances warrant a finding of academic hardship. In such cases, the student, if doing passing work, will receive a “W” grade for such course or courses as may be involved.

Resumption of Studies

A student who withdrew prior to the midpoint of the semester or was granted a nonacademic hardship withdrawal during the first year of full-time law study or the first two years of part-time law study may reenter the college in good standing the next succeeding fall semester as a matter of right, or a later semester or year by permission of the Admissions Committee. A student who withdrew during the first year of full-time study or the first two years of part-time study but who was not granted a nonacademic hardship withdrawal must apply to the Admissions Committee for permission to reenter the College of Law.

A student who withdraws from the College of Law leaving one or more “IP” grades outstanding in sequential courses is, on his or her reentry to the college, subject to whatever grading and scheduling arrangements the relevant instructors and associate dean deem appropriate for completion of the sequential course or courses.

All of the above provisions are subject to the six-year J.D. program completion rule. A student admitted to the College of Law but who before initial enrollment in courses at the college decides to postpone legal studies must reapply for admission to any succeeding class.

Medical Withdrawals and Reentry

Except in circumstances of emergency, a student who proposes to withdraw for medical reasons must provide a statement from a physician or psychiatrist of the diagnosis involved. In any case, when the mental condition of the student is a factor in the withdrawal, a diagnosis and evaluation with respect to effective continuance in law study is required. Moreover, the reentry of a student following withdrawal for medical reasons must include a clearance by the student’s physician or psychiatrist with a particular evaluation of the effectiveness of the student to continue in law study. Before reentry is authorized, the dean may refer the application for reentry, and the supporting data, to the University Counseling Center and consider its evaluation of the student’s ability to continue successfully in the study of law.
Student Appeals Procedures

The appeals procedure for students in the College of Law will follow different courses depending on the nature of the student’s appeal.

Appeal of Course Grade

The process of appealing a course grade is as follows:
1) A student must first review the situation with the instructor who assigned the grade. This review must take place within 30 calendar days of the date the grades are mailed.
2) If the question is not resolved with the instructor, the student may appeal in writing to an ad hoc three-person faculty appeal committee appointed by the dean. The issue on appeal will be restricted to the matter of due process with respect to the course grade. This request must be received by the dean of the College of Law 14 calendar days after the date of review with the instructor. The decision of the faculty appeal committee will be conveyed to the student in writing 14 calendar days after the date of the hearing.
3) If the student wishes to challenge the decision of the faculty appeal committee, the student may appeal in writing directly to the dean of the College of Law. The written appeal must be received within 14 calendar days of the date of the letter stating the decision of the faculty appeal committee. Again, the issue on appeal will be restricted to the matter of due process with respect to the course grade. The dean of the College of Law will review all facts and render a decision in writing within 14 days of receipt of the student’s letter. The decision of the dean shall be final except as further appellate process may be available at the university level.

Appeal of Misconduct Sanctions

Appeals from a finding of a violation of the Honor Code shall be governed by that Code and the general appeals procedure described below.

Appeals and grievances not specifically covered in the aforementioned procedures should follow the “Student Rights and Responsibilities” section of the GSU publication, On Campus.

General Appeals Procedure

Any applicant for admission to the College of Law who is denied admission by the Admissions Committee, or any student enrolled in the College of Law who is aggrieved by a decision of a faculty committee, concerning suspension, termination, or exclusion shall have the right to appeal the decision to the dean of the College of Law.

The appeal shall be based on the record of the appellant as it exists in the dean’s office and the written petition of the appellant. The dean may call for the personal appearance of the appellant if the dean considers this may serve some purpose. The dean may give consideration to pertinent facts in the record, or developed extrinsic to the record, and revise or modify the challenged decision. Otherwise, the appeal will be considered by the dean solely on the record.

The only grounds for appeal are:
(a) The decision is contrary to the facts in the record or against the weight of the evidence.
(b) The decision violates federal or state law, or federal or state rules or regulations, or the rules or regulations of the Board of Regents, or the Statutes and By-Laws of Georgia State University.
(c) The decision does not give effect to published rules or regulations of the College of Law pertinent to the matter.
(d) The administration of the rules and regulations of the College of Law did not afford appellant due consideration.
(e) The decision is substantially affected by malevolent discrimination against the appellant personally.

The appeal must be in writing and received by the dean of the College of Law within fourteen calendar days after the date of the letter notifying appellant of the decision. The time for appeal may be extended by the dean for cause beyond the control of the appellant. The appeal may be in letter form, and may include whatever the appellant wants considered by the dean. It must, however, specifically indicate one or more of the grounds enumerated above and, with regard thereto, explain, with particularity, the facts, law, rules, regulations, statutes and bylaws which are challenged and, also with particularity, how, or in what way, the committee did not afford appellant due consideration. It need not repeat facts which are otherwise in the record unless the appellant challenges the correctness of such facts. The dean will review the record, thus made, and render a decision within fourteen days of the receipt of appellant’s letter. The decision of the dean will be final except as further appellate process may be available at the university level.
Professional Responsibility

Those who study for the practice of law must join with those who practice law and those who teach law to subscribe to the traditional responsibilities of the legal profession which are:
- the improvement of the law;
- a more effective administration of justice;
- exemplary conduct respecting the personal and property rights of the academic community and others in general;
- ethical representation of persons served by the legal profession, in particular.

The central core of professional responsibility is integrity, both intellectual integrity and integrity in objective conduct. The antithesis of integrity is dishonesty, half-truths, false and misleading communications, plagiarism, cheating, etc. Conduct on the part of law students which violates standards prescribed for lawyers will be referred to as pre-professional misconduct. The College of Law operates under the Honor System; an Honor Code (See Appendix A), and a system of adjudication is in effect, and all students should consider themselves, from their initial enrollment in the College of Law, subject thereto. Its sanctions may extend to exclusion from the college.

Final Examinations

Examinations in the College of Law are normally administered by proctors from the staff who will start each in-class examination and ensure that all examinations end on time. Examinations are graded anonymously through the use of individually assigned exam numbers, which are randomly reassigned each semester. Students must receive their exam numbers in person (and must present a valid photo ID) at the Office of Student Services and may not disclose their numbers until grades are received. Anonymous grading of seminar papers or of projects which require close consultation between a student and faculty member may not be possible.

Students are not permitted to take any regular written examination in any location other than the room assigned. Students typing an examination will use the typing rooms designated on the signs giving the main location of the exam. Typing students will receive the exam and instructions in the main room with the rest of the class, then go to the typing room where his or her typewriter is already set up (see Typing Examinations). Students are not permitted to bring any materials into the examination room other than those specifically permitted by the instructor. Examination books will be provided. All students are bound by the honor code.

Ordinary clustering of examinations during the examination period does not warrant changes to other, more convenient dates. Predictability and fairness to other students with busy examination schedules require faithful adherence to the rescheduling rules. It is not unusual for the last week of the term or the first week of exams to be the deadline for papers or projects. Paper and project deadlines and the date of examinations are announced well in advance of the event. Prudent inquiry and planning will avoid crowding and conflict at the end of the term or during examinations. In no event will the overlap of papers or projects with examinations provide a justification for rescheduling examinations.

Scheduling Makeup Examinations

Students are required to take examinations either on the regularly scheduled day during the examination period or on a day set aside for rescheduled examinations. Failure to take an examination (or approved makeup examination) at the scheduled time, without the prior approval of the associate dean, constitutes failure to complete the work in the course in question and the student will receive the numeric grade of 55 (F) for the course unless the student experienced a family emergency (such as personal illness or the death of a close relative) which prevented him or her from taking the exam as scheduled and presents satisfactory written confirmation of this emergency to the associate dean. In all such cases, the student must notify either a member of the Student Services staff (651-2048), the assistant to the associate dean or the associate dean (651-2044) of the student’s absence prior to the time scheduled for the examination.

A student may request a change of examination date to the very next appropriate designated makeup examination date subsequent to the scheduled date if he or she has two or more examinations scheduled to begin within a 24-hour period. (A 6:00 exam followed by a 1:00 exam the next day is considered a conflict; a 6:00 exam followed by a 6:00 exam the next day is not considered a conflict.) Students who have other conflicts (such as chronic health problems, work or religious observances) must submit a request for a makeup examination as stated above. Students requesting makeup examinations for any reason should use the forms for this purpose. These are available from the third-floor receptionist. All requests will be evaluated on an individual basis. Students are not permitted to contact individual faculty members to arrange to reschedule an exam but instead must present requests for rescheduling examinations to the Office of Student Services no later than two weeks prior to the first day of the exam period.
Absent the written permission of the associate dean, all examinations that have been rescheduled for personal or medical reasons must be taken no later than one week after the end of the examination period during regular business days and hours.

Failure to Complete an Examination

A student who receives an examination is expected to finish it during the period for which the examination is scheduled. Students who do not complete examinations will be graded on what they submit during the examination period unless an exception based on very exigent circumstances is granted by the associate dean. Such exceptions will be rare and will be granted only if the student has notified the proctor of the examination of their inability to complete the exam and can establish the reason for such inability to the satisfaction of the associate dean.

Typing Examinations

Students may elect to type their final examinations rather than write them. Paper and a typing room will be provided. Students will receive their examinations and instructions in the main room designated for the exam and will then accompany the proctor to the typing room, where the exam time will begin. Completed examinations will be returned in the main examination room with the other exams. Students must provide their own typewriters. No memory typewriters or word processors may be used.

Students with Special Needs

Students with special needs should contact the Office of Student Services (651-2048) in advance to make individual arrangements.

Career Services Office

The College of Law provides its students and graduates comprehensive career counseling and placement assistance. While recognizing that the ultimate responsibility for securing employment remains with each individual student or graduate, the Career Services Office offers extensive resources to aid these individuals in identifying and achieving both short-term and long-term employment objectives. The office has a library of resource material about employment opportunities and the diverse career opportunities available to law graduates. Workshops, seminars and forums are held to acquaint students with these opportunities and with persons working in these various fields. Students are also assisted, both individually and through group instruction, in preparing effective resumes, cover letters and improving job interviewing techniques. In order to facilitate student contact with prospective employers, the office arranges on-campus interviews with representatives from various private law firms, government agencies and corporations, and forwards resumes to those employers who cannot interview on campus. The office maintains a current listing of job openings for summer, temporary, part-time and full-time employment for the use of College of Law students and graduates. The office seeks to serve concurrently students, graduates, and prospective employers by promoting and maintaining effective relationships between the College of Law and the professionals with whom graduates will be associated. The College of Law is a member of the National Association for Law Placement (NALP).

Additional Educational Programs

Joint M.B.A./J.D. Degree Program

The College of Law collaborates with the College of Business Administration at Georgia State University to offer a course of study leading to the Juris Doctor (J.D.) degree and the Master of Business Administration (M.B.A.) degree. Essentially this is a program which enables a student to complete the requirements for both degrees in four academic years rather than the conventional five. This is accomplished by allowing selected previously-approved course credit for work satisfactorily completed in the College of Business Administration to count also in satisfaction of the 90-hour curriculum required by the College of Law.

Joint Program Degree Requirements: Students must satisfy the curriculum requirements for both the M.B.A. degree as outlined in the College of Business Administration Graduate Bulletin and the J.D. degree as outlined in this bulletin.

For students enrolled in the joint program, the College of Business Administration will allow 12 semester hours of law courses with grades of “B” or better to be credited toward the 12 semester hours for the general business concentration in the M.B.A. program.

Reciprocally, the College of Law will permit, with prior approval, up to 12 semester hours of 8000-level M.B.A. courses with grades of “B” or better and credited toward the J.D. degree. No credit hours for M.B.A. courses will be applied toward J.D. degree requirements until the M.B.A. degree is awarded. A simultaneous awarding of degrees will satisfy this requirement. As stated in this bulletin a law student must earn the equivalent of 90 semester hours of credit to qualify for the J.D. degree.
Enrollment sequencing and time limits. The College of Law does not permit enrollment in the joint degree program after a student has completed more than 20 semester hours of 8000-level M.B.A. coursework. After students have been admitted to both the M.B.A. and the J.D. programs and have declared intent to be enrolled in the joint program, they must, at the first opportunity, complete the first 32 hours of required courses in the J.D. degree as outlined in this bulletin. After completion of these 32 hours of J.D. courses, enrollment in the courses of either college or enrollment in both colleges concurrently is permitted. The requirements for both the M.B.A. and the J.D. degrees must be completed within eight years of the initial semester of enrollment in the M.B.A. program. The J.D. degree must be completed within six years of the initial semester of enrollment in the J.D. program.

An M.B.A. student may be required by the College of Business Administration to take undergraduate or graduate foundation courses before commencing graduate M.B.A. courses. The College of Law strongly recommends that students contemplating part-time law study complete any required foundation courses prior to taking their first law courses.

Joint M.P.A./J.D. Degree Program

The College of Law collaborates with the School of Policy Studies at Georgia State University to offer a course of study leading to the Master of Public Administration (M.P.A.) and the Juris Doctor (J.D.) degrees by allowing selected previously-approved coursework taken at one college to fulfill requirements toward both degrees.

Joint M.P.A./J.D. Degree Requirements: Students must satisfy the curriculum requirements for both the M.P.A. degree as outlined in the School of Policy Studies Graduate Bulletin and the J.D. degree as outlined in this bulletin.

For students enrolled in the joint program, the School of Policy Studies will allow 14 semester hours of law courses with grades of "B" or better to be counted as electives in the M.P.A. program.

Reciprocally, the College of Law will permit approved 8000-level M.P.A. courses with grades of "B" or better to be counted as up to 14 semester hours and credited toward the J.D. degree. The College of Law will not accept as joint degree credits any hours earned for the following courses: PAdm 606, Measurement and Statistics in Public Administration, and PAdm 849, Public Law and Public Administration. Additionally, credit will be granted for joint degree purposes for courses on legal topics only if taken through the College of Law. No credit hours for M.P.A. course work will be applied toward J.D. degree requirements until the M.P.A. degree is awarded. A simultaneous awarding of degrees will satisfy this requirement. As stated in this bulletin, a law student must earn the equivalent of 90 semester hours of credit to qualify for the J.D. degree.

Enrollment sequencing and time limits. The College of Law does not permit enrollment in the joint degree program after a student has completed more than 20 semester hours of 8000-level M.P.A. coursework. The School of Policy Studies does not permit enrollment in the joint degree program if a student has completed more than 40 hours of the J.D. program. After students have been admitted to both the M.P.A. and J.D. programs and have declared intent to be enrolled in the joint program, they must, at the first opportunity, complete the first 32 hours of required courses in the J.D. degree as outlined in this bulletin. After completion of these 32 hours of J.D. courses, enrollment in the courses of either college or enrollment in both colleges concurrently is permitted. The requirements for both the M.P.A. and the J.D. degrees must be completed within eight years of the initial quarter of enrollment in the M.P.A. program. The J.D. degree must be completed within six years of the initial semester of enrollment in the J.D. program.

An M.P.A. student should consult with the School of Policy Studies regarding any courses that students may be required to complete prior to commencing 8000-level courses. If the School of Policy Studies does require any such courses, the College of Law strongly recommends that students planning on part-time law study complete those courses prior to taking their first law courses.

Curriculum

The curriculum of the College of Law is the same for all students enrolled as candidates for the J.D. degree. In general, the same course offerings will be available whether a student is enrolled in the six-semester program or the nine-semester program, but not necessarily during the same semester. The curriculum is made up of 43 hours of required courses and a minimum of 47 hours of elective courses for a total of 90 hours of course study.

Required Courses

The following courses are required for graduation: Research, Writing and Advocacy I and II; Legal Bibliography; Torts I and II; Contracts I and II; Constitutional Law I; Property I and II; Civil Procedure I and II; Criminal Law; Evidence; Litigation; and Professional Responsibility.
Elective Courses

A student has the opportunity to elect a minimum of 47 hours of electives to complete his or her course of study. Electives should be carefully chosen with the consultation of a faculty adviser. Elective courses are fully described in the "Description of Courses" section of the bulletin.

Prerequisites

Many courses in the curriculum are open only to students who have satisfactorily completed specific, prerequisite courses. It is very important that students consider prerequisites in planning the sequence of their course work. Prerequisites can be waived only with the permission of the instructor.

Legal Writing Requirement

Each candidate, as a requirement for the J.D. degree, must complete satisfactorily one substantial legal writing project during his or her upper class period of study. To satisfy this requirement, the student must earn a grade of at least 73 on the written portion of any two- or three-credit course that qualifies as a legal writing course.

Lawyer Skills Development

The development of lawyer skills is a major emphasis in the curriculum of the College of Law. Some of these courses are required of all students, such as: Research, Writing and Advocacy I and II (3 hours); and Litigation (3 hours). In addition, a number of credit courses are offered to second and third year students that involve actual participation in the provision of legal services. These are done in cooperation with various agencies of local government such as the juvenile court, the district attorney’s office, the public defender’s office, local legal aid offices, governmental agencies such as the S.E.C., judges and other offices of state and federal government.

* Part-time students may accelerate graduation by taking more summer courses, or may delay graduation by taking fewer or no summer courses. Although this program is described as typical, it should be noted that there are a variety of ways to reach the 90-hour total required for graduation.

** Summer courses are optional. Their purpose is to provide diversity and balance to a student's course of study.

*** Students are required to take Evidence, Litigation, and Professional Responsibility in the same year, but may postpone taking these required courses until a later year than that recommended. All other listed courses must be taken at the earliest opportunity offered.
Description of Courses

The faculty of the College of Law reserves the right to change the nature of any course offering in any fashion that it judges proper at any time, including the right to establish new required courses, to change current required courses to electives, and the decision as to when and how often any course described below is offered.

NOTE: Course credit hours are shown in parentheses immediately following the course title.

Required Courses, First Year

Law 5000. Civil Procedure I. (3)
An introduction to the basic concepts of the law of civil procedure as a foundation for advanced study in both civil procedure and other areas of substantive law. It provides the student with an overview of procedure in a civil action and examines in detail the traditional bases of in personam, in rem, and quasi in rem jurisdiction of state and federal courts; the constitutional mandate of due process as it relates to notice of actions and the opportunity to be heard in them; federal question and diversity jurisdiction in the federal courts; venue of actions; modern systems of pleading and their historical antecedents, including the complaint, the answer, challenges to the pleadings, amendments, and the joinder of claims and parties.

Law 5001. Civil Procedure II. (3)
This course builds upon the foundation established in Civil Procedure I and exposes the student to the discovery process, the pretrial order and the trial of cases in civil matters, including jury selection and considerations bearing on non-jury trials; the scope and order of trial and the presentation of evidence; opening and closing arguments and instructions to the jury; and attacks on verdicts and judgments. The course concludes with a consideration of the fundamental principles of appellate review and the binding effect of decisions (res judicata, collateral estoppel, and the law of the case).

Law 5010. Contracts I. (3) and Law 5011. Contracts II. (3)
A two-semester examination of the law of contractual obligations covering the formation and interpretation of contracts, legal limitations on the bargaining process, claims and defenses related to breach of contract, and remedies for breach.

Law 5020. Criminal Law. (3)
An examination of the common law origins and modern day codification of the criminal law and defenses thereto.

Law 5030. Legal Bibliography. (1)

Law Student Information

Fee Payment Deadline Date

All matriculation, tuition, and mandatory student fees are payable by the last day of the Phase II Registration period each semester as published in the Schedule of Classes bulletin. Registration is not complete until all fees have been paid. The Phase II Registration period for a semester ends approximately four weeks before the first day of classes for that semester. For the most up-to-date information concerning fee payment and deadline dates, please refer to the current Schedule of Classes bulletin or the website http://www.gsu.edu/~wwwreg/Fees.htm.

Method of Fee Payment

Payment may be made either by cash, VISA or MasterCard, or by check payable in United States currency and drawn on a financial institution located in the United States of America. (The university reserves the right to determine the acceptability of all checks.) Checks must be made payable to Georgia State University and have the checking account number encoded. All checks not drawn in this manner will be returned to the remitter of the check. Payments (checks only) may be mailed to the Office of Student Accounts and must be received (not postmarked) by 7 p.m. on the fee deadline date.

The university reserves the right at any time during the semester to drop any student from classes for failure to pay fees. Students who continue to attend classes under these conditions will be held liable for the fees due plus any service fees assessed, applicable collection costs, court costs, and legal fees. A Student Accounts "Hold" will be placed on the records of any student who has a financial obligation to the university. This student will not be permitted to register for further course work or receive, or have forwarded to external third parties, transcripts of grades until the obligation is settled.

Any person who has a credit card payment rejected or a check returned by the bank for any reason should settle that obligation with the university promptly. Failure to do so will result in nonpayment of fees.

If a check or credit card number given in payment of a student's fees is not paid upon presentation to the banking institution, a Student Accounts "Hold" will be placed on the student's records. All returned checks will be assessed a returned check fee of $15 or five percent (5%) of the face amount of the check, whichever is greater. Georgia State University reserves the right to place a student on "cash only" for issuing a check that is not honored upon presentation to the bank.

It is the responsibility of the student to be informed of, and to observe, all regulations and procedures regarding the payment of fees and the entitlement to refunds. In no case will a regulation be waived or an exception be granted because a student pleads ignorance of the regulation or asserts that he or she was not informed of it by an adviser or other authority. All questions concerning fees and refunds should be directed to the Office of Student Accounts only. Verbal misinformation is not grounds for a waiver of a regulation.

All matriculation fees and other charges are subject to change without notice.

Credit Card Payments

For your convenience, Georgia State University accepts VISA and MasterCard in payment of fees. Students pursuing this option may register and pay fees by telephone, thus eliminating the need to mail or deliver fee payments to the Office of Student Accounts.

Refunds for students paying with VISA or MasterCard will be credited to the credit card account upon withdrawal from classes.

**Georgia Resident Status**

**Regents’ Requirements for Georgia Resident Status**

A person’s legal residence is his or her permanent dwelling place. It is the place where he or she is generally understood to reside with the intent of remaining there indefinitely and returning there when absent. There must be a concurrence of actual residence and of intent to remain to acquire a legal residence.

Students are responsible for registering under the correct residence classification, for notifying promptly the residence auditor of incorrect residence classifications or changes of residence status, and will be liable for additional fees. For example, residence status may change for students if their parents’ states of legal residence change or if their visas change. Individuals who are classified by Georgia State University as nonresident but who later claim to qualify as legal residents must file a “Petition for Georgia Residence Classification” form with the residence auditor in the Office of Admissions. Residence status is not changed automatically, and the burden of proof rests with the student to demonstrate that he or she qualifies as a legal resident under the regulations of the Board of Regents of the University System of Georgia. To insure timely completion of required processing, a student/applicant requesting a change of residence classification for a specific semester should file the “Petition for Georgia Residence Classification” and all supporting documentation not later than three weeks (15 working days) prior to a registration period. Decisions prior to registration cannot be guaranteed when petitions and all supporting documentation are received after the specified deadline.

**Petitions for Georgia Residence Classification** and all supporting documentation must be filed with the residence auditor no later than sixty (60) days after the beginning of a specific academic semester for which classification as a legal resident for fee payment purposes is requested. Petitions received after that time will not be considered for that semester. If the petition is approved, classification as a legal resident for fee payment purposes will not be retroactive to prior semesters.

A student/applicant wishing to appeal a denial decision resulting from his or her Petition for Georgia Residence Classification may request a review of that decision before the University Committee on Residence, and shall submit such request in writing to the Director of Admissions within twenty (20) days of the decision.
If the petition is denied and the student/applicant wishes to petition for a later semester, a new Petition for Georgia Residence Classification must be submitted for that semester.

Legal residents of Georgia, as well as certain categories of nonresidents, may be enrolled upon payment of resident fees in accordance with the following Regents' rules:

A. 1. If a person is 18 years of age or older, he or she may register as a resident student only upon a showing that he or she has been a legal resident of Georgia for a period of at least twelve months immediately preceding the date of registration.

2. No emancipated minor or other person 18 years of age or older shall be deemed to have gained or acquired resident status for tuition purposes while attending any educational institution in this state, in the absence of a clear demonstration that he or she has in fact established legal residence in this state.

B. If a person is under 18 years of age, he or she may register as a resident student only upon a showing that his or her supporting parent or guardian has been a legal resident of Georgia for a period of at least twelve months immediately preceding the date of registration.

C. If a parent or legal guardian of a minor changes his or her legal residence to another state following a period of legal residence in Georgia, the minor may continue to take courses for a period of twelve consecutive months on the payment of resident tuition. After the expiration of the twelve-month period, the student may continue his or her registration only upon the payment of fees at the out-of-state rate.

D. In the event that a legal resident of Georgia is appointed as guardian of a nonresident minor, such minor will not be permitted to register as a resident student until the expiration of one year from the date of court appointment, and then only upon a proper showing that such appointment was not made to avoid payment of the out-of-state fees.

E. Aliens shall be classified as nonresident students, provided, however, that an alien who is living in this country under an immigration document permitting indefinite or permanent residence shall have the same privilege of qualifying for resident tuition as a citizen of the United States.

F. Waivers*: An institution may waive out-of-state tuition for:

1. Nonresident students who are financially dependent upon a parent, parents or spouse who has been a legal resident of Georgia for at least twelve consecutive months immediately preceding the date of registration, provided, however, that such financial dependence shall have existed for at least twelve consecutive months immediately preceding the date of registration;

2. International students, selected by the institutional President or his/her authorized representative, provided, however, that the number of such waivers in effect at any time does not exceed one percent of the equivalent full-time students enrolled at the institution in the fall quarter immediately preceding the quarter for which the out-of-state tuition is to be waived, provided:
   a. Institutions are allowed one percent of waivers for special cases, such as superior out-of-state students in selected programs and/or international students;
   b. The maximum fee waiver for any Institution is two percent;

3. Full-time employees of the University System, their spouses, and their dependent children;

4. Medical and dental residents and medical and dental interns at the Medical College of Georgia;

8. Students who are legal residents of out-of-state counties bordering on Georgia counties in which an institution of the University System is located and who are enrolled in said institution.

*In order to apply for waivers under these provisions, students should contact their academic colleges. Additional waivers for international students may be available through the Office of International Services and Programs.
Objective Standards for Acquiring Georgia Resident Status

For purposes of these regulations, a resident student is defined as a student domiciled in the state of Georgia. A nonresident student is defined as one whose domicile is elsewhere. A student shall not be considered domiciled in Georgia unless he or she is in continuous physical residence in this state and intends to make Georgia his or her permanent home, not only while in attendance at an institution of the University System of Georgia, but indefinitely thereafter as well, and has no domicile or intent to be domiciled elsewhere.

Normally a person from another state who comes to an institution of the University System of Georgia does so for the primary or sole purpose of attending the institution rather than to establish a domicile (residency) in Georgia. Thus, one who enrolls in a system institution as a nonresident student is presumed to remain a nonresident student throughout his or her attendance at the institution unless and until he or she demonstrates by clear and convincing evidence that his or her previous domicile has been abandoned and that Georgia domicile has been established.

No person shall be eligible for classification as a resident student unless he or she has been domiciled in Georgia and has resided in Georgia continuously for not less than 12 months immediately preceding the date of registration. However, there is a strong presumption that such person shall continue to be classified as a nonresident student throughout the entire period of his or her enrollment. Ordinarily, periods while enrolled in school will not count as periods of domicile for purpose of the 12-month durational residency requirement.

The following facts and circumstances, although not necessarily conclusive, have probative value to support a claim for resident student status after the 12-month residency requirement of continuous domicile in Georgia:

a. Continuous presence in Georgia during periods when not enrolled as a student;

b. Payment of ad valorem (property) taxes;

c. Payment of Georgia income taxes;

d. Reliance upon Georgia sources for financial support;

e. Domicile in Georgia of immediate family, other relatives, or persons legally responsible for the student;

f. Former domicile in Georgia and maintenance of significant connections in this state while absent;

g. Ownership of a home or real property in Georgia;

h. Admission to a licensed practicing profession in Georgia;

i. Long-term military commitments in Georgia;

j. Commitments to further education in Georgia indicating an intent to stay in this state permanently;

k. Acceptance of an offer of permanent employment in Georgia;

l. Domicile of student’s spouse in Georgia;

m. Employment of student’s spouse’s in Georgia; and

n. Student’s Georgia address listed on selective service (draft or reserves) registration.

Other factors indicating an intent to make Georgia the student’s domicile may be considered by the system institution in classifying a student.

Normally, the following circumstances do not constitute sufficient evidence of domicile sufficient to effect classification as a resident student under regents’ policies:

a. Voting or registering to vote;

b. Employment in any position normally filled by a student;

c. The lease of living quarters;

d. A statement of intention to acquire a domicile in Georgia;

e. Automobile registration, address on driver’s license, or payment of automobile taxes; and

f. Location of bank or saving accounts.

Refund of Student Fees

Students formally withdrawing from a class or classes will be subject to the application of the following refund policy for matriculation and tuition. Students formally withdrawing from all classes will also be subject to the application of the following refund policy for mandatory student fees.

The Schedule of Classes Bulletin may include short-term classes in addition to the regular full-term classes. These classes may begin after the normal first day of classes. The refund schedule given below will also apply to these classes.

— Students who formally withdraw from a course or the institution prior to the end of the last scheduled registration period, including those who have been excluded subsequent to registration are entitled to a 100% refund of matriculation, tuition, and all fees paid for that period of enrollment.

— Students who formally withdraw from the institution after the last scheduled registration period, but before the end of the first 10% (in time) of the period of enrollment, are entitled to a refund of 90% of the matriculation, tuition, and all fees paid for that period of enrollment.
Students who formally withdraw from the institution after the first 10% (in time) of the period of enrollment, but before the end of the first 25% (in time) of the period of enrollment, are entitled to a refund of 50% of the matriculation, tuition, and all fees paid for that period of enrollment.

— Students who formally withdraw from the institution after the first 25% (in time) of the period of enrollment, but before the end of the first 50% (in time) of the period of enrollment, are entitled to a refund of 25% of the matriculation, tuition, and all fees paid for that period of enrollment.

— Students who formally withdraw from the institution after the first 50% (in time) of the period of enrollment are not entitled to a refund of any portion of matriculation, tuition, and all fees paid for that period of enrollment.

— There will be no refund for reducing course loads after the end of the last scheduled registration period.

— Refund of elective charges for withdrawing from the institution during a quarter may be made on a prorated basis determined by the date of withdrawal.

Placing a stop payment on a check with the institution the check is drawn on does not constitute a formal withdrawal. The student will be held liable for matriculation, tuition, and fees unless the date of official withdrawal from the class or classes at Georgia State University is within the refund schedule; in which case, the student will be held liable for that portion of fees that is not refundable plus the returned check fee and any applicable collection costs.

Refer to the Schedule of Classes Bulletin for specific dates and times of each refund period. The date to be used in determining eligibility for a refund will be the date the withdrawal is executed in the Office of the Registrar.

A student is not entitled to any refund of fees paid if the student:
1. Withdraws from the institution after the first 50% (in time) of the period of enrollment;
2. Reduces his or her course load after the end of the last scheduled registration period;
3. Leaves the university when disciplinary action is pending; or
4. Does not withdraw formally from the class or classes in which he or she is enrolled.

Refunds for students paying with VISA or MasterCard will be credited to the credit card account upon withdrawal from classes. Refunds for students paying with cash or check will be in the form of checks payable to the student and mailed to the student’s address on file with the Office of the Registrar. Refunds for withdrawal from classes for students who receive financial aid will be audited to determine amounts to be returned to the financial aid program and any balance due to the student will be processed and mailed as indicated above. Mailing addresses should be kept current with the Office of the Registrar at all times to ensure proper mailing of refund checks.

Students will not be permitted to participate in the ceremony of any other semester.

Law and Graduate Assistantships and Waivers

Law Research Assistants: Law research assistant is a classification given to law students who assist faculty with research. A law research assistant must have successfully completed the first year of law study (32 credit hours). An LRA is employed on a semester basis at $1,000 ($500 during the summer) with a reduction in tuition. An obligation of 100 hours of work (50 in the summer) is to be completed before the beginning of the next academic semester, with a recommended maximum work load of 10 hours per week. Law research assistants are recruited and selected by individual faculty members.

Law Graduate Teaching Assistants: The College of Law utilizes graduate teaching assistants to serve as tutors for its Academic Enrichment Program. Law graduate teaching assistants receive a stipend and a reduction in tuition. Inquiries about these positions may be made to the Office of Admissions, College of Law.

Graduate Teaching and Research Assistantships: Graduate research and teaching assistantships in the various other colleges may be available to qualified College of Law students. Graduate teaching assistants teach one course in each of the academic semesters or mini-mesters, receive a stipend, and receive tuition reduction. Graduate research assistants devote approximately 10 hours per week to their assigned duties, receive a stipend per semester, mini-mester, or year, and receive tuition reduction. To serve as GTA or GRA students must be currently enrolled in the College of Law, and have the approval of the dean. Inquiries about these assistantships may be made to the Office of the Dean of the various other colleges.

Graduate Waivers of Nonresident Tuition: The College of Law has been allotted waivers of nonresident tuition and matriculation fees to encourage the enrollment of nonresident students of unusual merit. Inquiries about this should be directed to the Office of Admissions, College of Law.

Educational Loans

The Office of Student Financial Aid provides financial assistance to promising law students who, without such help, would be unable to enter or complete the study of law. A law student who needs financial assistance is expected to work for and borrow a reasonable portion of the funds needed to meet expenses. The student is expected to make a maximum effort to assist in the payment of his or her expenses.
Recipients of loan programs are selected on the basis of relative financial need, academic achievement, character and future promise. Information concerning application for financial assistance is available from the Office of Student Financial Aid. Applications should be filed no later than April 1 preceding the school year for which assistance is desired.

In order for a College of Law student to continue to receive financial aid from federal or state financial assistance programs, the student must exhibit satisfactory academic progress.

Federal Loan Programs: Georgia State University participates with the federal government in the Federal Direct Student Loan Program. Eligible students may borrow funds from the Federal Subsidized Direct and Federal Unsubsidized Direct Loan programs. Parents of eligible, dependent undergraduates may borrow from the Federal Direct Parent Loan Program. The university will determine eligibility for each of these programs, originate and disburse the loans directly to the student and/or parent borrower.

Emergency Loan Fund: Emergency loans for assistance in paying registration fees are available at the beginning of each semester. Loans vary in amount based on the number of hours for which the student is enrolled. The normal maximum loan is for 75% of fees. When general university emergency loan funds have been exhausted, College of Law students have access to a special College of Law emergency loan fund, which in cases of extreme hardship may equal the total amount of fees charged to in-state students. Loan applications may be obtained from the Office of Student Financial Aid. Applications are normally made available on the first day of each phase of registration.

Federal Direct Loans Program: Federal Direct Student Loans are available to assist students with costs associated with attendance at GSU. While GSU does not encourage borrowing, loans are frequently necessary to meet educational costs not covered by the student’s income, the family’s contribution, or grant and scholarship awards. When student loans are necessary, GSU advises borrowing conservatively. Undergraduate students with demonstrated financial need may borrow through the Federal Direct Subsidized Student Loan program. Independent undergraduate students may borrow additional funds through the Federal Direct Unsubsidized Student Loan program, and parents of dependent undergraduates may borrow through the Parent Loan for Undergraduate Students (PLUS) Loan program. The Office of Student Financial Aid will determine loan eligibility by year in school, prior indebtedness and academic standing.

Federal Perkins Loan (FPL): Federal funds are provided to the university for the purpose of making low interest, long-term loans available to students who have a need for assistance. Applicants must be U.S. citizens or eligible noncitizens. These loans bear no interest until six or nine months after a student graduates or drops to less than half-time enrollment for a specified length of time. A portion of the loan may be cancelled for service as a teacher of handicapped children or for teaching in schools that have a special designation from the Commissioner of Education. Under special conditions, service in the Armed Forces may cancel a portion of the loan. Students who serve as law enforcement officers or corrections officers after graduation may be able to have up to 100 percent of their loan cancelled. Eligible students with complete applications for student financial aid will be considered.

Supplemental Loan for Students (SLS): Loans are available for independent undergraduates and for graduate students. Eligibility is certified by the Office of Student Financial Aid and funds are provided by a lending institution. Loan eligibility is not limited to borrowers who demonstrate need. Maximum loan amount per academic year is $4,000. Repayment of principal can usually be deferred as long as the required enrollment status is maintained. Normally, the student pays interest while in school. However, some banks allow the interest to be capitalized while the student is in school. A complete application for student financial aid is required. Contact the Office of Student Financial Aid for application procedures.

Law Access Loan (LAL) - This loan program offers a privately insured loan, designed to meet the need of law school students and their parents. The LAL is a cost-based rather than a need-based loan. The loan amount is determined by the cost of education less other financial aid received. The maximum loan is $12,500 per academic year. Other information including terms of repayment, interest rates, etc., may be obtained from the College of Law Financial Aid Office.

Employment and Work Study

Full-time students are reminded that they may not work more than 20 hours per week at outside employment. Students who must work at outside employment in excess of 20 hours per week must transfer immediately to the part-time program. The college reserves the right to require that any full-time student produce proof that his or her outside employment does not exceed 20 hours per week.
College of Law students are encouraged to contact the Office of Student Financial Aid for information on university-wide scholarships and loans for graduate students not covered in this bulletin.

Student On-campus Employment: Students may apply for part-time, full-time, or seasonal employment on-campus while pursuing their academic programs.

Student assistant, temporary nonstudent, and regular classified positions available to be filled are posted on the bulletin board in the Employment Section of the Office of Human Resources. Students can also access the Job Opportunity Bulletin, a weekly listing of available classified positions, 24 hours a day via computer, or call the Job Hotline, 404/651-4270, for a recorded message. For further information, contact: Office of Human Resources/Employment Section, 340 One Park Place South, 404/651-3330.

College Work Study Program: The College Work Study Program is a partially federally funded program designed to help create jobs for students who have qualified for financial assistance and need to work in order to attend school. The maximum amount that can be earned each semester on the College Work Study Program is based upon financial need as established by the College Scholarship Service Financial Aid form. Detailed information is available through the Office of Student Financial Aid.

Student Off-Campus Employment: The College of Law Placement Office offers placement services to students without charge. Listings are maintained for part-time, full-time, temporary and seasonal employment with employers in the greater Atlanta area. Interested students should contact: Placement Office, Room 168, College of Law.

Government Benefits

Some students may be entitled to benefits from the federal or state governments. These benefits may or may not be related to attendance at GSU. Students who believe they may be eligible for these benefits should apply as soon as possible, as the process can be lengthy.

Social Security Benefits

Most types of social security educational benefits expired in April 1985. Applicants who believe they are members of an exceptional group still covered should contact their social security office to determine eligibility. If benefits are available, the social security office will send a verification of enrollment form to the Student Records Section of the Office of the Registrar which will be returned promptly and directly to the Social Security Administration.
Veterans Benefits

Georgia State University maintains a veterans coordinator in the Office of the Registrar to certify and assist students who are eligible for veterans benefits and to coordinate veterans affairs.

Any veteran who wishes to attend Georgia State University under any of the veterans' benefit programs provided by public law should apply to the Georgia State University admissions office in the normal manner. It is advisable for a veteran who has not previously used any educational benefits to apply to the Department of Veterans Affairs for those benefits, and for a veteran who will be transferring to Georgia State from another institution where educational benefits were received to process a "Request for Change of Program or Place of Training" form with the Department of Veterans Affairs concurrently with his or her application to Georgia State University. As soon as the applicant is notified of acceptance by the Georgia State University admissions office, the GSU veterans coordinator should be contacted for further instructions.

Continuing students who wish to continue to receive benefits must complete the GSU Veterans Information Sheet through the Veterans Coordinator each quarter. Students whose attendance was interrupted must renew their certifications at the beginning of the next quarter of attendance in which they wish to receive benefits. Learning Support Programs students, students on active military duty, and students attending on a less-than-half-time basis must renew their certifications each quarter. These students who are certified on a quarterly basis will routinely experience a break in benefit payments between terms and should contact the Veterans Administration Regional Office to ascertain the amount and schedule of their checks.

Vocational Rehabilitation

Certain physically or mentally handicapped individuals enrolled at Georgia State University may qualify to receive financial aid through the State Vocational Rehabilitation Program. Students who think they may qualify under this program should contact one of the vocational rehabilitation centers.

Student Records

All materials submitted to the College of Law become the property of Georgia State University and will be retained or disposed of in accordance with the Family Educational Rights and Privacy Act, the Georgia Records Act, and such other statutes as may apply. The original copy of these documents are turned over to the Office of the Registrar and the college maintains a copy for reference. A student has the right to review all materials in that student's record with the exception of those covered by a signed waiver of this right. Copies of most materials from a student's record may be obtained through the Office of the Registrar. A fee may be charged. Georgia State University is unable to provide copies of transcripts from other schools, special certifications based upon educational experience from other institutions, or scores from testing agencies. Copies of these materials must be requested directly from the issuing institution or agency. (Please see the information on "Access to Student Records," under "General Information," in this bulletin.)

Student Organizations

The College of Law encourages the advancement of the professional and academic goals of its students through student organizations. These organizations are chartered by the College of Law and assisted by an adviser from the full-time faculty of the college.

In addition, law students are encouraged to participate in the University Student Government Association and other university-wide student organizations which may interest them.

Law student organizations may be chartered by the College of Law if the following criteria are met:
1. A petition containing the names and addresses of at least 15 prospective members of the proposed organization, along with a statement of the purposes of the proposed organization, is submitted to the Faculty Committee on Student Affairs.
2. The name of the law faculty member agreeing to serve as adviser to the proposed organization is submitted to the Faculty Committee on Student Affairs.
3. The purposes of the proposed organization are consistent with the College's interest in the advancement of the professional and academic goals of its students.
4. The purposes of the proposed organization are not duplicative of those of other organizations at the college or university-wide.
The following organizations have been chartered:

**Asian-American Law Student Association.** The purpose of our organization and activities is to promote awareness of issues concerning the Asian-American community, to promote participation in legal service projects in Atlanta, and to maintain contacts with local and national Asian-American law student associations and bar associations. Our organization and activities are open to all students interested in issues affecting the Asian-American community. In fact, the diversity of our current membership shows that the appeal or our organization is not limited to Asian-American students. Our activities and committee membership are advertised through flyers on campus, direct mail to interested students and direct communication to friends and other students.

**Association of Women Law Students.** As part of its outreach to those from groups underrepresented in the legal profession, the College of Law sponsors the Association of Women Law Students (1) to promote interaction and communication among women law students and practicing attorneys and judges; (2) to foster law student involvement in the community; and (3) to promote and support women’s issues and needs in the field of law. Membership in the association is open to any law student who supports the goals of the organization. As part of its mission the association sponsors speakers on issues of concern to women in the law and will undertake an ongoing service project.

**Black Law Students Association.** The Black Law Students Association is organized to meet the needs and to promote the interests of black law students at Georgia State University. It conducts formal symposia as well as informal study and discussion groups. It provides students opportunities to meet and share concerns and ideas with black lawyers and black students at other law schools. In an effort to improve opportunities for black law students, BLSA has been involved in recruitment and placement; and in an effort to improve access to the law by Atlanta’s black community, BLSA anticipates developing some community oriented projects. BLSA also anticipates establishing an emergency loan fund for its members and, of course, it will be involved in some fundraising efforts related to it.

**Business Law Society.** The Business Law Society is open to all students in the College of Law. Our goal is to facilitate communication between the fields of law and business and to provide a forum for students interested in pursuing business/corporate law and other business careers. BLS is student run through appointed officers and elected committees. Beginning FY 1999, BLS will be run through elected officers and committees.

**Christian Legal Society.** The Christian Legal Society seeks to provide a structure for facilitating Christian fellowship and sharing of common concerns among Christian students at the College of Law. The society additionally strives to represent the tenets of Christianity among the student body with respect to modern legal issues, to serve the local community through Christian-oriented legal services, and to provide regular contact between the society’s student members and members in the professional community.

**Computers and Law Society.** The Computer and Law Society addresses issues of concern to law students regarding the interrelation of technology and the legal system. The society provides an education and an informative forum, as to the challenges and opportunities facing the legal profession via the “information superhighway.” The organization also provides a support system for students to enhance their skills in dealings with and understanding various software and Internet products.

**Delta Theta Phi Law Fraternity.** The Luther A. Alverson Senate of the Delta Theta Phi Law Fraternity provides social and professional programs for its membership and the student body. Founded in 1900, Delta Theta Phi is the premier law fraternity with over 80,000 members, over 100 alumni senate, and active student senate at over 110 of the leading law schools in the United States, as well as in Canada and Iceland. The fraternity’s purpose is to promote professionalism and encourage relationships between law students and the active law community, as well as encourage a high standard of academic excellence.

**Environmental Law Society.** The Environmental Law Society seeks to provide regular forums to raise awareness on a broad range of environmental issues to provide practical work experience in the community, to participate with other law schools in Georgia in an Environmental Moot Court Competition, and to organize periodic weekend outings to nearby wilderness areas.

**Federalist Society.** Founded on the principles that the state exists to preserve freedom, that the separation of governmental powers is central to our Constitution, and that it is emphatically the province and duty of the judiciary to say what the law is, not what it should be, the GSU chapter of the Society seeks both to promote an awareness of these principles and to further their application through its activities.

**GSU Chapter of the National Criminal Defense Lawyers Association.** This group is organized to encourage law students in their second and third years to participate in a trial advocacy program which will develop and sharpen their skills as novice trial lawyers through intensive competition programming.

Equal Opportunity Policy

Georgia State University is an equal educational opportunity institution. Faculty, staff, and students are admitted, employed, and treated without regard to race, sex, color, age, religion, national origin, sexual orientation, or disability. Georgia State University complies with Title IX of the Education Amendments of 1972, Titles VI and VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, Sections 503/504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, the Vietnam Era Veterans Readjustment Assistance Act, as well as other applicable federal and state laws. In compliance with these laws and regulations, Georgia State University has established the following specific policies:

Civil Rights and Equal Employment Opportunities - Georgia State University provides equal employment and educational opportunities for all individuals without regard to race, sex, age, religion, color, national origin, sexual orientation, or disability. All Georgia State University educational and personnel actions will be governed by an affirmative action program developed in compliance with applicable federal and state law and regulations, and the policies of the Board of Regents of the University System of Georgia.

Discriminatory and Sexual Harassment - In an effort to foster a community in which there can be a free and open development of ideas, Georgia State University is committed to maintaining a working and learning environment free of discriminatory and sexual harassment. Georgia State University has adopted policies and procedures concerning harassment which may be obtained from the Affirmative Action Office, the Ombudsperson, or Dean of Students. In addition to the procedures outlined in the policy, a complaint may be filed with the Affirmative Action Office, the Ombudsperson, the Dean of Students, the respective administrative unit of college, and the appropriate state or federal agencies.

Disabilities - Georgia State University provides program accessibility and reasonable accommodations for persons with disabilities. Specifically, the university provides evaluation of individual needs, advisement, and appropriate support for academic programs of identified persons with disabilities. A student with a disability has the responsibility of contacting the Office of Disability Services for an intake interview to assess his or her needs prior to the first quarter of enrollment at Georgia State University. Subsequently, a student must submit a class schedule by the first day of class each quarter to the Office of Disability Services in room 153 Sparks Hall, 404/463-9044, which will notify each instructor of the student’s needs. Should any problems arise concerning their academic program, the student should contact the Office of Disability Services as soon as possible. Faculty and staff members with disabilities should contact the Affirmative Action Office in Room 344, One Park Place South, 404/651-2567, for an intake interview to assess their needs.
Disability Complaint Policy

Georgia State University has a procedure by which students and other nonemployees who believe they have been discriminated against by the university in violation of the American's With Disabilities Act (ADA) or Section 504 of the Rehabilitation Act of 1973 may file complaints about the discrimination or denial by the university to provide a requested accommodation. The right to file a complaint pursuant to this disability complaint procedure may be forfeited unless exercised within 30 days of the allegedly discriminatory act or denial of accommodation. All properly filed complaints will be heard by a subcommittee of the university's ADA Committee and a final decision will be rendered by the provost. Copies of the disability complaint procedure are available at the Office of Affirmative Action and the Office of Disability Services. A student with a disability complaint may choose to utilize this disability complaint procedure, the petition and appeals process of the college in which they are enrolled, or, in cases of a denied facility accommodation, the petition and appeals process of the college in which the request for a facility accommodation was made. Faculty and staff members may raise these same issues by using the university's employee grievance procedure.

Disruptive Behavior Policy

The following statement concerning disruptive behavior is an excerpt from the Board of Regents Policy Manual which applies to all institutions of the University System of Georgia. “Any student, faculty member, administrator, or employee, acting individually or in concert with others, who clearly obstructs or disrupts, or attempts to obstruct or disrupt any teaching, research, administrative, disciplinary, or public service activity, or any other activity authorized to be discharged or held on any campus of the University System is considered by the Board to have committed an act of gross irresponsibility and shall be subject to disciplinary procedures, possibly resulting in dismissal or termination of employment.”

University Code of Conduct

Membership in the community of scholars known as Georgia State University as a student, faculty member, or staff member is a privilege and carries with it obligations to participate in and contribute to the educational mission of the institution. Concurrent with these obligations are rights and freedoms for each individual as guaranteed by the United States Constitution, including but not limited to the right to inquire, learn, communicate by speech or action, and assemble peaceably and the right to due process for grievances. These rights are more specifically provided for in the Student Code of Conduct and Policies which can be found in the student handbook, On Campus, available online at http://www.gsu.edu/~wwwcam or from the Office of the Dean of Students, Room 300 Student Center, 404/463-9023.

Federal and State Law Disclosure Requirements

Federal and state laws require all colleges and universities receiving federal funds to establish certain programs, policies, and procedures and distribute an annual report describing them and providing statistics regarding: graduation rates; drug, alcohol, and weapon violations; and certain crimes on campus, which include murder, robbery, aggravated assault, burglary, motor vehicle theft, and sex offenses. Georgia State University’s annual report and information regarding these programs, policies, procedures and statistics are available upon a written request directed to the Georgia State University Office of Public Information, One Park Place South, Suite 503, Atlanta, Georgia 30303.

Integrity in Research

Georgia State University maintains high ethical standards in research and requires all faculty, staff, and students engaged in research to comply with those standards. Cases of misconduct in research present a serious threat to continued public confidence in the integrity of the research process and the stewardship of federal funds. Misconduct is defined as fabrication, falsification, plagiarism, or other practices that seriously deviate from those that are commonly accepted within the scholarly community for proposing, conducting, or reporting research. Georgia State will investigate and resolve promptly and fairly all instances of alleged or apparent misconduct. To obtain a copy of the Integrity in Research Policy, contact the Office of the Vice President for Research and Sponsored Programs at 404/651-4350.
Intellectual Property

In complying with the policies of the Board of Regents, Georgia State University has adopted policies concerning the ownership and subsequent rights to intellectual property created by faculty, staff, and students. Intellectual property pertains to any patentable materials, copyrightable materials, trademarks, software, and trade secrets regardless of whether formal protection is sought. It is the responsibility of the individual to ascertain whether Georgia State University owns the intellectual property. To obtain a copy of the Intellectual Property Policy, contact the Office of the Vice President for Research and Sponsored Programs at 404/651-4350.

Student Computer Access Requirement

Each student enrolled at Georgia State University must have access to a computer, and any course offered at the university may require computer-based work. Further, the computer must provide access to e-mail accounts, the World Wide Web using a current browser, and spreadsheet and word processing software. Departments and other units may establish minimum machine capability and software requirements, including the requirement that a student in a certain degree program must own a computer. It is the responsibility of each student to ensure his or her access to a computer. Computers are available in the open-access computer laboratories on campus which provide the basic level of computer capabilities, but these laboratories are heavily used and cannot guarantee a student access to a computer at a particular time.

Administrative Withdrawal

A student may be administratively withdrawn from the university when in the judgment of the dean of students, the director of the Counseling Center and the university physician, if any, and after consultation with the student’s parents and personal physician, if any, it is determined that the student suffers from a physical, mental, emotional or psychological health condition which: (a) poses a significant danger or threat of physical harm to the student or to the person or property of others; (b) causes the student to interfere with the rights of other members of the university community or with the exercise of any proper activities or functions of the university or its personnel; or (c) causes the student to be unable to meet institutional requirements for admission and continued enrollment, as defined in the Student Conduct Code and Policies and other publications of the university. Except in emergency situations, a student shall, upon request, be accorded an appropriate hearing prior to final decision concerning his or her continued enrollment at the university.

Changes in Personal Data

TEMPO-Web is a computerized system that allows students to update some of their student records (address, phone number, etc.) using a terminal or personal computer. Any student or applicant can log on to the system either from a terminal in an on-campus lab or remotely via dial-up lines and the Internet. Students who wish to change their name should contact the Office of the Registrar (227 Sparks Hall) to complete forms and provide the legal documents required for a name change. As correct personal data is vital to the student’s record for the mailing of grades, registration permit/appointment notices, and similar matters, students are urged to have their records updated when these changes occur.

Graduation Rate

The five-year and six-year graduation rates expressed as a percent of the total of all students who enrolled at the university as first-time, full-time, degree-seeking students is as follows:

<table>
<thead>
<tr>
<th>Semester of entry</th>
<th>Five-year rate</th>
<th>Six-year rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall term 1990</td>
<td>16.9%</td>
<td>24.9%</td>
</tr>
<tr>
<td>Fall term 1991</td>
<td>18.0%</td>
<td>25.0%</td>
</tr>
<tr>
<td>Fall term 1992</td>
<td>16.4%</td>
<td>25.3%</td>
</tr>
</tbody>
</table>

Students in the class of 1992 were enrolled under less stringent admissions criteria than are currently in effect. Higher retention and graduation rates are anticipated as a result of the revised admissions criteria.

Georgia State University is covered by the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended, which is designed to protect your rights with regard to education records maintained by the institution. Under the Act, you have the following rights:

1. The right to inspect and review education records maintained by the institution that pertain to you;
2. The right to challenge the content of records (except grades which can only be challenged through the academic appeal procedure) on the ground that they are inaccurate, misleading, or a violation of your privacy or other rights; and
3. The right to control disclosures from your education records with certain exceptions.

Georgia State University’s written policy on “Access to Student Records” complies with the provisions of the Act. A copy of this policy and a copy of a summary of the FERPA regulations may be obtained in the Office of the Registrar. Students also have the right to file complaints with the Family Policy Compliance Office, U.S. Department of Education, 600 Independence Avenue, Washington, D.C. 20202-4680, regarding alleged violations of the Act.

Release of Directory Information

Directory information will be treated as public information and be generally available on all students and former students, at the discretion of the university. Directory information includes the student’s name; address; telephone number; e-mail address; date and place of birth; major field of study; full-time or part-time status; participation in officially recognized activities and sports; height, weight, age, hometown, hobbies and general interest items of members of athletic teams; dates of attendance; degrees applied for or received; honors and awards received; and previous educational institutions attended by the student.

Any student, or parent if a student is under 18, may refuse to permit the release of directory information by submitting a written request to the university’s registrar within ten days of the beginning of fall semester. This time requirement is necessary to ensure that directory information which is desired to be withheld is not included in the various university publications during the year. Of course, requests to withhold the release of directory information will be honored at any time, but the university cannot be reasonably certain that some directory information will not be released if the aforementioned time limits are not met. The Student Directory is usually published during the spring semester using the fall semester student database; obviously, requests received after press time cannot delete information from this and similar publications, and previously released information cannot be recalled. A suppression of directory information can be released by notifying the Office of the Registrar in writing or on line.
Inquiries from news media about students or former students should be directed to the director of university relations. Due to the unpredictability nature and immediacy of media inquiries, notice cannot be given of media releases (nonathletic). Any student or former student who wishes to have directory information withheld should notify the director of university relations prior to the anticipated date of any media inquiry.

The university has a voluntary student health insurance plan available to all Georgia State University students who are citizens or permanent residents of the U.S. The plan attempts to meet the needs of those students who do not have insurance or have been removed from their parent’s policy. The premium is prorated by semester and is payable in a lump sum. The policy is administered by the T.W. Lord Insurance Agency, Marietta, Georgia. Applications for the insurance are available in room 300 Student Center, in the Office of the Dean of Students, 404/463-9023.

International students are asked to read the section entitled “International Student Health Insurance” appearing in this chapter for more information about coverage.

Student Accident Insurance

A portion of the Georgia State University student activity fee is used to provide accident insurance for enrolled students under certain circumstances and conditions. Students who do not pay a student activity fee may be eligible to purchase accident insurance. In order to receive benefits from this coverage, certain steps must be taken if an accident occurs. For detailed information concerning this coverage, contact the Department of Safety and Risk Management, 158 Edgewood Avenue, at 404/651-4317 or visit the website at http://www.gsu.edu/~wall.html.

Child Development Center

The university maintains the Lanette L. Sutlles Child Development Center located in Alumni Hall. The center is designed for children of students with limited space available for faculty and staff. Full-time child care is available in addition to flexible blocks of time. Information regarding hours, registration, fees, and ages of children accepted into the program may be obtained from the center at 404/651-2024 or 404/651-2025.
Office of Disability Services

The Office of Disability Services (ODS) coordinates services available for and provides information upon request to students with disabilities. Students with disabilities are asked to contact the office at the beginning of their first term to register for assistance and to ensure that appropriate accommodations are made. The office answers questions regarding accessibility and accommodations at the university, maintains a computer lab with accessible hardware and software, can coordinate special parking needs, provide testing accommodations, and can assist with filing disability-related grievances and complaints.

Please contact ODS, located in suite 230 Student Center, at 404/463-9044 or, for more complete information, visit the ODS website at http://www.gsu.edu/~wwods.

Office of the Ombudsperson

The Office of the Ombudsperson provides an independent, impartial, informal and confidential service for all members of Georgia State University. The Ombudsperson listens, answers questions, makes referrals, explains University policies, carries complaints forward (if requested) and mediates between individuals or groups in a dispute to resolve conflict. The Ombudsperson does not have power to adjudicate, arbitrate or investigate complaints. Examples of concerns brought to the Office of the Ombudsperson are: sexual harassment, interpersonal conflicts, disciplinary concerns, employment problems, faculty/student misunderstandings, grade appeals, financial aid concerns and supervisor/employee relations.

Student Advocacy Office

The Student Advocacy Office provides personal guidance to students on university policies and procedures. The office purposes to counter a major student complaint on large university campuses, that of not valuing the individual. The office can cut through red tape; minimize campus bureaucracy and barriers; and provide personal, timely, and effective information that assists and enables students to take responsibility for their total campus experience. By listening to the student’s explanation of a situation, talking with the student to help devise a problem-solving strategy, answering student’s questions, referring students to appropriate staff members and departments, the office can educate students how to work with the policies and procedures of the university. Contact the office, located in suite 300 Student Center, at 404/463-9990, on line at http://www.gsu.edu/~wwwadv, or via e-mail at Advocacy@gsu.edu.

University Housing

Housing accommodations for single graduate and undergraduate students are available in our Georgia State University Village. The village, built as the athlete’s accommodations for the 1996 Summer Olympic Games, now houses 2,000 Georgia State University students.

This residential village is a great place to live, learn, and make friends and offers affordable, apartment style housing in a quadrangle of four residence halls featuring plazas, laundry rooms, a gym, and other community conveniences. Residents can study, shop, exercise, eat, mingle, attend activities, or enjoy the quiet of private bedrooms all without leaving the village.

The four and six bedroom apartments in the village come complete with furniture, a private room with Internet access for each student, and a full bath for every two residents. Kitchens feature a refrigerator, dishwasher, stove and oven, microwave, and garbage disposal. Parking and bike storage are available. Safe and convenient access is provided through a 24 hour card-key access system with checkpoints for grounds and building entry. On-site police officers are on duty 24 hours a day. These facilities meet all requirements of the Americans with Disabilities Act.

The “one bill pays it all” convenience means your payment includes rent, local phone service, cable TV, all utilities, transportation to campus, membership at the fitness center, and admission to programs and activities. Student Transportation And Parking

All of the information in this section concerning Student Transportation and Parking is subject to change without notice. The most up to date information can be found on line at http://www.gsu.edu/auxiliary or by calling the Auxiliary Services Office at 404/651-2150.

Students have three transportation options on campus which include discounted MARTA TransCards; Shuttle service; and on-campus parking. All parking on campus, at the designated stadium shuttle lots, or at satellite locations requires that a vehicle be preregistered and display a valid parking permit.

Vehicle Registration - Registration of vehicles can only be done on line through TEMPO WEB at http://www.gsu.edu/tempo-web which can be accessed at any computer lab on campus or through the Internet. Consult the current Schedule of Classes Bulletin for specific instructions about how to access the on-line registration system, then go to the parking section of the on-line menu to complete the vehicle registration application. Registration can only be completed on line and the validated parking permit is available 48 hours after on-line registration. Contact the Auxiliary Services Office at 404/651-2150 or on line at http://www.gsu.edu/auxiliary when special situations arise.

With the exception of M deck, which requires specific procedures for availability each semester, parking registration is valid for an entire academic year beginning each fall semester. Each student will be assigned one valid parking permit from their initial registration on TEMPO WEB; however, students are allowed to register up to two vehicles. During fall semester registration periods, some permits will be mailed after the student has registered; check the website for details. A valid PantherCard is required for all transactions.

Parking regulations will be enforced by citation, towing, or booting for any vehicle parked without an appropriately displayed and valid parking permit or for a student who violates parking regulations. A student with outstanding parking citations will not be issued a parking permit until all fines and penalties have been paid. Consult the Student Motor Vehicle Parking Information brochure for details as to specific violations and fines. Information is subject to change without notice. Please contact the Auxiliary Services Office for assistance at 404/651-2150 or on line at http://www.gsu.edu/auxiliary.

Parking Locations - Parking locations are shown on the campus parking map on line at http://www.gsu.edu/~wwwauxx. There is no cost to park at the stadium shuttle parking lot. Fees for this lot and the shuttle service are included in the student transportation fee. Entry into other university parking areas requires a nominal payment with the option of purchasing a budget card; however, M deck semester parking requires payment in advance. Prices and information are subject to change without notice. Please contact the Auxiliary Services Office for assistance at 404/651-2150 or on line at http://www.gsu.edu/auxiliary. Students may park in lots D and J and decks K and N from 6:30 a.m. to 10:00 p.m. Monday through Friday. Students may also park in the following lots at prescribed times: decks G and S on weekdays after 4:00 p.m. and deck G on the weekends (use Collins St. entrance only).

Shuttle Service - The shuttle service to the stadium shuttle parking lot allows currently registered students to park off campus at no charge with a valid parking permit. Designated remote parking is limited by the number of parking spaces and space availability in a designated area. Parking is on a first-come, first-served basis. Students are not permitted to park in unauthorized lots. Towing is enforced in all unauthorized lots. At some designated remote parking areas, a shuttle runs between the parking location and the main campus every fifteen to twenty minutes depending on the traffic conditions. The hours of operation for any parking area during the semester, except for holidays, semester breaks, or when special events held at these locations require temporary lot closings are updated and available on line. Parking regulations will be enforced at designated remote lots by citation, towing, or booting for any vehicle parked without an appropriately displayed and valid parking permit or for a student who violates parking regulations. Information on parking restrictions at a designated parking area is subject to change without notice. Please contact the Auxiliary Services Office for assistance at 404/651-2150 or on line at http://www.gsu.edu/auxiliary.

M Deck - M deck permit parking provides guaranteed parking spaces with in-and-out privileges at a current semester, nonrefundable rate. M deck parking space is available for purchase if registration is completed and all tuition fees are cleared. Students must register their vehicle on line at TEMPO WEB. The M deck permit must be paid for in advance and purchased in person. Permits will be issued on a first-come, first-served basis. These permits go on sale each semester; please check the website for semester updates on the status or the future sales of M deck permits. M deck daily parking is available on a space available basis for limited parking during the hours of 6:30 a.m. until 10:00 p.m. Traffic and access to M deck will be limited since this deck is a gate card access parking...
area. Students parking daily at M deck must be registered in the university parking system and have a valid parking permit to be allowed entry into this limited space. **Information is subject to change without notice.** Please contact the Auxiliary Services Office for assistance at 404/651-2150 or on line at http://www.gsu.edu/auxiliary.

**Budget Card** - The Budget Card Office is located at a walk-up window on the ground floor of the University Center on Collins Street. This card allows a student to park in the parking decks and lots at a reduced price per entry; however, the use of this card is limited to parking areas where Budget Card readers are located. The Budget Card is sold in increments of: 10 entries, 15 entries, 20 entries, 25 entries, and 30 entries. The Budget Card office accepts Visa, Master Card, cash, and checks for payments. To purchase the card, a student is required to show a PantherCard and a current, valid parking permit at the time of purchase. The Budget Card Office is open Monday through Friday, from 8 a.m. until 7 p.m. during the semester, and from 8 a.m. until 6 p.m. during the semester break. For further information, please call the Budget Card office at 404/659-5020.

**MARTA** - MARTA items such as discounted monthly TransCards; monthly TransCards; discounted weekly TransCards; and tokens in rolls of ten or twenty may be purchased by cash, check, VISA or MasterCard at the Auxiliary Services Office during regular office hours. A fee of $15.00 or 5% of the face amount of the check, whichever is greater, will be charged on all returned checks. A Student Accounts ‘hold’ will be placed on a student’s records until payments have been settled for the returned check and fees. Please call the Auxiliary Services Office at 404/651-0237 to ensure the availability of all TransCards.

**Discounted weekly TransCards** are available for sale to students, faculty, and staff for $10.20, a 15% discount from the regular rate of $12.00 on the Thursday before the week the card becomes active. No discounted weekly TransCards are sold on Tuesdays and Wednesdays. PantherCard identification is required for purchase.

**Discounted monthly TransCards** are available for sale to Georgia State University students at a rate of $34.00 and to faculty and staff for $38.25 approximately ten days prior to the beginning of the month the card becomes active. PantherCard identification is required for purchase of the discounted monthly TransCard.

**Monthly TransCards** are available for sale to the general public at the regular rate of $45.00 approximately ten days prior to the beginning of the month the card becomes active.

MARTA TransCards purchased at the Auxiliary Services window and found defective must be returned to a MARTA Ridestore located at the following MARTA train stations: Five Points, Lenox, the Airport, and Lindberg. At MARTA’s request, the Auxiliary Services Office can no longer accept these defective or damaged cards.

No appointee who has served a full term of three years shall be eligible for reappointment to the Committee until
one year after termination of his or her last term. Vacancies which arise shall be filled by appointment of the Dean for the remainder of any unexpired term. The Chair of the Committee shall be a tenured full professor.

(2) The Chair may develop and promulgate written rules of procedure for the hearings, preside over hearings, rule on any procedural or evidentiary matters related to such hearings, and execute any notice provisions required of the Committee by this Code or the Committee's rules.

(3) When the Committee must be convened to hear a case under this Code, the Chair of the Committee shall choose two of the members of the Committee to hear the case with the Chair. The Chair may, in his or her discretion, disqualify a member of the Committee from sitting in a case. The Dean may, in his or her discretion, disqualify the Chair from sitting in a case, in which event he shall appoint another member of the Committee to perform the duties of the Chair for that case. The Chair or any member of the faculty appointed to hear a case may refuse himself or herself at his or her discretion, in which event the Chair shall appoint a replacement from the Committee members. In the event that reasons for disqualification or other matters preclude the selection of three (3) members of the Committee to sit on a case, the Dean shall appoint other faculty members to sit by designation for that proceeding only.

Section 3. Duties of Students Under the Honor Code.
It shall be a violation of the Code for a student to:

Section 4. Academic Misconduct.
(a) It shall be a violation of the Code for any student to obtain or seek to obtain an unfair academic advantage for himself or herself or any other student.

(A) Attempting to give or receive, or actually giving or receiving, unauthorized assistance during an examination.

(B) Possession during an examination of any books or other materials not authorized by the instructor or the Associate Dean;

(C) When all the students in a course do not take the examination at the same time, any discussion in the presence of a student who has not taken the examination, concerning the examination or any substantive matter in the course.

(2) No student shall take an examination except in a location designated by the instructor or proctor.

(3) No student shall violate examination time limitations.
(4) No student shall sign a pledge declaring, verbatim or in substance, that he or she has neither given nor received any improper aid in connection with the examination, nor committed or witnessed any other possible violation of this Code in connection with an examination, when such student knows or reasonably should know that such statement is false or misleading.

(c) Library.

No student shall disobey any rules, whether posted or otherwise made generally known to the student body, regarding the use of any library materials, supplies, or equipment. By way of illustration only, and not by way of limitation, the following are examples of violations of this Code section:

(6) The unauthorized use of any materials, supplies, equipment, or services, including but not limited to computers, computer diskettes and supplies, video equipment, databases, and materials in the microform/microfiche collection.

(d) Tape Recording Classes.

No student shall record any class through use of audio or video recording equipment or similar means without the express, advance permission of the instructor or the Dean.

Section 5. Roll Calls.

It shall be a violation of the Code for any student to engage in any false or misleading conduct regarding the roll of class or other College of Law function. By way of illustration only, and not by way of limitation, the following are examples of such conduct under this section:

(a) Signing the roll on behalf of another person to indicate falsely that other person’s presence;

(b) Having or attempting to have another person sign a roll for one to indicate falsely one’s presence;

It shall be a violation of the Code for any student to engage in any conduct in connection with any activities of the College of Law which raises a substantial question as to that student’s honesty, trustworthiness, or fitness to practice law or become a member of the legal profession. A violation of this section shall be charged only when the student’s conduct does not violate any other specific section of this Code.
Section 7. Plagiarism and Related Offenses.
It shall be a violation of the Code for any student to commit plagiarism or a related offense.

(a) Plagiarism.

It shall be a violation of this section for any student to plagiarize with the intent to gain any academic advantage thereby.

(1) Definition. Plagiarism is the inclusion of ideas or passages taken from another in one's own written work without properly attributing the source. When one is using the words of another verbatim, proper attribution of the source requires the use of quotation marks or other conventions to indicate clearly that fact. Plagiarism includes rewriting or paraphrasing the ideas or passages of another if the source is not properly attributed.

(2) For purposes of this section, a student's intent to gain academic advantage can be inferred from facts indicating that the student knew, or it was so obvious the student must have known, that his or her work contained plagiarism which could mislead the instructor as to the extent of the student's original contribution to the work. It shall be no defense under this section that a student was unaware of this section or the definition of plagiarism herein. Students are obligated to learn the rules for the proper attribution of sources.

(b) No student shall seek to obtain an unfair academic advantage for himself or herself or any other student in the submission of any paper, project, or other written work submitted for academic credit or any other academic purpose in the College of Law. By way of illustration only and not by way of limitation, the following are examples of violations of this section:

(1) Submitting the same or substantially the same written work for academic credit in more than one course without express permission of the instructors in both courses.

(2) Submitting the work of another student as one's own, or allowing a student to submit another's work as their own. Plagiarizing the work of another student or allowing another student to plagiarize the student's work.

(3) Violating any rules governing the preparation and submission of written work for law review, moot court, or similar competitions to achieve an unfair advantage in such competition.

(4) Failing to indicate clearly to the instructor that one's written work was submitted after the announced deadline for such submissions.

(5) Fabricating references or citations in any written work submitted for credit.

Section 8. Misconduct Relating to Other Persons.
It shall be a violation of the Code for a student to commit any of the following acts in connection with any activities of the College of Law or Georgia State University:

(a) Any act or threat of violence intended to injure, coerce, intimidate, abuse, or harass another person or persons.

(b) Reckless or deliberate endangering of other persons on University premises. By way of illustration only and not by way of limitation, examples of such conduct are the unauthorized possession of any weapon, arson, the false reporting of fires, the improper activation of fire alarms, or the false reporting of bomb threats.

(c) Actions, threats, or abusive utterances, directed toward any student, faculty or staff member which, if directed by one attorney toward another, or by an attorney toward a judge, would constitute professional misconduct under the American Bar Association's Code of Professional Responsibility or Model Rules of Professional Conduct, unless such actions or utterances are constitutionally protected.
(d) Creating by loud, boisterous, or other disruptive behavior during any class a disturbance which obstructs normal classroom activities or decorum.

(e) Serious, willful disregard of the rights of others in a manner which calls into question the personal fitness of the individual to practice law or become a member of the legal profession.

1. Verbal abuse of another which is likely to provoke a physical altercation;

2. Threatening to harm another by force, terror, or defamation;

3. Knowing dissemination of false or misleading information calculated to injure the reputation, or interfere with the career choices, of another;

4. Harassing or persecuting any student, faculty, or staff member because of that person's race, gender, religious beliefs, sexual orientation, nationality, or handicap;

5. Sexual harassment of any student, including but not limited to the making of persistent, unwelcome sexual overtures or persistent efforts to embarrass or humiliate a student with comments or behavior of a sexual nature;

6. Making, in connection with this Code, any accusation, or asserting any claim or defense, or taking any other position, with respect to which there exists no substantial justification, or which is interposed primarily for delay, harassment, or other improper purposes.

(f) Any conduct or action against another person or persons which constitutes a criminal offense, whether or not that conduct or action has in fact been the subject of criminal proceedings.

Section 9. Misconduct Relating to Property.
It shall be a violation of the Code for any student to commit any of the following acts in connection with any activities of the College of Law or Georgia State University:

(a) Theft or larceny, in any form, of any property;

(b) Deliberate destruction, damage, abuse, or defacement of private or University property, or of property under the care or custody of the University;

(c) Unauthorized use of telephones or other telecommunications equipment, or unauthorized charging of long distance telephone calls to the University;

(d) To the extent not treated as a violation of Section 4(e), unauthorized use of University computers or computer-assisted legal research systems;

(e) Unauthorized entry of University buildings at any time during which the buildings are closed, or unauthorized entry into offices or nonpublic areas of University buildings;

(f) Unauthorized possession of equipment, supplies, or other property of the University, or of property under the care or custody of the University; and unauthorized possession or duplication of keys which give access to any university buildings or to rooms or facilities in the University;

(g) Any action or conduct relating to property including but not limited to possession of contraband which constitutes a criminal offense, regardless of whether that action or conduct has in fact been the subject of criminal proceedings.
Section 10. Other Personal Misconduct.

It shall be a violation of the Code for any student to commit any of the following acts in connection with any activities of the College of Law or Georgia State University:

(a) Deliberately furnishing false or misleading information on any admission application or registration or other communication of any sort with the College of Law or Georgia State;

(b) Deliberately furnishing false or misleading information on any resume, letter, or other communication of any sort to apply for any legal position outside the College of Law. The student’s obligation includes a duty to correct any statements to prospective employers, which although accurate when made, subsequently become false or misleading;

(c) Attending class, or persistently or repeatedly being present on University premises, while under the influence of intoxicants or of drugs which have not been prescribed by a physician.

Section 11. Reserved

(a) Any person who witnesses a possible Code violation or otherwise has a reasonable basis to believe a violation of the Code has occurred shall report the possible violation as soon as practicable to at least one of the following individuals: the instructor in the course involved (if applicable), any member of the Honor Court, or the Associate Dean of the College of Law.

(b) Initial investigation. When a possible violation is reported, the Associate Dean shall be notified immediately, and within a reasonable time shall make a preliminary determination whether the possible violations fall principally within the jurisdiction of the Honor Court or the Faculty Honor Code Committee, as provided by this Code. Based on such determination, the Associate Dean shall, in writing, direct the Chief Magistrate of the Honor Court, to proceed as provided in subsection (b)(1) below, or a faculty investigator to proceed as provided in subsection (b)(2) below. After such direction, the Associate Dean shall, absent exceptional circumstances making notice inappropriate, notify the student(s) being investigated, inform them of the nature of the complaint, and explain the procedures for resolving the issues raised by the complaint.

(1) Honor Court Investigations. When a possible violation is directed by the Associate Dean for determination by the Honor Court, the Chief Magistrate shall appoint a prosecutor (selected pursuant to Section 12(b)(1)(A)) to investigate the pertinent facts of the alleged violation and report in writing to the Associate Dean and the Chief Magistrate as soon as possible. The report shall address at least the following matters: (i) whether there is probable cause to believe that a violation of the Code has been committed by the student who is the subject of the investigation; (ii) which Code sections, if any, have possibly been violated; and (iii) what person or persons are believed to possess knowledge that is relevant to the matter.

(A) Upon election to office, or as soon thereafter as is practicable, the Honor Court Justices shall select five students (none of whom shall be first-year students) who with the selected students’ consent shall serve as prosecutors. No member of the Honor Court may serve as a prosecutor.

(B) Probable Cause Finding. (i) Upon a finding by the Associate Dean and the Chief Magistrate that there exists probable cause to believe that a violation of Sections 4 or 5 of the Code has occurred, the Chief Justice shall set a time for the alleged violator to have a hearing before the Honor Court. Upon a finding by the Associate Dean and the Chief Magistrate that there exists probable use to believe that a violation of Sections 3, 6, 7, 8, 9, or 10 of this Code has occurred, the Associate Dean shall refer the case to the Faculty Honor Code Committee for all further proceedings. (ii) If probable cause is not found, the matter shall be closed. The Associate Dean shall send a letter to the subject student reporting the finding of no probable cause and informing the student that he or she may be required by bar admission authorities to report this matter but that the student is authorized to include in any such report that the matter was “dismissed at the first opportunity for lack of probable cause.”

(2) Faculty Investigations. When the Associate Dean determines that reported violations of the Code should
be referred to the Faculty Honor Code Committee, he or she shall appoint a faculty member who is not a member of the Faculty Honor Code Committee to investigate the pertinent facts of the alleged violation and report in writing to the Associate Dean as soon as possible. The report shall address at least the following matters: (i) whether there is probable cause to believe that a violation of the Code has been committed by the student who is the subject of the investigation; (ii) which Code sections, if any, have possibly been violated; and (iii) what person or persons are believed to possess knowledge that is relevant to the matter.

(3) Assistance for Investigator. If the investigator determines that the nature of the case requires the services of a person to gather, develop, or prepare evidence in the case, upon the request of the investigator the Associate Dean shall appoint such a person.

(4) Probable Cause Finding.

(A) The hearing shall be scheduled before the Faculty Honor Code Committee if the investigator’s report found probable cause for any violation of Sections 3, 6, 7, 8, 9, or 10 of this Code. In all other instances, the hearing shall be scheduled before the Honor Court.

(B) In the event that the investigative report indicates that there is probable cause to proceed, the Associate Dean shall promptly forward the report to the Chair of the Faculty Honor Code Committee who shall set a time for the alleged violator to have a hearing before the trial body. In the event that the investigative report indicates that there is not probable cause to proceed, the matter shall be closed and the Associate Dean shall send a letter to the subject student reporting the finding of no probable cause and informing that student that he or she may be required by bar admission authorities to report this matter but that the student is authorized to include in any such report that the matter was “dismissed at the first opportunity for lack of probable cause.”

(C) In making a determination of probable cause, the investigator shall, absent exceptional circumstances making notice inappropriate, provide the student, who is the subject of the investigation, with the opportunity to make a statement if he or she desires.

(c) Hearings Before a Trial Body.

(1) The presiding officer of the trial body shall be the Chief Justice in the case of proceedings before the Honor Court, and the Chair in the case of proceedings before the Faculty Honor Code Committee.

(2) The manner of conducting the hearing by trial bodies shall be determined by this Code and any supplementary written rules of the body as approved by the faculty. Prior to the hearing, the presiding officer shall consult with the prosecutor or investigator appointed under this Code to determine which witnesses should be asked to be present at the hearing, though this procedure in no way limits or substitutes for the subject student’s right to request the attendance of witnesses in his or her own behalf at the hearing. If possible, the trial body should try to procure the attendance at the hearing of at least one person who can testify from personal knowledge as to the alleged misconduct. No persons other than those present at the request of the trial body or the subject student shall be allowed to be present during the hearing.

(3) Assistance for Trial Bodies. In the event the presiding officer of a trial body determines that the nature of the case requires the trial body have at its disposal the services of a person to gather, develop, or present evidence in the case, upon the request of the presiding officer the Associate Dean shall appoint such a person.

(4) A student whose possible violation of the Code is the subject of a hearing by a trial body shall be provided:

(A) Written notice of the time and place of such hearing, to be mailed to the alleged violator not less than 10 days before the date of the hearing, which notice shall contain a specification of the violation(s) with which the student is charged, and a copy of the investigative report;

(B) An opportunity to appear at the hearing, with a representative who may, but need not, be an attorney; and
(C) An opportunity at the hearing to (i) be present during the presentation of all testimony to the trial body; (ii) examine all documentary evidence that the trial body has entered into the record of the proceedings; (iii) cross-examine any witnesses who testify against him or her; (iv) present witnesses to testify on his or her behalf and present other evidence, subject to the discretion of the presiding officer of the trial body to exclude evidence that is irrelevant or cumulative; (v) argue the law and facts to the trial body after all the evidence has been presented.

(D) A copy of the investigator’s report, with all attachments, that indicates probable cause to believe that a violation of the Code has been committed by the student who is the subject of the investigation.

(5) The presentation of oral testimony at any hearing provided for under this Code shall be tape recorded in a manner suitable for transcription. At the discretion of the presiding officer of the trial body or upon motion of the subject student, other parts of the hearing also may be tape recorded, but in no event shall the deliberations of the trial body be tape recorded. All tape recordings of the hearing, transcriptions thereof, and any other physical, documentary, or demonstrative material received in evidence at the hearing shall constitute the official record of the hearing.

(d) Findings By a Trial Body. Any violations must be established by clear and convincing evidence. The trial body shall base its determination as to whether a violation has occurred and what sanction or sanctions, if any, should be recommended solely on the evidence contained in the official record of the hearing. If the trial body determines that a violation has occurred, upon request of the presiding officer, the Associate Dean shall furnish the trial body a summary description of any previous charges of Honor Code violations, and their disposition, against the alleged violator, and such description may be considered by the trial body in determining the appropriate sanction. Regardless of its decision as to whether a violation has occurred or what sanction or sanctions, if any, it should recommend, the trial body shall prepare a written statement setting forth (1) its findings of fact; (2) its conclusions concerning the existence of any violations of particular provisions of this Code; (3) and the sanction or sanctions, if any, it recommends be imposed against the subject student. A copy of such written decision shall be delivered, as soon as possible, to the Dean and to the subject student. A trial body that has found a student in violation of this Code and is considering a sanction of suspension for one semester or more or permanent dismissal or similar sanctions must defer further deliberation on sanctions until the student has been informed of the trial body’s finding of a violation and has been given an opportunity to present any evidence relating to mitigation of the sanction or sanctions.

(e) Possible sanctions imposed against a student for violation of this Code include, but are not limited to, the following or any combination of the following:

(1) permanent dismissal from the College of Law;

(2) suspension;

(3) a reprimand;

(4) notation of violation on the student’s permanent record. Any finding of a violation of this Honor Code, unless it is overturned by subsequent proceedings, must be noted on a student’s official record at the College of Law. A separate file shall be maintained by the College of Law of findings of probable cause that an Honor Code violation has occurred. Any such finding can be shared with appropriate Fitness Committees of State Bar organizations. In no event shall the trial body recommend the imposition of a particular grade as a sanction for a violation under this Code. However, if the violation arose from activity related to a course or other graded activity, the trial body shall inform the faculty member charged with grading that course or activity of its decision and recommendations. The faculty member may then impose or adjust any grade in light of the trial body’s findings.

In no event shall the trial body recommend the imposition of a particular grade as a sanction for a violation under this Code. However, if the violation arose from activity related to a course or other graded activity, the trial body shall inform the faculty member charged with grading that course or activity of its decision and recommendations. The faculty member may then impose or adjust any grade in light of the trial body’s findings.
(f) Decision and Review by the Dean.

(1) All recommendations for sanctions by a trial body are made to the Dean, who may impose the recommended sanctions or lesser ones in his or her discretion. Any such action of the Dean shall be based only on the official record of the hearing and the findings of fact and conclusions submitted by a trial body. The Dean shall refer any offers of evidence that are outside the record to the Chair of the Faculty Honor Code Committee, or to the individual who chaired the trial body (referred to as the “Chair”), if the Chair of the Faculty Honor Code Committee did not chair the trial body, who shall treat the offer of such additional evidence as a motion to reopen the record to permit the consideration of new evidence. If the Chair finds that the new evidence could not reasonably have been presented at the hearing and the evidence is material to the finding that there was a violation of the Code, the Chair shall withdraw the trial body’s findings of fact and recommendations regarding sanctions and reconvene the trial body that made the initial recommendation to the Dean to receive the new evidence. If the new evidence relates only to possible sanctions, the Chair may either reopen the hearing to consider the new evidence or return the evidence to the Dean for his or her consideration in deciding the appropriate sanctions. If the new evidence reasonably could have been presented at the hearing, or if the evidence is immaterial or cumulative of evidence already in the record, the Chair may refuse to reopen the hearing or otherwise add the evidence to the record forwarded to the Dean.

(2) If the Dean, in his or her discretion, based upon a review of the written findings of facts and conclusions submitted by a trial body and the official record of the hearing, [upon newly discovered evidence, or upon an express recommendation of the trial body.] decides that further proceedings should be held regarding the matter, the Dean may:

(A) remand the matter to the trial body which held the original hearing for further proceedings consistent with the Dean’s written order to that effect;
(B) order a de novo hearing before the Faculty Honor Code Committee if the original hearing has been held before the Honor Court;
(C) order a de novo hearing before the full faculty pursuant to the rules of procedure applicable in a hearing before the Faculty Honor Code Committee, except as such rules of procedure are specifically amended by a majority vote of the full faculty for the purpose of conducting such de novo hearing.

(3) Any final decision of the Dean regarding imposition of sanctions against a student for any violations of this Code may be appealed according to the statutes, rules, and regulations governing such appeals at Georgia State University of the University System of Georgia.

(g) Investigative Report; Subsequent Charges.

(1) An investigative or prosecutor’s report submitted to the Associate Dean or Honor Court shall include a report on all possible violations of this Code known to the investigator or prosecutor at the time the report is submitted. If, after the investigative or prosecutor’s report is submitted to the Associate Dean or Honor Court but before the trial body’s findings have been submitted to the Dean, the Associate Dean or Honor Court is informed of additional possible violations of the Code by the alleged violator, the Associate Dean or Honor Court shall suspend any hearing regarding the initial violations until the additional possible violations have been investigated and the report thereon submitted to the Associate Dean or Honor Court pursuant to this Code.

(2) No student shall be charged with a violation of this Code if:

(A) the alleged violation has already been the subject of a hearing before a trial body and that trial body has submitted its findings to the Dean pursuant to section 12(d);

(B) the alleged violation could have been the subject of a hearing before a trial body pursuant to section (g)(1), above; or

(C) the alleged violation arose out of the same conduct or transaction that served as the basis for alleged violations that have already been the subject of a hearing before a trial body and that trial body has submitted its findings to the Dean pursuant to section 12(d);
Provided, that nothing in this section shall limit the right to conduct any additional proceedings under section 12(f) of this Code Decision and Review by the Dean.

(h) Confidentiality of All Proceedings and Records.

(1) Any student who was a member of a trial body, investigated a possible violation of the Code pursuant to the Code, or was present during a hearing or other proceeding before a trial body (except a student charged at such a hearing with having committed a Code violation), shall reveal nothing learned in the course of such investigations, hearings, or other proceedings nor anything contained in any records or documents related to such investigations, hearings, or other proceedings, except as provided below.

(2) The Dean or Associate Dean may disclose information concerning probable cause findings that a violation of the Honor Code has occurred and any finding of a violation of the Honor Code:

(A) Upon the written request of the student who was the subject of such proceedings;

(B) To bar admission authorities of this or any other jurisdiction to which the subject student has applied for admission to practice law;

(C) To an investigator or trial body acting pursuant to this Code when it appears that the information is necessary to determine whether a Code violation has occurred or to determine the appropriate sanctions to recommend;

(D) To any officials of Georgia State University or the University System of Georgia pursuant to statutes, rules, and regulations of said institutions;

(E) To defend the College of Law, any of its faculty, Georgia State University, or the University System of Georgia from any charges, claims, or complaints lodged against them;

(F) In order to improve the student body's understanding and appreciation of this Code, the Chair of the Faculty Honor Code Committee shall report annually to the student body the nature of the charge and penalty assessed in those cases where it has been determined that there is a violation of the Code. In preparing this report, the Chair of the Faculty Honor Code Committee shall avoid, to the extent possible, identifying the student who was the subject of the proceeding and the witnesses or potential witnesses in the case.

(3) All documents, tape recordings, or other materials produced or submitted in connection with investigations and proceedings under this Code, and any copies thereof except those delivered to the subject student, shall, within a reasonable time after conclusion of any such proceedings involving a student, be delivered to and kept in a secure place by the Dean.
