INTRODUCTION

Suffice it to say that this year 2004/2005, we experienced no turnover in library faculty and very little turnover in staff.

Service to students continued at a high level. The Law Library facility improved with the installation of new carpet on the first floor. We are also very grateful for the 7,500 sq. ft of new library space obtained during the renovation work. Students and staff have upgraded the new space in a popular study area for students. Students are connected either using the wireless connectivity or the wired campers. Students have a choice of a total of 130 wired study carrels and seven wired study rooms. The staff can now book the study rooms online. As in past years, the law librarians are involved in teaching 11 legal research and Nancy Johnson teaches Advanced Legal Research.

Although we continue to cancel print subscriptions to stay within our budget, we added a reasonable number of electronic resources. These resources meet many faculty and student research needs.

Law librarians continue to make contributions in various professional settings. Four librarians wrote a CALI lesson on Georgia Primary Research Materials and three librarians collaborated on a law review article on Researching Georgia Law. Several librarians are active in regional and national library association activities.

Please refer to the Annual Reports of the six library faculty members. Beside their departmental reports, they included departmental goals for the year. Elizabeth Adelman (Head of Public Services), Nan Adams (Senior Reference Librarians), and Culleen Williams (Reference Librarian) collaborated on the Public Services Report. Terrance Marion (Electronic Services Librarian) wrote the Law Library Electronic Services Report, Qian Cui (Catalog Librarian) wrote the Cataloging Report and Trina Holloway (Acquisitions/Serials Librarian) describes the work of her department.

ADMINISTRATIVE AND PERSONNEL

The attached organization chart (see Organization Chart) reflects the administrative structure of the Law Library as of July 2005. The library staffing includes seven librarians, twelve staff members, and approximately four F.T. 1. student assistants. The position descriptions outline the responsibilities of these and staff.

INTRODUCTION

Fortunately, during fiscal year 2004/2005, we experienced no turnover in library faculty and very little turnover in staff.

Service to students continued at a high level. The Law Library facility improved with the installation of the new carpet on the lower level. The students remain grateful for the 7,500 sq. ft of new library space obtained during 2003/2004. With wired carrels and upgraded lighting, the new space is a popular study area for students. Students are connected either using the wireless connectivity or the wired carrels. Students have a choice of a total of 130 wired study carrels and seven wired study rooms. The circulation staff can now book the study rooms online. As in past years, the law librarians are involved in teaching 1L legal research and Nancy Johnson teaches Advanced Legal Research.

Although we continue to cancel print subscriptions to stay within our budget, we added a respectable number of electronic resources. These resources meet many faculty and student research needs.

Law Librarians continue to make contributions in various professional settings. Four librarians wrote a CALI lesson on Georgia Primary Research Materials and three librarians collaborated on a law review article on Researching Georgia Law. Several librarians are active in regional and national library association activities.

Please refer to the Annual Reports of the six library faculty members. Besides their departmental reports, they included departmental goals for the year. Elizabeth Adelman (Head of Public Services), Nan Adams (Senior Reference Librarians), and Colleen Williams (Reference Librarian) collaborated on the Public Services Report. Terrance Manion (Electronic Services Librarian) wrote the Law Library Electronic Services Report, Qian Cui (Catalog Librarian) wrote the Cataloging Report and Trina Holloway (Acquisitions/Serials Librarian) describes the work of her department.

ADMINISTRATIVE AND PERSONNEL

The attached organization chart (see Organization Chart) reflects the administrative structure of the Law Library as of July 2005. The library staffing includes seven librarians, twelve staff members, and approximately four F.T.E. student assistants. The position descriptions outline the specific duties of librarians and staff.

LIBRARY HOURS AND USERS

Beyond serving the students and faculty, the Library is open to attorneys and members of the legal community. With the closing of the Georgia State Law Library to the public, we are anticipating fielding phone questions from the citizens of Georgia and the members of the legislature and state agencies.

The library is open 105 hours per week or 5,355 hours per year, with some variation in the schedule for university breaks. According to the door count statistics, we had 125,185 visits to the Law Library and October 2004 was the busiest month with 24,493 visits.

SERVICES

The Reference Librarians provide a total of seventy-two hours of reference desk service each week. With the help of our GRA's, we provide reference assistance during weekends. The librarians answered a total of 5,984 questions during the year, up from 5,516 questions, with
September being the busiest month with a total of 795 questions.

We assign each faculty member a library liaison and the library liaisons are in charge of their faculty's research requests. The library liaison works with our research GRAs to locate and collate information for faculty research. This program continues to be very successful.

The librarians and staff continue to stress high quality customer service and we take advantage of advanced training opportunities. Within the Law Library, we hold monthly Information Exchange meetings and the librarians and staff also attend COL events and meetings.

The librarians remain involved in teaching legal research to the first year law students and other classes. Additionally, the librarians offer tours and instruction to undergraduate and graduate classes.

Colleen Williams oversees Interlibrary Loan Services and her report details the statistics and goals. Beginning in summer 2005, the Law Library has participated in the University System of Georgia libraries' resource-sharing system, GIL Express. Students and faculty can check out books from other libraries using their library cards and the books are delivered to a location specified by the patron.

The Public Services Annual Report covers the circulation department, government documents unit, interlibrary loan, reference department, and stack maintenance. Beth Adelman manages the Public Services' Department.

TECHNOLOGY

Under Terrance Manion's supervision, technology services remain an integral part of the Law Library. Terrance discusses the extensive work of student computing, web services, library automation, and research technology in his Electronic Services Report. As examples of the technology services' work, the library added new electronic resources during the year, i.e., Index to Legal Periodicals and Books - Retrospective and The Making of Modern Law. Additionally, technology services implemented a web-based E-Journal Locator and integrated the proxy server with the Law Library website.

As a selective depository for Government Printing Office (GPO) documents, we currently receive 5% of the materials available from GPO. With this percentage of materials selected, we...
received 4,389 microfiche pieces and 1,129 hardcopy documents. Nan Adams is in charge of
government documents and describes the services, personnel, and projects in her report.

BUDGET

During FY 2005-2005, we spent $719,000 on new and continuing library materials in both print
and electronic format. With a static acquisition's budget and a very high inflation rate, we had to
cancel many titles. Previously, we cancelled "duplicate" subscriptions, however, during this past
year, we were forced to cancel our only subscriptions bringing the total to 1,369 cancelled titles.
Steep price increased have continued unabated during this fiscal year. To illustrate the point,
the most recent American Association of Law Libraries' Price Index for Legal Publications 2d,
which tracks inflation of legal publications, documents that between 2001 and 2003 the inflation
rate in the law book industry increased by 28%. This chart illustrates some increases:

TECHNICAL SERVICES

The Cataloging unit, under Qian Cui, has been very busy both adding books to the collection
and withdrawing materials. During the year, we continued to add new print and electronic
volumes and titles. The Cataloging Department cataloged 7,064 items, including 527 electronic
journals. Qian also added a note in the cataloging record designating faculty authors. The
Acquisitions/Serials unit, under Trina Holloway, accomplished several projects beyond ordering
materials and binding journals. The Acquisitions/Serials unit implemented systematic claiming of
periodicals and updated and carried out other policies.

SPACE and RENOVATION

The Law Library now has 37,989 feet of shelving capacity available for library materials. We
have adequate room to grow and our shelving capacity is just under the median shelving
capacity of 38,039 feet for southeastern law libraries. During the next year, we are shifting to
more electronic services, which will result in withdrawing additional hard-copy materials. This
shift will give us additional shelf space.

The net square footage for library facilities is 44,678. Fortunately, during December, carpet was
installed on the first floor of the Law Library. We are enjoying fresh carpet on both levels. The
carpet project was very time-consuming, but well worth the effort.

Beth Adelman, Head of Public Services
June 17, 2005

Personal
Beth Adelman is Head of Public Services, which is comprised of the following units and unit heads: Circulation (Keith Hill), Government Documents (Nancy Adams), Interlibrary Loan (Colleen Williams), Reference (Nancy Adams), and Stack Maintenance (Juanita Wheeler). Reports for each individual unit are below.

Public Services Goals for 2004-2005
- Strive to make Public Services function as a cohesive whole
- Continue to review the policies of each unit, update and/or create policies as necessary
- Reorganize the Public Services documents on the i drive
- Continue to organize continuing education presentations for the reference and public services staff as necessary
- Strive to make Public Services function as a cohesive whole. We have come a long way, but this is still a work in progress.
Personnel
Beth Adelman is Head of Public Services, which is comprised of the following units and unit heads: Circulation (Keith Hill), Government Documents (Nancy Adams), Interlibrary Loan (Colleen Williams), Reference (Nancy Adams), and Stack Maintenance (Juanita Wheeler). Reports for each individual unit are below.

In an effort to unify the Public Services Department a Universal Calendar of public services projects was created so that each unit is aware of the rhythm of each unit.

The Public Services Department is moving toward a supervisor-on-duty model. There have been changes made to the staffing patterns of Public Services so that there is an evening and weekend supervisory presence in the library at all times. Stanley Oommen, a four-year veteran of the Circulation unit, has been promoted to Weekend Circulation Supervisor. Stanley will be taking on full time hours this fall and will become the Weekend and Evening Circulation Supervisor. In addition, Juanita Wheeler, a 10 year veteran of the law library, has been promoted to Administrative Supervisor III. In addition to her role as Stack Maintenance Supervisor, Juanita will be the Administrative Supervisor on duty two evenings per week.

Another step toward the supervisor-on-duty model is the implementation of staff/student scheduling. This means there will always be a staff person working alongside a student.

Public Services Goals for 2004/2005
- Reorganize the circulation area to accommodate both the circulation and stack maintenance departments. *This goal was met.*
- Review the policies of each unit; update and/or create policies as necessary. *This is a work in progress.*
- Continue to organize continuing education presentations for the reference and public services staff as necessary. *This goal was met and the presentations will continue.*
- Strive to make Public Services function as a cohesive whole. *We have come a long way but this is still a work in progress.*

Public Services Goals for 2005/2006
- Strive to make Public Services function as a cohesive whole.
- Continue to review the policies of each unit; update and/or create policies as necessary; reorganize the Public Services documents on the I drive
- Continue to organize continuing education presentations for the reference and public services staff as necessary.
- Plan and implement a new public services website
2004-2005 Circulation Annual Report
Keith Hill, Circulation Supervisor
June 16, 2005

Staffing:
Keith Hill is the Circulation Supervisor. He is responsible for scheduling, hiring, GIL Express, providing services to patrons at the Circulation Desk, and many other tasks.

Since 2001, Dermot Robinson, a Library Technical Assistant, is responsible for maintaining the Reserve/Electronic Reserve collections and providing services to library users at the Circulation Desk. Dermot also assists the Interlibrary Loan Department.

Stanley Oommen was recently promoted to Administrative Coordinator. Currently he serves at the weekend circulation supervisor. Stanley provides services to library users at the Circulation Desk and assists with Interlibrary loans, GIL EXPRESS, copying, and supervising staff on the weekends.

Betty Wright, a Library Technical Assistant, has been with the library since 2001. Betty has been a student assistant since 2001 and was recently promoted to a staff member. Betty assists with copying, retrieving books for Faculty, and providing services to library users at the Circulation Desk. Betty also assists with the Interlibrary Loan Department, a position formerly held by Kirubel Teklemedhin, whose employment ended in 2005.

Willard (Byll) Irvin, a Library Assistant II, has been with the library since 2002. He's responsible for providing services to patrons at the Circulation Desk, copying, and retrieving books for Faculty.

Euclides Peralta, a Circulation Student Assistant, has been with the library since 2003. Euclides provides services to patrons at the Circulation Desk and provides photocopy services for Faculty.

Jeffrey Enujioke, a Circulation Student Assistant, has been with the library since 2004. Jeffrey provides services to patrons at the Circulation Desk and provides photocopy services for Faculty.

GIL Express
GIL Express, a statewide borrowing and lending consortium, has finally become functional. Keith Hill handles GIL Express requests and Stanley Oommen has been trained as a backup. We have seen an increase in GIL Express requests since 2003. The number of requests received by calendar year: 2003: 12 requests 2004: 84 requests 2005 (January -May): 180 requests

**Circulation Department Goals for 2004/2005**

- Review Reserve procedures and update as necessary.
- Continue to make reserve records accurate.
- Continue cross-training with other library departments so that desk attendants who are available may assist other departments with their projects.
- Continue to update Circulation Manual for changes in policies, procedures, etc.

**Circulation Department Goals for 2005/2006**

- Continue to update Circulation Manual for changes in policies, procedures, etc.
- Continue cross-training with other library departments so that desk attendants who are available may assist other departments with various projects.
- Update the training manual for new employees.
- Review Reserve procedures and update as necessary.
- Organize the faculty display case, keep current materials only, use display tents to highlight faculty name and publication.
- Train new student assistant.
- Become proficient in using the study room booking online system.

**2004-2005 Government Documents Annual Report**

Nancy Adams, Senior Reference Librarian
June 23, 2005

**Personnel:**

Nancy Adams is the Government Documents Librarian. In this capacity she manages the United States government documents depository collection and the microforms collection. Cecelia Womack, LTA (Serials), checks-in the government documents using Voyager serials module and also shelves hard copy documents (such as FR, CFR, and CR). Cecelia also checks in the House and Senate reports, documents, and prints on microfiche, which creates piece-level records of what we receive from GPO. Nicole Henderson, student assistant, works with documents particularly filing microfiche. Nancy Adams also works closely with Gayle Christian, government documents librarian at the University Library.
Government Documents/Microforms Services:
Government documents are checked-in using the Voyager serials system with the exception of the microfiche congressional hearings (SuDoc Y 4) which are reflected in GIL. Monographs are added to the collection at the discretion of the Library Director.

We provide free print-outs of our microforms collection. Patrons make their own copies using the microforms reader/printer in the Microforms Room on the upper level.

Our CD-ROM and DVD documents are sent to Pullen under an agreement with Gayle Christian to house the documents outside of the Law Library.

This year the microforms guides and indexes were relocated from the Reference area to the Microforms Room. They are placed on the top of the cabinet which holds the corresponding micro set.

Statistics:
The Law Library selects 5% of the available United States government documents. The University Library selects 75%. We received and processed 1129 hardcopy document pieces, 4,389 microfiche pieces (2,068 fiche titles) and one CD-ROM document during the year. Hardcopy and microfiche statistics have stayed about the same as last year. Electronic documents have decreased from last year (6 CDs and 1 DVD received last year). Please see the Government Documents Received chart below for monthly totals.

Government Documents/Microforms Department Goals for 2004-2005:
Attend government document depository librarians meetings - both locally and elsewhere
Attended government documents sessions at AALL and SEAALL.
Integrate government documents from Pullen Library into our collection
Sent duplicate fiche back to the depository at the University Library. We are through the B's on this project (U.S. congressional hearings arranged alphabetically by committee name). This has not been a priority since we have plenty of space for our fiche collection.
Continue shifting microforms collection where needed
Done – we are in good shape for growth space.
Continue developing finding guides for the collection
Done – Terrance assisted in making a guide to the microforms room. It is a large poster in the room. We also have an 8-1/2 by 11 copy at the reference desk in the flip file.
Train public services staff to assist patrons in using the collection
Worked with several library workers (one-on-one) to demonstrate the various tricks for getting a good copy on the reader/printer. Microforms are covered in the orientation for new reference GRAs.

Government Documents/Microforms Department Goals for 2005-2006:
Attend government document depository librarians meetings - both locally and elsewhere
Set up procedures for reviewing the documents collection each summer
Write a Self Study of our depository operations
Write a plan for the staff hours needed to maintain the collection

2004-2005 Interlibrary Loan Annual Report
Colleen Williams, Reference Librarian
June 22, 2005

Personnel:
Colleen Williams oversees Interlibrary Loan Services. A Graduate Research Assistant, Lisa Dowling, assisted Colleen with the day-to-day lending and borrowing demands from summer 2004 through spring semester 2005. Her successor, Elinor Hale, started on May 17, 2005. Also assisting Colleen are circulation staff Stanley Oommen and Betty Wright, whose support services include packaging outgoing materials, photocopying, and various circulation functions such as checking ILL books in and out as necessary. Circulation staff member Kirubel Teklemedhin also assisted with ILL tasks until his employment ended in April 2005.

Statistics:
Overall Borrowing and Lending Statistics: This year (June 2004 through May 2005) we borrowed 329 items (130 books and 199 articles) for GSU faculty, students, and staff through OCLC. The fill rate for volumes borrowed from other institutions via OCLC was 82%.
In addition, we loaned 737 books to other institutions (June 2004 through May 2005): 588 through OCLC (336 books, 252 photocopies) with a fill rate of 60% and 149 books to law firms via walk-up service, for a 65% total fill rate. Differences from last year: The number of items borrowed for COL patrons borrowed increased from 190 (73.16%), and the fill rate from other institutions increased by four percentage points. As for lending, the number of items lent increased from 615 (19.84%) and our total fill rate was 10 percentage points higher than the previous year.

**ILL Continuing Education:**
Although Colleen Williams did not attend any formal ILL training sessions during the past fiscal year, she did learn more about ILL by doing the following:

- Fall 2004 ARCHE meeting, Nov. 12, Kennesaw State University
- Observation of Sheryl Williams, head of ILL at GSU University Library, Nov. 16
- Spring 2005 ARCHE meeting, March 11, GSU COL
- GIL Users Group Meeting, May 19, Macon State College. Programs attended:
  - ILL Sharing Session: Brave New World and Some TLC
  - GIL Express / ILL Related Issues: Sharing & Troubleshooting
- Joined three ILL-related listservs:
  - Georgia libraries listserv
  - University System of Georgia libraries listserv
  - Nation-wide ILLiad listserv

**Resource Sharing Systems**

**ILLiad:** In fiscal year 2003-04, the Law Library began the process of switching from a web-based interlibrary loan system to a software-based system called ILLiad. The Law Library is getting this system for free as a satellite of the GSU University Library. Under ILLiad, patrons can input interlibrary loan requests themselves, instead of sending requests to ILL staff. Patrons can track the progression of their requests and can cancel requests at any step of the process. For ILL staff, ILLiad has a label-printing feature that makes tracking books much more efficient.

**OCLC FirstSearch:** Beginning on May 1, 2005, the Law Library converted to OCLC subscription pricing for cataloging and ILL. By converting before the required date of July 1, the Library got a discounted rate. In addition, the OCLC resource-sharing website converted from ILLweb to FirstSearch. The new website combines the ILL management functions of ILLweb with the search functions of Worldcat.

**GIL Express:** Beginning in late summer 2005, the Law Library has participated in the University System of Georgia libraries' resource-sharing system, GIL Express. With GIL Express, USG students and employees can check out books from other USG libraries using their library cards, and the books are delivered to a location specified by the patron. This service is not available for obtaining articles. While GIL Express is an alternative to ILL, it will probably not eliminate ILL book requests between USG libraries, as USG librarians recognize that in some cases ILL may be the better option. GIL Express will probably not significantly affect ILL request volume in the future, either for borrowing (as the Law Library requests a large number of
articles for Law Review and faculty) or lending (the vast majority of book requests are from non-USG libraries, and articles aren’t obtainable through GIL Express).

**ILL Goals for 2004/2005:**
- Improve Interlibrary Loan fill rate (*goal met*)
- Train GRA to provide timely, efficient ILL services (*goal met*)
- Implement ILLiad (borrowing and lending) (*goal not met; borrowing will be implemented prior to fall semester*)
- Market ILLiad (*goal not met but will be met concurrently with borrowing rollout*)

**ILL Goals for 2005/2006:**
- Keep interlibrary loan fill rate 50-70%
- Help GRA provide timely, efficient ILL services
- Implement ILLiad (borrowing and lending)
  - Create ILL system that combines ILLiad and FirstSearch
  - Create ILL web pages from content currently in Word
  - If COL personnel unable to post the web pages before the beginning of Fall, send Law Library ILLiad logon link to heavy ILL users (e.g., law review, certain faculty)
- Market ILLiad
  - Present faculty brown-bag session on ILLiad and GIL Express
  - Train incoming law review students on ILL and GIL Express
- Present new ILL system to reference group (and available circulation staff who assist with ILL)

2004-2005 Reference Department Annual Report
Nancy Adams, Senior Reference Librarian
June 23, 2005

**Personnel:**
Nancy Adams is the Senior Reference Librarian. In that capacity she manages reference services, the Georgia collection, and the course reserves. The reference desk is staffed primarily by reference librarians Nancy Adams, Colleen Williams, Beth Adelman, and Terrance Manion. Trina Holloway, Acquisitions/Serials Librarian works one shift per week. Graduate research assistants cover weekends and one weekday night per week.

The GRAs during Fall 2004 were Karen Hamilton, Tonya Piper, Craig Wilson and Clint Heyworth. Spring 2004 GRAs were Susan Blum, Burton Hathaway, Clint and Karen. During the summer semester (2005) Jennifer Goodwin and Michael Cullinan work the weekend shifts, Nicole Hair works Tuesdays from 1:00-9:00 and Susan Goodman will work in July during the AALL annual meeting.

During the 2004-2005 academic year we hired GRAs to work on librarian and faculty research projects. Faculty members send requests to their liaison (Nan, Colleen, Beth and Terrance) who then assign projects to the GRAs. The liaisons coordinate and review the research done by
GRAs. The GRAs also do research and other projects for the librarians. The research GRAs this year were:

Fall: Margaret Louttit, and Millie Baumbusch, Steve Hopkins
Spring: Craig Wilson, Kennita Haley, Steve Hopkins
Summer: Kennita Haley, Erin Fortney, Matthew Kent, and Kris Klein

Reference Services:
The Reference Department provides reference assistance during the following hours, totaling 72 hours per week:

- Monday - Thursday: 9:00 am - 9:00 pm
- Friday: 9:00 am - 5:00 pm
- Saturday - Sunday: 10:00 am - 6:00 pm

During semester breaks, the reference desk hours are Monday - Friday from 9:00 am to 5:00 pm for a total of 40 hours per week. There is no weekend reference service during semester breaks.

Faculty Liaison Program: All full-time and adjunct faculty are assigned a reference librarian as a primary contact for all library requests. Adjunct faculty were added to this list in May 2005. The RWA Instructors are served by the reference librarian on duty at the time of the request. The 2005 list of library liaisons and their faculty members are listed below.

Orientation Tours for Classes: The reference librarians conduct tours of the law library for GSU classes upon request of the professor. Usually these tours include an introduction to legal bibliography. We collect our outlines for these classes on the I: drive in the folder: I:\Departments\PubSvcs\Ref\Class Tours. Some of the tours/lectures offered this year were Special Libraries (Library Media Technology 8350), Preservation Law (History 8610), Legislation Clinic, International Human Rights Law, Social Work and the Law (GSU), and Social Work & the Law (Clark Atlanta University).

Statistics:
Reference answered a total of 5984 questions from June 1, 2004 to May 31, 2005. September was the busiest month with a total of 795 questions. See the Reference Desk Activity - Monthly Statistics chart below.

We use an MS Access database for compiling the reference statistics. The MS Access report for 2004-2005 is attached. Our “In Person” requests equal 86% and “research” requests account for 60% of total reference desk activity. The report also shows that 34% (14.29 + 19.95) of questions are fielded during the 9:00am-1:00pm shift and 46% (23.78 + 22.34) of questions occur during the 1:00-5:00pm shift. The evening shift (5:00-9:00pm) gets 20% percent of questions.

Reserves Collection:
This year we began using a new system for reserves. In the past we used the Voyager module to link materials to courses. The University Library set up the E-RES system which students access through GIL. All of our reserve materials are reflected in this system as well as electronic reserve documents, which are handled by Terrance Manion. Each semester the course booklist is provided by Kenee Stephens. Materials that we don’t have are ordered. Nancy Adams makes sure that we have all the items on reserve and that they are linked to the courses. Dermot Robinson and Stanley Oommen use E-RES to input the information which provided by Nancy Adams. In addition, e-mail notes are sent to all faculty informing them of what is on reserve for their courses. Often the faculty will add to the list at that point. Though the process is time-consuming, the faculty have a much better picture of our reserve services now.

Reference Department Goals for 2004-2005:
Update Faculty Publications List
Liaisons got e-mails from Beth about new publications. A full list has not been compiled.

Update the InfoSeries library guides
Updated the Georgia Practice Materials guide in August. Responsibility for the guides shifted to Colleen in the Spring.

Train GRAs
Nine GRAs were trained this year for work at the reference desk. Another 9 law students were trained to be research GRAs.

Provide Orientation tours for non-law classes
The non-law classes offered this year were: Special Libraries (Library Media Technology 8350), Preservation Law (History 8610), Social Work and the Law (GSU), and Social Work & the Law (Clark Atlanta University). We collect our outlines for these classes on the I: drive in the folder: I:\Departments\PubSvc\Ref\Class Tours.

Reference Department Goals for 2005-2006:
Hire and train GRAs
Write a training manual for GRAs and new reference librarians
Provide Orientation tours for non-law classes

2004-2005 Stack Maintenance Annual Report
Juanita Wheeler, Stack Maintenance Supervisor
June 20, 2005

The Stack Maintenance Department consists of Juanita Wheeler, Stack Maintenance Supervisor, and three student assistants, Nicole Henderson, Serena Jones, and Nishit Jain, who was hired in
May 2005 to replace Matthew Hansen. This year Juanita Wheeler was promoted to Administrative Supervisor III. In addition to her duties as the Stack Maintenance unit head, she will take on increased supervisory responsibilities during the evenings.

The biggest change for Stack Maintenance this year was the shift from being part of Technical Services to Public Services. This department has found a new home in what was formerly known as the Circulation area. Stack Maintenance’s transition to sharing space with Circulation was eased by the physical reorganization of the space. In addition, it is an influential factor in the progress made toward better cooperation among the various units that comprise Public Services.

*Shelf Check Requests for July 1, 2004 – June 23, 2005:* 79 requests; 45 were located

In addition to the day-to-day duties of the Stack Maintenance Department many major projects were completed this year. Below is a selected list of major projects completed:

a. Weeded and shifted Faculty Library
b. Faculty Author Project
c. Nutshells Project
d. Shelf read-upper level
e. JX to KZ projects
f. Weeding/retention of journals
g. Withdrawal projects (e.g., CCH Looseleafs)
h. Congressional Record and Federal Register maintenance

**Stack Maintenance Goals for 2005-2006:**
Implement a Library Zone plan to improve the quality of stack maintenance (plan implemented and results are very positive)
Shift P-Z section and States Section (shift complete)
Weed European Community Section (weeding complete)

**Stack Maintenance Goals for 2005-2006:**
Shift the Periodicals Section to make room for the reporters
Update student assistant manual
Update the stack maintenance procedure manual
Annual Report ::: 2004-2005
Prepared by Terrance Manion, Electronic Services Librarian
Monday, June 27, 2005

Law Library Electronic Services is responsible for the development and support of computer technologies and electronic services employed in the Law Library including student computing, web services, library automation, and research & reference technology. Many services, namely those dependant upon internal networking, are supported in conjunction with the College of Law Technology Services staff and University Information Systems and Technology Services (IS&T) department. The following annual report details events, projects and accomplishments that occurred since the 2003-2004 annual report.

Electronic Services Staff

The Law Library Electronic Services Staff consists of:

1. Terrance Manion, Electronic Services Librarian
2. Yolanda Travis, PC System Specialist- Intermediate
3. Three (3) Student Computer Lab Graduate Research Assistants (GRA's)

Electronic Services experienced significant staffing/organizational changes over the past year. Marcus Payne, PC System Specialist- Assistant (.5 FTE), resigned in January 2005. Electronic Services then shifted the vacant PC Systems Specialist position to Public Services in order to create an evening circulation supervisor position that would report to the Head of Public Services. Funding for two additional Student Computer Lab GRA's per semester was secured. The two new GRA's support the computer lab during evening hours previously covered by the PC System Specialist-Assistant position. There is no evening lab coverage when school is not in session.

Student Computing

1. Student PantherPrint printer and release station were installed in the Law Library copy and printing room to support student laptop usage, August 2004.

2. Wireless connectivity has been added throughout the ULC wing of the Law Library, August 2004.

3. USB extensions were installed in the Law Library Student Computer Labs to support student use of jump drive storage devices, September 2004.

4. The Law Library Student Computer Lab (ULC 113A and B) equipment was completely disassembled, placed in storage and reassembled in order to allow new carpeting to be installed, December 2004 to January 2005.
5. Installed and networked wired study tables in seven group study rooms (LL 120, 121, 130A, 130B, 130C, 130F, 130H). Each new study table provides networking access and electricity for students with laptop computers, February 2005.

Web Services

1. Migrated Law Library E-Reserves materials to the University-wide ERES system, http://reserves.gsu.edu/eres/. Trained circulation staff on how to manage Law Library E-Reserves with the new system. The new E-Reserve system provides an exhaustive list of course reserve items regardless of format-- electronic or hardcopy. August 2004.

2. Created the E(xam)-Archive system to host past exams. This system was developed from the former E-Reserves system. This system was created to host past exams for an indefinite period of time and is necessary because the new E-Reserve system only makes documents available for a semester, August 2004.

3. Migrated Law Library web content to new website; launched new Law Library website in conjunction with the College of Law Technology Services staff, October 15, 2004.

5. Developed new “Technology in the Law Library” web pages. These pages detail policies and procedures for technology resources and services available in the Law Library including laptop computing (wired study rooms and study carrels, wireless access, printing to Law Library student, and support), student computer labs, and public workstations. April 2005.

6. Developed new public computing web pages including new instructions on how to search for articles, books, and cases, May 2005.

7. Maintain BNA and Current Index to Legal Periodicals (CILP) current awareness services. Presently fifty-five BNA email alerts are sent to twenty-two different faculty members. These numbers do not include BNA’s US Law Week email alert; it is delivered to all faculty save a few (three) who still wish to only receive the print publication. The complete CILP publication is delivered to two faculty members weekly while twenty-four faculty members receive a customized SmartCILP publication they manage themselves.

Library Automation

1. Migrated to OCLC Connexion 1.10 web service from OCLC Passport client previously being used in Law Library Technical Services, September 2004.

2. Upgraded OCLC Connexion 1.10 to 1.20, November 2004.

5. Migrated Law Library Librarian and staff workstation to Windows XP operating system, April 2005.

Research & Reference Technology

1. No online research services or databases were cancelled over the past year. The following online research services and databases have been added to the Law Library's collection of electronic resources. All new subscriptions, save two, provide IP-based authentication and can be accessed remotely by the College of Law community via the Law Library proxy server. The two research products that do not provide IP-based access are noted below.

   a. Arbitration Law Online, Juris Publishing (password access with no limit of concurrent users)
   b. E&E Daily, E&E Publishing
   c. GreenWire, E&E Publishing
   d. Health and Human Resources Network, CCH
   e. Index to Legal Periodicals and Books, Wilson
   f. Index to Legal Periodicals and Books- Retrospective, Wilson
   g. Land Letter, E&E Publishing
   h. LexisNexis Serial Set Digital Collection, LexisNexis
   i. Making of Modern Law, Gale-Thomson
   j. Pratt’s Payments Systems Library, Sheshunoff (faculty password access limited to two concurrent users)

2. The following databases and research services were evaluated but not purchased over the past year:

   a. Business and Finance Network, CCH
   b. Index to Foreign Legal Periodicals, Wilson
   c. CQ Electronic Library, Congressional Quarterly

3. The Law Library Hein Online license has been extended to include the entire GSU community. Patrons from anywhere on campus can now access Hein Online.

4. The Law Library joined the New England Law Library consortium as an affiliate member. The membership provides the library with preferred pricing on electronic subscriptions and opportunities to evaluate more resources.

Departmental Goals for 2004-2005 Revisited

1. Implement a web-based E-Journal Locator to provide access and coverage information for the growing collection of online databases and electronic subscriptions in the Law Library collection.

   • Completed. Implemented Serials Solutions’ Access and Management Suite E-Journal Portal. The service has run since implementation with out problem.

2. Integrate the Law Library proxy server’s remote access services with Law Library website resources including the E-Journal Locator, Database List, Law Library Catalog, and email alerts and current awareness services.

   • Development completed, implementation pending. Electronic Services created a database that manages all online research products to which the library subscribes. This database presently supports the proxy server remote access service and will eventually support the library website and database list. College of Law Technology Services is presently developing web pages that will pull from the database. The database contains the most up-to-date information concerning our electronic subscription.

3. Install and networked additional wired study tables in group study rooms providing networking access and electricity for students with laptop computers or other computing devices.
Completed. Seven study rooms have been outfitted with wired study tables offering network access and electricity. These rooms support eight to twelve student laptop or other computing devices depending on the room size. Nine of the eleven study rooms in the Law Library are now wired for student laptop use. The Law Library is trying to secure funding to outfit the remaining two. Efforts to secure funding in 2004-2005 were unsuccessful.

4. Migrate the Law Library electronic reserve collection to the University supported ERES system.
   Completed. The College of Law has relied on the new E-Reserve system for the fall 2004, spring 2005, and summer 2005 semester experiencing only minor growing pains.

5. Create a database and website to better manage College of Law students’ online bibliographies created for Prof. Johnson’s Advanced Legal Research class.
   Development completed, implementation pending. A database was designed and created to host metadata and bibliography content in XML. A template and procedures have been created to migrate the existing bibliographies (presently in HTML) to the new format. A web template was created to display the bibliographies using PHP scripts. Presently Graduate Research Assistants are migrating past bibliographies.

Departmental Goals for 2005-2006

1. Implement Law Library new database list and ALR bibliographies pages pulling content from databases already created. Integrate the two along with CALI content to create a series of Law Library “research spring boards” (working title).

2. Explore options on how to better track patron use of electronic resources and gather data for strategic planning.

3. Work with Technology Service to develop comprehensive electronic resource policies and procedures.

4. Develop new web content and services including ILL (Iliiad), and Public Services pages.

5. Resurrect law student computer lab information and FAQ series publications.

6. Secure funding to replace the 38 computers in the Lab with new computers in fall 2006.
Personnel

In fiscal year of 2004-2005, the Cataloging Department remains the same personnel as 2003-2004: Qian Cui, Catalog Librarian, is in charge of cataloging activities and related projects. Assisting her is Pamela Willis, Library Associate II.

Cataloging statistics

During 2004-2005, the Cataloging Department has cataloged 7,064 items, including 1,939 new titles and 5,125 added volumes. Total titles and volumes withdrawals are 9,406.

Completed projects

1. Completed large cancellation project with 1,369 withdrawn titles and 8,037 withdrawn items.

2. Added proxy server link and holdings information to about 900 HeinOnline bibliographic records.

3. Added faculty authors note to 47 records.

4. Re-classified 98 periodical titles.

5. Cleaned up catalog database, including re-cataloging / re-classification, deletion of brief records and some suppressed records, fixing MFHD problems, monographs to serials conversion, and union listing updates.

Workshops and trainings

Qian:
AALL Annual meeting and Conference, Boston, July 9-14, 2004
Summary for 2004/2005 accomplishments

We have met our goals in microfiche holdings updating (collected data from microform room); participated in selecting SerialSolution for electronic resources management; revised a half of cataloging manual; started conversion of JX to KZ or JZ; and completed brief records clean-up.

Goals for 2005/2006

Finish microfiche holdings updating project (adding holdings information to each periodical microfiche titles).

Finish updating Cataloging Manual, including electronic resources cataloging manual.

Finish conversion of JX to JZ (International Relations) and KZ (International Law).

Continue catalog database clean-up with focus on suppressed records.

Train Pam on electronic resources copy-cataloging.
Personnel

Trina Holloway oversees operations of all acquisitions and serials control activities and bindery. Assisting her are acquisitions/serials staff members Sherri Grady, Administrative Specialist; Angelic Lyons, Library Technical Assistant; Cecelia Womack, Library Associate I.

Statistics

Approximately $719,000.00 was spent on new and continuing library materials in fiscal year 2004/2005 (July 1, 2004 – June 30, 2005).

Accomplishments

Systematic claiming of periodicals using Voyager was implemented.

Reviewed and updated procedure manuals for Library Technical Assistant and Library Associate.

Updated and implemented the Weeding and Retention Policy.
