I. INTRODUCTION

This Handbook is designed to be a starting point for your job search. Although it is ultimately your responsibility to secure employment, the Placement Office endeavors to make as many employment opportunities available as possible. To that end, we strongly encourage you to familiarize yourself with the Placement Office and to utilize the services we offer. This Handbook provides a guide to those Placement Services and information to assist you with job hunting.

II. NATIONAL ASSOCIATION FOR LAW PLACEMENT

The College of Law is a member of the National Association for Law Placement and adheres to the NALP principles and standards for law placement and recruitment activities.

A. NALP PRINCIPLES FOR CANDIDATES (PART III)

Candidates should prepare thoroughly for the employment search process

Candidates should comply with the placement policies and procedures of law schools whose services they use.

Before beginning an employment search, candidates should engage in thorough self-examination. Work skills, vocational aptitudes and interests, lifestyle and geographic preferences, academic performance, career expectations and life experiences should be carefully evaluated so that informed choices can be made. General instruction should be obtained on employment search skills, particularly those relating to the interview process.

Prior to making employment inquiries, candidates should learn as much as possible about target employers and the nature of their positions. Candidates should interview only with employers in whom they have a genuine interest.

Throughout the employment search process candidates should represent their qualifications and interests fully and accurately

Candidates should be prepared to provide at employers' request copies of all academic transcripts. Under no circumstances should academic or biographical data be falsified, misrepresented, or distorted either in writing or orally. Candidates who engage in such conduct may be subject to elimination from consideration for employment by the employer, suspension or other academic discipline by the law school, and disqualification from admission to practice by bar admission authorities.

Candidates should be prepared to advise prospective employers of the
nature and extent of their training in legal writing. Writing samples submitted as evidence of a candidate's legal skills should be wholly original work. Where the writing was done with others, the candidate's contribution should be clearly identified. Writing samples from law-related employment must be masked adequately to preserve client confidentiality and used only with the permission of the supervising attorney.

Throughout the employment search process students should conduct themselves in a professional manner.

Candidates who participate in the on-campus interview process should adhere to all scheduling commitments. Cancellations should occur only for good cause and should be promptly communicated to the placement office or the employer.

Invitations for in-office interviews should be acknowledged promptly and accepted only if the candidate has a genuine interest in the employer.

Candidates invited to interview at employer offices should request reimbursement only for ordinary and necessary expenses which are directly related to the interview and incurred in good faith.

Candidates expecting reimbursement for travel expenses should reach an understanding with the employer prior to the trip. Expenses for trips during which interviews with more than one employer occur should be prorated in accordance with those employers' policies.

Candidates should notify employers and their placement offices of their acceptance or rejection of employment offers by the earliest possible time, and no later than the time established by rule, custom or agreement.

Candidates should expect and request offers to be confirmed in writing. Candidates should abide by the standards for student responses set out in Part V and should in any event respond in writing to offers as soon as their decision is made, even if that decision is made in advance of the prevailing deadline date.

In fairness to both employers and peers, students should act in good faith to decline promptly offers for interviews and employment which are no longer being seriously considered. In order for law schools to comply with federal and institutional reporting requirements, students should notify the placement office upon acceptance of an employment offer, whether or not the employment was obtained through the office.

Candidates seeking or preparing to accept fellowships, judicial clerkships, or other limited term professional employment should apprise prospective employers of their intentions and obtain a clear understanding of their offer deferral policies.

Candidates should consider the acceptance of an offer a binding obligation.

Candidates should, upon acceptance of an offer of employment, immediately
withdraw from consideration with all other employers.

If, because of unforeseen circumstances, it becomes necessary for a candidate to request release from or modification of his or her acceptance, both the employer and the placement office should be notified promptly.

Students who engage in law-related employment should adhere to the same standards of conduct as lawyers.

In matters arising out of law-related employment, students should be guided by the standards for professional conduct which are applicable in the employer's state. When acting on behalf of employers in a recruitment capacity, students should be guided by the employer principles in Part IV.

Students should exercise care to provide full and fair information when advising peers about former employers.

B. NALP STANDARDS FOR THE TIMING OF OFFERS AND ACCEPTANCES (PART V)

The undersigned member law schools, in order to foster an orderly interviewing, selection and decision-making process, do hereby agree to the following employment offer and acceptance dates:

1. Prospective employers offering positions in the Fall to second and third year students should leave their offers open until at least December 15, provided the student:
   a. Reaffirms his/her interest in the offer if requested to do so.
   b. Affirms within four weeks after receiving an offer and at such intervals thereafter as may be specified in the offer, that he/she is not holding more than one other offer which was received more than ten days before from an employer in the same location.
   c. May, in cases where the student has not been able to complete his/her interviewing prior to December 1, request from an employer a later date until which the offer is to be held open.

2. Prospective employers offering positions prior to October 1 to third year students employed by them during the preceding summer should leave those offers open until at least November 15, provided the student reaffirms his/her interest in the offer if requested to do so.

3. Employers should not begin recruiting, schedule interviews with, nor make offers to first-year students until after December 15.
4. An individual school may set offer response dates other than those established above. A school will do so only if it sees no reasonable alternative which will be fair to all employers who adhere to the school's rules for interviewing on campus and provides notice to all employers using its facilities of its special dates.

**Because the Fall recruiting season begins before classes start, please make an appointment to update your resume in July or August.

Please register with the Placement Office in advance for the seminar you wish to attend. We strongly urge you to attend as many seminars as you can.
B. ON-CAMPUS INTERVIEW PROCEDURES

The Placement Office conducts OCI's for the fall and spring. Most employers come in the fall; these employers are usually the larger law firms which have a regular recruiting program. Many of them request resumes from students who are in the top 10% of the class or on law review. If you do not meet an employer's qualifications, you should not sign up. You must be realistic when you apply and you should respect an employer's criteria for sign up. Information on an interviewer's requirements is in the Resume Notebooks in the Placement Library. You should carefully research all employers for which you sign up in order to ensure that you sign up for the employers of interest to you.

** Sign up for fall OCI's begin before fall classes start and is on a first-come first-serve basis.

Notices of OCI's are posted on the Placement Bulletin Board. It is important to check this board often for notices and last minute changes. The OCI sign-up sheet is attached to an employer's folder which is filed in a slot in the "SIGN UP" cabinet in the Placement Office. Each slot is labeled underneath with the employer's name and sign-up deadline.

(1) Sign your name on the sign-up sheet of the employer you wish to interview; and

(2) Put a resume, face down, in the folder. In addition to a resume, some employers request a writing sample, special application form and/or transcript. Make sure all of your documents are fastened together before putting them in the folder.

If your resume is in an employer's folder but your name is not on the sign-up sheet, your resume will not be sent. Likewise, if your name is on the sign-up sheet but your resume is not in the folder, your resume will not be sent. The sign-up sheet must be signed and a resume must be in the folder in order for your resume to be sent to an employer. If an employer has requested more than one item, all of those items must be in the folder in order for your application to be sent. If you have not registered with the Placement Office, your resume will not be sent.

DEADLINES. Resumes are sent to employers two weeks before the OCI date. The resume due (RD) date is the date you must sign up and submit a resume. No resumes will be forwarded to an employer after the RD deadline. The deadline to sign-up and submit a resume is 3:30 p.m. on the deadline day.

Employers are allowed to pre-screen resumes to decide which students will be interviewed. About a week before the OCI, the employer sends us a list of the names of the students selected for interviews. This list will be posted on the Placement Bulletin Board. If your name is on the list, you must come into the Placement Office and sign up for an interview time slot. The time slot sign up is on a first-come, first-serve basis. The 11:30, 11:50 and 12:10 time slots, if available, will be reserved for evening students for two days after receipt of the
employer's interview selection list. After 2 days, those time slots will become available on a first-come, first-serve basis to all students. Some employers select alternates for interviews and list alternates in order of preference. Any student who is selected as an alternate should check the time slot sign-up sheet often for any cancellations in order of employer preference. Students may sign up for one another and may exchange time slots before the interview day, but please note any changes on the time slot sign-up sheet.

On the interview day, the Final Interview Schedule will be posted on the door of the interview room and on the door of the Placement Office. **DO NOT ARRIVE LATE FOR YOUR INTERVIEW.** Wait outside the interview room for the interviewer. When it is time for your interview, knock to let the interviewer know it is time for the next interview. Take an extra copy of your resume and a list of your references (if not already noted on your resume).

After the interview you should send a thank you letter to the interviewer. Also, fill out the "Student Evaluation of OCI" form which is available in the Placement Office and return it to our office.

**NO SHOW POLICY**

If you do not show for a scheduled on-campus interview and do not cancel that interview in advance, you have forfeited any right to use the Placement Office for the remainder of that academic year. No shows reflect unfavorably on the student who misses the scheduled interview and on the school.

If you cancel a scheduled on-campus interview, you must provide a good excuse (such as acceptance of a job or serious illness) for cancellation to the Director; otherwise, you have forfeited any right to use the Placement Office for the remainder of that academic year. Additionally, if you do cancel a scheduled interview, you must send the employer a letter of explanation and apology, and provide the Placement Office with a copy.

**C. RESUME FORWARDING PROCEDURES**

If an employer cannot come on campus for interviews, the Placement Office will gather students' resumes and forward them to the employer on a selected date. Notices of Resume Forwarding are posted on the Placement Bulletin Board. The sign-up procedures are the same as the OCI sign-up procedures. The RF sign-up sheet is attached to an employer's folder which is filed in the "SIGN-UP" cabinet in the Placement Office.

1. Sign your name on the sign-up sheet of the employer you wish to interview; and

2. Put a resume, face down, in the folder. In addition to a resume, some employers request a writing sample, special
Society. The Job Fair facilities recruitment of law students in the states of Georgia, Alabama, Florida, Kentucky, Mississippi, North Carolina, South Carolina and Tennessee by public interest law employers in these states. Fifteen employers and 77 students representing 11 law schools from 5 states participated in the first Job Fair in November 1985 at GSU College of Law.

The second annual Job Fair is scheduled for Saturday and Sunday, November 8-9, 1986 at our school. The deadline for sign up will be about October 1, 1986. Please check with the Placement Office for sign-up procedures.

G. PLACEMENT STATISTICS

Please advise the Placement Office of any call-back interviews, job offers, and/or job acceptances or declinations. This information not only enables us to compile employment statistics for the school, but also enables us to assist students still seeking employment.

If you are aware of any employment opportunities you do not intend to use or wish to share with others, please let us know so that we can make this information available to everyone. We appreciate your cooperation.

Please let us know of any suggestions you may have which may improve our services. We welcome your comments.

V. CAREER PLANNING

Don't wait until graduation, begin planning your career NOW!!!

Decide what you want to do.
Determine your skills: What skills do you enjoy using?
What are your strengths and weaknesses?
Do you want money?
Is quality of life important?
Are you a team player?
Be realistic.

Select type of employer: Carefully research all options. (See Section D for list of job opportunities.)
If selecting a firm consider size, type of practice, backgrounds of partners and associates, ratio of partners to associates.

Select location: Be flexible to relocation to another area.
Consider differences between "small town" practice and "downtown" practice and which you would prefer.

Prepare Resume: Do this after first quarter of your first year.
Recordkeeping: Keep copies of all correspondence with employers. Keep schedule of all interviews; you do not want to miss any interviews. Keep notes of your interviews and the interviewers.

Get experience during law school. Part-time jobs, summer jobs and internships will help you decide what to do or not do and will provide valuable work experience.

Summer Jobs: Large firms usually hire their associates from their summer clerks. If you want to work for a large firm you should apply for a summer clerkship with that firm. These firms hire summer clerks in the fall of their 2nd year to work in summer after their 2nd year.

Bar Exam: If you plan to take the Georgia Bar Exam, it will be helpful to your job search to take it before you graduate. Many employers will only hire members of the bar so don't panic if you don't have a job by the end of your third year.
