Introduction, Scope, and Jurisdiction

The state of Georgia is consistently among the most prolific states in the United States in terms of executions per year. The topic of capital punishment is one that, no matter where you fall ideologically on the subject, will induce strong emotions in most people. It is also a topic that is already significantly in depth and complicated and grows more so on a consistent basis. This research guide was created with the intention of providing a starting point for those who have become involved in a case in which the death penalty is an option or for those who simply are interested in the topic and want to know more about it and where to look to get started.

The resources and ideas contained herein are beginning points to a wide reaching topic that will help you send yourself down the correct path in your research.
